Step 5: Enter your University of La Verne **e-mail** credentials and press **Connect**

The screenshot shows a mobile device screen with the title "Univ of La Verne Wi-Fi Protected". At the top, the status bar shows the time 10:00 and various icons. Below the title bar, there is a section for "EAP method" with a dropdown menu set to "PEAP". Underneath, the "CA certificate" section is set to "Don't validate" and includes a message: "No certificate specified. Your connection won't be private." The "Identity" field is filled with "john.doe". The "Password" field is masked with six dots and has a visibility toggle icon on the right. The "Auto reconnect" toggle switch is turned on. At the bottom, there is an "Advanced" section header and a large blue "Connect" button.
