September 13, 2023

Transfer Articulation Portal (TAP) tool

This tool was created by and is maintained by the Registrar's Transfer & Evaluation Center at the University of La Verne. Initially, it was rolled out via email with a link. Advisors could save it as a favorite on their computers. To help make this tool more accessible to students, faculty, and advisors, this tool was added to the "LaVerne Portal." The intent of this handout is to highlight this tool as a helpful resource for our academic advisors and to guide them where to find the resource more easily on our La Verne Portal. Questions about the information in **TAP** can be directed to our Registrar's Evaluations Office via email: <u>evaluations@laverne.edu</u>

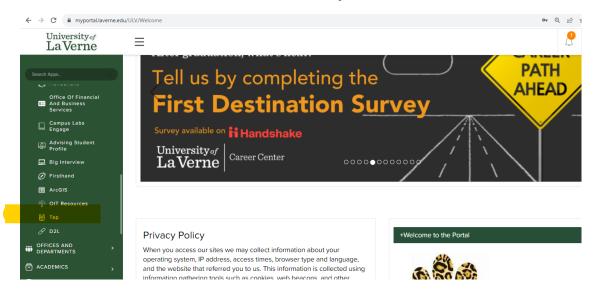

Registrar's Transfer & Evaluation Center's website: https://laverne.edu/evaluation/ Where to gain quick Access to: TAP (Transfer Articulation Portal) From the La Verne Portal, look at the green menu on the left of your screen. Click on Quick Links. Scroll down and click on: TAP

Accessing the Transfer Articulation Portal (TAP) tool

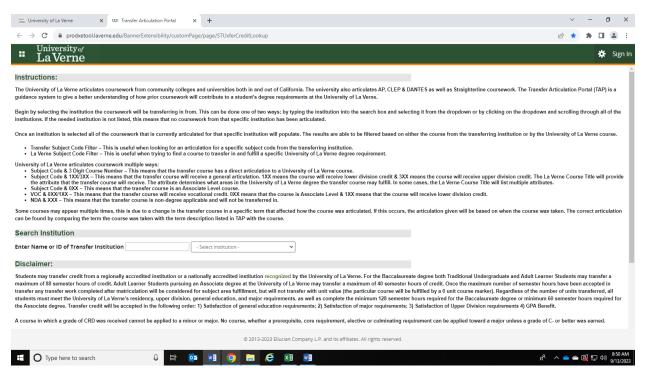

Log in to your La Verne Portal. Look at green menu on the left. Click QUICK LINKS.

Scroll down the QUICK LINKS menu until you see TAP.

This is what the TAP screen looks like:

Example: select Chaffey College. If looking for a La Verne equivalency for LVWA, LVWB, or LVOC, enter RCS in the LaVerne Subject Code filter. Then, view the courses. On the last column on the right, you will see if the Chaffey course is equivalent to: general elective, LVWA, LVOC, or not transferable.

ome courses may appear mult ted in TAP with the course.	s that the transfer course is non-degree ap					course was taken. The correct articulation can be found by comparing the term the course was taken with the ten	m descriptio	n
