2021-22 Catalog – Student Responsibility
It is the responsibility of the student to be familiar with the information presented in this catalog and to know and observe all policies and procedures related to the academic program the student is pursuing. Requirements and regulations will not be waived, nor exceptions granted because a student pleads ignorance of policies and procedures. Students are expected to satisfy the requirements of the catalog in effect at the time they are admitted to, and begin coursework in, a degree program. However, a student may elect to graduate under the catalog in effect at the time of his or her graduation provided the student complies with ALL requirements of that catalog. New catalogs take effect on the first day of the Academic Year (Fall Semester) it was published. The official Course Catalog is online at and is updated continuously.

Printed and Electronic Catalogs: This catalog can be found online at laverne.edu/catalog and conforms to the Catalog Effective Dates and policies printed herein. Its contents do not change during the time that the catalog is effective except as provided for in “Changes in Policy, Tuition, and Fees,” as stated above. In contrast, the University’s academic organization, courses, personnel, and student affairs offerings are briefly mentioned in this catalog but detailed in full on our website, because these four sections are dynamic and benefit from regular updates. Course, schedule, and financial aid application information is found in the La Verne Portal at laverne.edu, while details on academic organization, personnel, and student affairs as well as expanded academic calendars are available through the La Verne website. The current printed catalog and selected past catalogs as well as catalogs of courses can be downloaded in full or in part at laverne.edu/catalog/.

History

The University of La Verne was founded as Lordsburg College in 1891 by members of the Church of the Brethren, a denomination with roots in 18th century Germany, who later immigrated to Pennsylvania seeking religious freedom. Many were later drawn to California in the late 19th century by opportunities in agriculture. Mostly farmers, they valued education as a means for their children’s social mobility, and as a way to advance the values of the Church of the Brethren heritage — peaceful living, simplicity, and community.

Today, 129 years later, the University of La Verne is a Carnegie classified National Comprehensive Doctoral Granting/Community Engaged University, and federally designated as a Hispanic Serving Institution. No longer affiliated with any religious group, the University’s student body is majority-minority, with over half students of color or international, who represent many or no faiths. A significant number of La Verne’s students are first-generation.

Both the College and small agricultural community were renamed La Verne in 1917. During the 1920’s and 1930’s almost three quarters of the student body studied teacher education. In the
40s, 50s, and 60s, programs of study and campus facilities multiplied, the Board of Trustees became independent of church control, and the student body became increasingly diverse as the College continued a commitment to service and a sound, values-oriented education. In the 1960’s the college awarded its first master’s degree, and in 1979, it conferred its first doctorate.

In line with its mission of providing access to groups often excluded from higher education, La Verne began offering degree programs to adult students in 1969, first under the name School of Continuing Education and later the Regional and Online Campuses. In 1970, La Verne opened its College of Law, then reorganized as the University of La Verne in 1977, and eventually formed four colleges: Arts & Sciences, Business & Public Management, Education & Organizational Leadership (later renamed the LaFetra College of Education), and the College of Law. To better serve working adults, the University founded an Orange County campus in 1981 and a San Fernando Valley campus in 1983. To date, the University has a total of eight campuses across Southern California and has moved the College of Law to its own campus in downtown Ontario, California.

ATHLETICS

GO LEOS!!!

The University of La Verne, a NCAA Division III Member Institution, thrives on providing an engaging, diverse Athletics’ community focusing on growth and improvement while creating a challenging, competitive environment with equitable opportunities. Seeking to cultivate teamwork and camaraderie, intercollegiate athletics at the University of La Verne provides an engaging, educational, transformative experience for our coaches, players, staff and surrounding and supportive community members.

In the highly competitive Southern California Athletic Conference also known as the “SCIAC”, our women compete in basketball, cross country, golf, soccer, softball, swimming & diving, indoor and outdoor track & field, volleyball, and water polo. Our men compete in baseball, basketball, cross country, football, golf, soccer, swimming & diving, indoor and outdoor track & field, and water polo. In addition to fine facilities and equipment, the athletic department is staffed with highly qualified and enthusiastic coaches, certified athletic trainers, and our athletes are trained by the National Strength Coach of the Year in the NCAA.

