

**Computer Science and Computer Engineering Program
Assessment Plan
2005**

The goal of the assessment plan of the Computer Science and Computer Engineering Program is to provide faculty with on-going and meaningful information to help improve learning outcomes. The following assessment procedures are used.

1. **Senior Exit Survey**
 - Students in the Senior Seminar complete the Senior Exit Survey every semester
2. **Senior Comprehensive Exam**
 - Seniors take the Senior Comprehensive Exam during their senior year.
3. **Evaluation of Senior Project documents and presentations**
 - Instructors evaluate Senior Project documents and presentations using a common rubric, and periodically an outside consultant is invited to evaluate the Senior Project documents
4. **Alumni Survey**
 - Alumni are surveyed every five years
5. **Syllabus Analysis**
 - Faculty conduct syllabus analysis every five years using program goals as criteria
6. **Focus groups and SWOT interviews**
 - These are conducted periodically to assess the quality of the program
