

Windows 10

Instructions on how to connect to the “Univ of La Verne Wi-Fi Protected” Wi-Fi network with your Windows 10 device for the first time.

STEP 1: Select the **Wi-Fi** icon on the taskbar

STEP 2: Click on **Univ of La Verne Wi-Fi Protected**, then click on the **Connect** button. Optional step: you can check the **“Connect automatically”** checkbox.

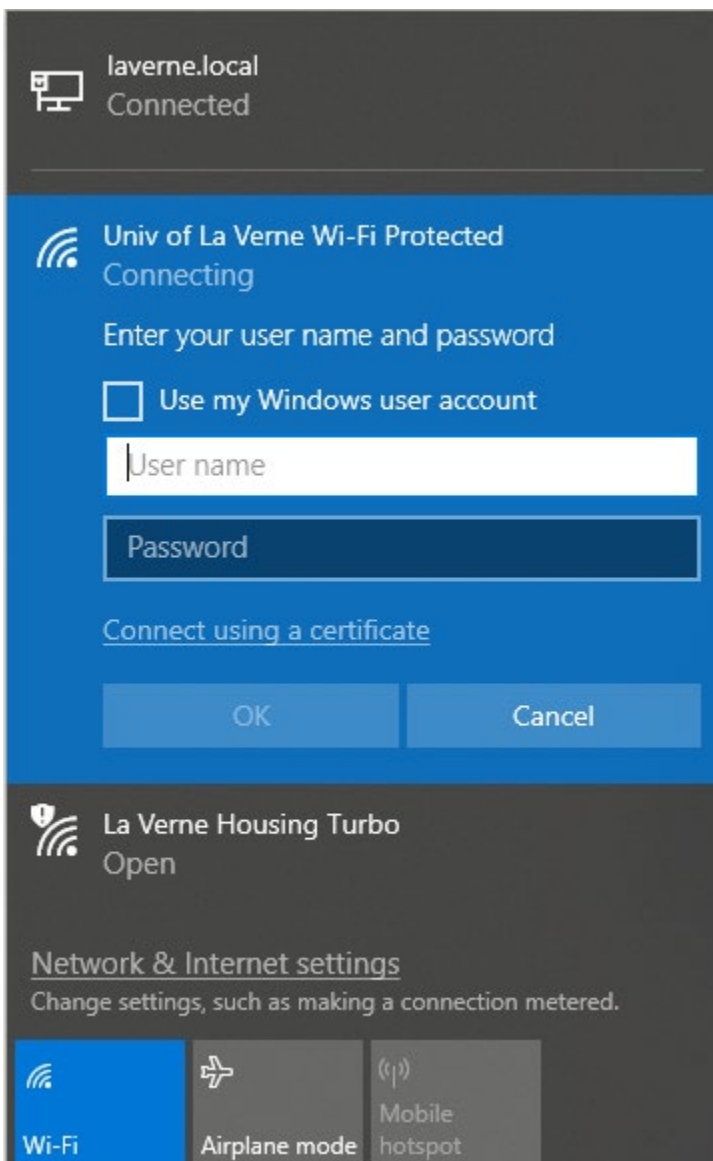

STEP 3: Click on the **Connect** button.

STEP 4: Enter your University of La Verne **e-mail** credentials, then click on the **OK** button.

Note: If you do not have a University of La Verne e-mail account, please click on the following link for the instructions on how to access the guest Wi-Fi network:

<https://laverne.edu/technology/instructions-create-wi-fi-guest-account/>

STEP 5: After you enter the username and password, click on the **Connect** button below.

STEP 6: After you successfully connect to the Wi-Fi, you will see the screen below. If you would like to disconnect from the Wi-Fi, click on the **Disconnect** button below.