As mentioned earlier, the University of La Verne is a member of the Southern California Intercollegiate Athletic Conference (SCIAC) and National Collegiate Athletic Association (NCAA). SCIAC members include ourselves as well as the California Institute of Technology, California Lutheran University, Chapman University, Claremont-Mudd-Scripps, Occidental College, Pomona-Pitzer Colleges, University of Redlands, and Whittier College. In addition, it is our mission at La Verne to compete against the best regional and national institutions available to provide our teams the best Division III experience we can find.

Student Athletic Eligibility: To maintain full compliance with NCAA Division III and Southern California Intercollegiate Athletic Conference standards, full-time traditional undergraduate students, admitted through the Office of Admissions, shall be eligible for participation in intercollegiate athletics at the University of La Verne. For continued participation, a student must be enrolled in a minimum full-time academic program and be making satisfactory progress toward a degree as defined by the institution. Freshmen student-athletes are eligible during their first full academic year of attendance at the University of La Verne. Thereafter, a minimum of 24 semester hours must be completed during the previous two full time semesters prior to participation. A transfer student-athlete, in order to participate and maintain satisfactory progress in the second semester of attendance, must have successfully completed a minimum of twelve units in the first semester at the University of La Verne. January interterm and summer
units completed may be calculated once with either the fall or the spring semester total in the
determination of satisfactory progress. In the event a student-athlete has eligibility remaining
following completion of his/her undergraduate degree at the University of La Verne, the student
may participate as a graduate student in intercollegiate athletics if he/she meets all
requirements for participation as defined by the institution and NCAA guidelines. Undergraduate
students in their final semester taking less than full time hours and graduate students
participating in intercollegiate athletics are required to purchase a student health insurance plan
through Student Accounts even if the athlete has a personal insurance policy.

ADMISSIONS INFORMATION

UNDERGRADUATE ADMISSIONS

Non-matriculated (Guest Students)
Undergraduate students who are not admitted to the University of La Verne may enroll as part-
time students as guests. Semester Guest students may enroll in a maximum of 11 semester
hours at the University of La Verne. Guest students may enroll in a maximum of 4 semester
hours over two terms at the University of La Verne. Students who desire to go beyond the 11
total semester hours for a semester or 4 semester hours over two terms must request an
exception from the Office of the Registrar. A non-degree seeking application must be
completed: https://admissions.laverne.edu/register/nondegreeapp.

Guest students are not allowed to enroll in classes until after the open enrollment period has
ended. Guest Students should contact the Office of Advising or the Regional Campus for
assistance in registering for classes. High School students who want to enroll at the University
of La Verne prior to completing their High School Degree, must make an appointment at the
Office of Academic Advising in Woody Hall to obtain permission to enroll.
Students who wish to become degree candidates must submit a formal application and complete the admissions process prior to the completion of a total of 12 semester hours at the University. Holds may be placed on student records to prevent further registration for those students who do not complete their admission process in a timely manner after their first semester of enrollment as a non-degree seeking student. The University cannot be held responsible for the degree applicability of courses which are selected by students who have not been officially admitted and assigned an academic advisor.

**Terms of Admission** All offers of admission are conditional, pending receipt of final transcripts showing work comparable in quality to that upon which the admissions offer was based. All information submitted during the admissions process, including the application, the personal essay, any supplements, and any other supporting materials will become property of the University of La Verne and will not be returned to applicants or forwarded to third parties. The university reserves the right to select its students and deny admission at its sole discretion based on applicant’s qualifications and the best interest of the University.

