Dear,

The Southern California Chapter of the American Society for Public Administration (ASPA) is pleased to present its second annual student-professional dinner discussion in partnership with the University of La Verne - School of Public and Business Management. This event is generously sponsored by Randall W. Lewis, Executive Vice President of the Lewis Group of Companies.

Join us for an informal evening of discussion about Leadership, Public Service and other interesting topics with San Bernardino County CEO, Greg Devereaux. This is a unique opportunity to meet other professionals, students and academics in the field of public administration as well as meet our special guest in an informal setting. The evening includes a hosted wine and beer reception and a hearty full buffet dinner.

Greg Devereaux
He was appointed CEO of San Bernardino County in 2010 and was City Manager of Ontario for 12 years where he helped build its cash reserves and launch several successful redevelopment projects. He is known as a man of tremendous credibility and talent who is on the cutting edge of land use planning. He began his career in government in West Virginia, holding state jobs such as an executive assistant and deputy commissioner of culture and history.

In 1982 he came to California, to serve as the cultural superintendent for the city of Long Beach. After serving in different capacities there, he went to Garden Grove to serve as the city’s housing and neighborhood development director. He was named Fontana’s city manager in 1993 and remained there until he was appointed Ontario’s city manager in September 1997.

He received his bachelor’s degree in fine arts from West Virginia University. He went on to law school getting his juris doctorate from the same university.

Seating is very limited and expected to sell out quickly - early registration is encouraged.