The University reserves the right to deny admission to any applicant who fails to completely and accurately disclose all colleges and universities previously attended. Failure to do so, may be interpreted as falsification of documentation. Any applicant who is found to submit altered, forged, or falsified documentation to the University may be denied admission or have any offer of admission already made revoked, and no further applications will be considered. Findings of falsified admission information may also be used to justify disqualification or termination of enrollment for a current student, including revocation of course credit, grades, and degree.

Applicants who do not provide accurate academic history on the applications and wish to update it must obtain documentation by the institution in question confirming accurate enrollment information or verify via National Student Clearinghouse. This includes misaligned dates of attendance and any institution listed on the application the applicant added and wants removed.

Additionally, inappropriate behavior by applicants, including those that pose a threat or present a danger to the college community or other behaviors where it is considered to be in the best interest of the college to refuse admission, may be used as a basis to deny the student admission or revoke any offer of admission. Such behaviors may also be used to justify disqualification or termination of enrollment for a current student, including revocation of course credit, grades, and degree.

Offer of admission is valid for the semester the student has applied for. Students who wish to defer their admission to another semester may do so after submitting their intent to enroll. Traditional freshmen who wish to enroll in a future term and elect to attend another institution, should reapply as a transfer student. Offer of admission can be deferred up to one year, pending the applicant has not completed additional coursework or attended another institution that would reduce the strength of or alter the applicant’s academic record.

Returning Student Readmission: Main campus undergraduates who have attended La Verne as matriculated students but who have not been in attendance for two consecutive semesters must reapply. Regional and online campus undergraduates who have attended La Verne as matriculated students but who have not been in attendance for two consecutive years must reapply. The two years are counted from the session/semester of last enrollment, regardless of
any campus change or program change that may have occurred within the two-year time frame. Readmission will be based on the current admission policies, and the student will be required to meet current graduation requirements. Official transcripts for all academic work taken during the period of absence must be provided.

Students who have been absent for less than two consecutive semesters as traditional undergraduates or less than two years as a non-traditional student may be reinstated without the need to reapply.

Academically Disqualified Students
Applicants who have been disqualified from a previous institution, including University of La Verne, are eligible to apply for undergraduate admission and will be reviewed holistically based upon their overall academic record.

Admission Decision Appeals

A denied undergraduate student may request to appeal their admission denial. Admission appeals are only conducted at the denied student’s request. Admission appeals are handled by the Director of Admission. Any student wishing to appeal their admission decision must contact the Director to schedule a 1:1 interview. Once the Director of Admission offers interview options, the student has one week to respond or reschedule. If the student does not respond within one week (5 business days), the Director reserves the right to close the appeal process for the student. During the interview, the student should be prepared with any additional information that was not available at the time of application review. The student must submit updated transcripts. Additionally, a student may also submit recommendations, documentation of extenuating circumstances, or any other information to demonstrate the student demonstrates academic and institutional fit.

Applicants will be assessed based on levels of self-awareness, determination, self-motivation, and accepting some degree of responsibility.

The decision of the Director of Admission is final. A student will be notified of the decision within five business days.

TRADITIONAL UNDERGRADUATE ADMISSION

Adam Wu, Director of Undergraduate Admission

Freshman Admission
An admission decision emphasizes the academic course of study, marks in coursework during grades 9, 10, 11 and the first semester of grade 12, the applicant’s personal statement (essay), and a letter of recommendation. Submission of SAT and/or ACT scores is optional. In addition, consideration is given to the applicant’s involvement in school and community activities, leadership abilities, special talents, and character.
Application Procedures and Requirements: Students may apply for admission after completion of their junior year of high school. In some cases, a decision may be delayed until grades from the first semester of the senior year of high school are submitted. Freshman candidates are encouraged to apply by February 1 for the fall semester and by December 1 for the spring semester. Applicants for admission will be considered after these dates on a space-available basis. Students must confirm their intent to enroll in the fall by May 1. Confirmations will be accepted after May 1 on a space-available basis. To apply for admission to the university, the following documents must be submitted to the Office of Admission. All application materials become the property of the university upon receipt.

1. Application for Admission: Applicants must sign and submit the completed application form, personal statement, and the non-refundable $50 application fee.

2. High School Transcripts: An applicant may submit an unofficial transcript for an admission decision. Applicants must request that their official, final high school transcripts be sent directly to the Office of Admission prior to enrollment. A transcript is not considered official if opened prior to receipt by a university official. A final high school transcript with the graduation date will be required and must be submitted to the Office of Admission immediately following high school graduation.

   Homeschooled Students
   Applicants who are homeschooled and do not have an official high school transcript are not required to take the General Education Development (GED) Test or the California High School Proficiency Examination. If the learner does not have access to an official transcript or does not subscribe to a transcript service, the learner will be asked to submit a transcript created by the primary teacher. The transcript must be signed by the student’s parent or guardian, and must list the secondary school courses the student completed and include a statement that the student successfully completed a secondary school education in a homeschool setting.

3. One letter of recommendation from school officials where the applicant is currently enrolled or has most recently attended. Upon admission to the university, recommendation forms are destroyed and are not a part of the student’s permanent record.

   Honors at Entrance: For entering first-year students, there are two pathways to enter the Honors Program. The first pathway requires a high school GPA of 3.5 or above and one of the following: SAT of 1240, ACT of 26, TOFEL of 97, IELTS of 7.0, or a high school rank in the top 15%. The second pathway requires a high school GPA of 3.0 or above and one of the following: SAT of 1300, ACT of 29, TOFEL of 97, IELTS of 8.0, or a high school rank in the top 10%.

Sufficient evidence must be provided to ensure that a student is able to depend upon his/her own financial resources. International students must not plan on earnings from employment in the United States, financial assistance, or scholarship grants. The university is authorized to issue the I-20 when international applicants have been accepted and have submitted the tuition deposit. In order to allow time for obtaining visas, it is important for international applicants to provide all required documents a minimum of two months before the beginning of the semester. Students holding F-1 and J-1 visas may attend only the La Verne Main Campus and are not eligible for the CAPA program or ROC. To be considered for admission, international students must provide the following documents to the Office of Admission. All application materials become the property of the University upon receipt.

Exceptions to this requirement at the time of admission may be appealed through the Office of Admissions.

The adult learner applicant will be considered for admission to the University based on several factors:

• Completion of a high school degree or equivalent as defined by the Department of Education as outlined in the Financial Aid section of this catalog under the Ability to Benefit. Students who have earned an associate’s degree, or who successfully completed the equivalent of 60 semester credit hours that is acceptable for full credit toward a bachelor's degree are exempt from submitting high school verification.
• Significant life experience or events after high school graduation
• Cumulative college GPA of 2.00 or higher
• The ability to succeed in a challenging academic program

Degree Completion Time Limit and Re-application

Regional and Online Campuses
Undergraduate students at the regional and online campuses are not required to reapply after a break in enrollment unless the break is longer than two consecutive years. Students pursuing undergraduate programs at the regional and online classes who are inactive for more than two consecutive years will be inactivated and must reapply. Students admitted to a bachelor’s degree program at one of the regional or online campuses are required to complete all requirements for the bachelor’s degree within seven years from their semester of matriculation. The seven-year period begins during the term the student first registers (whether the course is completed or not), and all requirements must be met by the last day of the last term that constitutes the seventh year. • Associate degree students must complete all degree requirements within four years from their term of matriculation. The four-year period begins during the term the student first registers (whether the course is completed or not), and all requirements must be met by the last day of the last term that constitutes the fourth year.

TRANSCRIPT POLICIES

All transcripts must be issued directly by the degree-granting institution. Transcripts in paper format must remain in their original, sealed institutional envelopes to be considered official. In addition, failure to list this coursework may result in academic dismissal. For additional guidance on obtaining and submitting proper transcripts, please consult with your admission representative.

1. Official transcripts from schools must be sent directly by the issuing institution to the University of La Verne Admissions Operations. Applicants wishing to have work completed outside the US considered for transfer credit must have their transcripts evaluated by an approved foreign credential evaluation service that is NACES-recognized. There is a fee for this service.

2. The University of La Verne will evaluate military training for credit. Veterans and active duty applicants must submit Joint Service Transcripts (JST) or Community College of the Air Force (CCAF) transcripts.
3. **International Students**: International students on F or J visas may apply to and attend only the University La Verne’s Main Campus programs and the University of La Verne College of Law.

4. **Additional Information**: La Verne reserves the right to request additional information in order to make an informed admission decision.

**TRANSFER CREDIT**

**Transfer of Courses for the Baccalaureate Degree**: Students may transfer a maximum of 88 semester hours of credit towards the Bachelor's degree from a regionally accredited institution recognized by the University of La Verne. Courses must be designated as baccalaureate level by the credit granting institution and have a grade of C- or above. Transfer credit will be awarded up to the 88 semester hour limit in the following order:

1. Satisfaction of general education requirements;
2. Satisfaction of major requirements;
3. Satisfaction of upper division requirements;
4. GPA benefit

Any transfer work completed beyond the 88 semester hour limit will be considered for subject area fulfillment, but will not transfer with unit value (the particular course will be fulfilled by a 0-unit course marker). Regardless of the number of units transferred, all students must meet the University of La Verne's residency, upper division, general education, and major requirements, as well as complete a minimum of 128 semester hours required for the degree.

**Associate Degree for Transfer (ADT)**

Students, who earn an Associate in Arts for Transfer (AA-T) or an Associate in Science for Transfer (AS-T) degree from a California Community College, can transfer their degree in total to the University of La Verne. Students will automatically be credited as meeting the University of La Verne General Education requirements with the exception of the La Verne Experience requirement of University Values LVE 200 (or an approved course), Community Engagement LVE 305 (or an approved course), and University Reflection LVE 400 in residence. Lower division major requirements will be credited if the transfer degree program is deemed similar to a corresponding major program at the University of La Verne. Students must remain in the corresponding major program for the bachelor’s degree. Students who transfer the ADT should be able to graduate in 2 years. This assumes a student follows the degree pathway plan created for the student at the time of advising.

**C-ID**

The University of La Verne faculty utilize the California Identification supranumbering system (C-ID) to articulate courses whenever possible. The C-ID system allows courses to be articulated through the use of descriptors for commonly articulated transferable lower-division courses. Courses articulated through the use of C-ID descriptors are deemed equivalent to University of La Verne courses.

**Course Duplication Policy**
A student is not eligible to earn credit for a course if the course covers 50% or more of the same subject material that was covered in previously completed college level coursework or exam. Furthermore, a student is not eligible to earn credit in a course if that course covers material in the same general subject area of a more advanced course previously completed. For example, if a student has already completed intermediate Spanish, they cannot now enroll in a beginning Spanish class to earn credit.

**Statute of limitations of courses:** Each department may establish limits on the age of previously completed coursework in regards to the applicability of that coursework to the major requirements for the undergraduate degree. These limits may be stated in the descriptions of individual program and major requirements in the Programs section of this catalog. These limits do not impact the transferability of coursework to general education or non-major elective requirements.

**Advanced Placement Exam (AP) Transfer Credit:** The Office of the Registrar articulates up to 44 semester hours of credit for the Bachelor’s Degree and 21 semester hours of credit for the Associate Degree in subject area examinations offered by the College Board’s Advanced Placement Program. Exams are articulated during the evaluation of the student’s file upon matriculation. Credit can only be reviewed at the time the Office of the Registrar receives an official score report provided by the College Board and/or scores that are indicated on a student’s official high school transcript.

**International Baccalaureate (IB) Transfer Credit:** The Office of the Registrar will accept the IB diploma for students who have earned 30 points or more and grant 32 semester hours of transfer credit (sophomore standing). Students who do not successfully achieve the IB diploma will have the subjects individually evaluated as listed on their certificate. La Verne will award 4 semester hours for each subject in which a score of 4 or greater was earned for a maximum of 24 semester hours.

**General Certificate of Education Advanced-Level (GCE A-Level):** The Office of the Registrar will award credit for each A-Level exam with a grade of A, B or C. A minimum of 4 semester hours of credit will be awarded for each successful A-Level result. Credits will fulfill specific general education requirements at the department’s discretion or will earn elective credit.

**CLEP and DSST Exams:** Transfer credit for the College Level Examination Program (CLEP) and DSST exams are awarded based on the articulation of each individual exam and are reviewed for major or general education requirements by university faculty. Based on these reviews, articulation guides have been created and are available on the Registrar’s Articulation website. Furthermore, a combined maximum of 21 semester hours for the Associate Degree and 44 semester hours of credit by exam may be applied toward the Bachelor’s Degree (AP and IB credits do not contribute to this total). Exams are normally articulated as lower division credit, and duplication policies are followed as described below.

**Exam Duplication Policy:** A student is not eligible to earn credit by exam if that exam covers the same subject material that was covered in previously completed college level coursework. Furthermore, a student is not eligible to earn credit by exam if that exam covers material that is the same general subject area as more advanced coursework that he or she previously completed. For example, if a student completes Calculus 1, he or she is not eligible to earn credit for a Pre-Calculus exam.
High School Diploma and Transfer Credit: All undergraduate students entering La Verne may receive up to 32 semester hours of credit for college courses taken before graduation from high school. These courses must appear on an official college transcript and the name of the accredited college must be disclosed on the student’s application for admission.

Vocational/Technical Transfer Credit Policy: A total of 21 semester hours for the Associate Degree and 44 semester hours for the Bachelor’s Degree of vocational/technical courses may be transferred and applied toward a bachelor's degree at the University of La Verne. These courses must be at the baccalaureate level as designated by the sending institution. Applicability of these units toward specific degree requirements is finalized by the Office of the Registrar.

Military Transfer Credit: A total of 21 semester hours of credit can be applied to the Associate Degree and 44 semester hours can be applied to the Bachelor's Degree. Courses taken through the military may be transferred under the guidelines established by the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services and according to La Verne policy. Acceptance of credit is limited by the Vocational/Technical Transfer Credit policy.

Service members Opportunity Colleges (SOC): The University of La Verne is a member of the SOC Consortium and will honor all transfer agreements negotiated by the SOC administration.

Foreign Colleges and Universities Transfer Credit Eligibility: In order for the University's Articulation Office to facilitate faculty review of foreign course work for general education applicability, students must submit notarized translations of course descriptions from the foreign transfer institution. (Is this true? Or is the NACES-recognized credential review sufficient?) In cases where course descriptions are not available, students are encouraged to take available placement examinations to qualify for general education credit, or to work with an academic advisor to determine alternative modes of assessment (such as CLEP and DSST exams).

Transfer Credit for ESL and English Composition Courses: La Verne will grant transfer credit for courses articulated to fulfill Written Communication, a sub-area stated within the La Verne General Education Requirements. The course must be completed prior to acceptance into La Verne. The Office of the Registrar will not grant credit for similar courses completed after a student has been accepted to La Verne until all prerequisite ESL courses required by placement criteria have been completed. ESL and Writing courses which the placement test indicates are needed must be taken at La Verne, but the University may grant elective credit for transferable ESL courses and English composition courses not equivalent to RCS 110 that was completed elsewhere prior to acceptance.

Fulfilling La Verne General Education via Transfer Work:
In order to earn a bachelor’s degree from the University of La Verne, all students must complete La Verne’s General Education requirements. General Education is comprised of three components: Critical Skills, Areas of Knowledge and the La Verne Experience. Students may transfer course work to fulfill requirements/courses in the Critical Skills and Areas of Knowledge; however, all students are required to complete the La Verne Experience requirement of University Values LVE 200 (or an approved course), Community Engagement LVE 305 (or an approved course), and University Reflection LVE 400 in residence.
1. Full CSU-GE and IGETC certifications: At the time of matriculation, students who have completed either the California State University General Education Breadth Certification (CSU-GE) or the Intersegmental General Education Transfer Curriculum (IGETC), with a C- or better in all applicable courses, will be credited with fulfilling La Verne’s Critical Skills and Areas of Knowledge General Education requirements with the exception of the Foreign Language requirement, depending on the student's declared major. CSU-GE or IGETC applicability of each course must be documented in the relevant college catalog or through ASSIST.org. Students must provide proof of certification when the final transcript is sent to the University of La Verne.

2. Partial CSU-GE and IGETC certifications: At the time of matriculation, courses completed with a grade of C- or better prior to matriculation at the University of La Verne that partially fulfill selected CSU-GE or IGETC requirements will be credited toward partial fulfillment of similar La Verne General Education requirements with the exception of the Foreign Language requirement, depending upon the student's declared major. CSU-GE or IGETC applicability of each course must be documented in the relevant college catalog or through ASSIST.org. Students must provide proof of certification when the final transcript is sent to the University of La Verne.

3. Courses from California Community Colleges: Courses completed with a C- or better that are approved as fulfilling an area requirement for either CSU-GE or IGETC requirements will be used to fulfill a similar general education requirement at La Verne on a pre and post-matriculation basis.

4. Courses from non-California Community Colleges: Courses completed with a C- or better at a non-California Community College can be used to fulfill General Education requirements at the University of La Verne provided that:

• The institution is accredited by an organization recognized by the University of La Verne.
• The course is considered to be at the baccalaureate level at the sending institution.
• Course(s) meet the criteria to fulfill a specific general education on a course-by-course basis as stipulated in the University of La Verne Guide Points.

All transcripts must be post marked or date stamped as being printed within 45 calendar days of the official last day of the semester/term/grading period at the transfer institution. Students who do not submit official transcripts within the 45 calendar days will be required to appeal for the acceptance of the transcript and pay the appeal fee if approved.

The costs of these fees are required for full-time traditional-age undergraduate tuition, but graduate students must pay the separate Health Center and Health Insurance fees as listed. Students with J-2, H-1, or H-4 visas are not required to purchase La Verne insurance, but J-2 visa holders must show that they have coverage that meets U.S. Federal Regulations.

**Military Tuition Rate Policy**
All active duty military members, their spouses or registered domestic partner, and dependents under the age of 26 who are admitted into the University’s adult undergraduate (CAPA), master’s, and credential programs at the central campus, through one of the regional campuses, or La Verne Online will be eligible for the military rate. The same rate will be offered to active service members in the Reserves of the U.S. Armed Forces or National Guard, starting with the first term of enrollment after their service activation. The military rate is not applicable for students admitted to the traditional undergraduate (TUG), doctoral, Law, or Physician Assistant programs.

Students will be required to provide verification of active military status at the time of admission. Spouses or registered domestic partners and dependents will also need to provide verification of their parents or their spouse’s military status. The military rate cannot be applied until the student is admitted and provides verification of active military status. Once provided, the military rate will become effective the student’s term of admission and will not be retroactive.

Dependents are eligible to receive the military tuition rate until the age of 26 (the term start date needs to occur before their 26th birthday).

Students receiving the military rate are not eligible for any institutional grants, scholarships and/or discounts.

REFUND/TUITION CREDIT POLICIES

It is the student’s responsibility to officially withdraw online or notify the Registrar, or the regional campus where the student is enrolled, if he or she is unable to process the online withdrawal from classes at any point during the semester. Failure to attend class or informing the instructor does not constitute official withdrawal from a course. Failure to complete the withdrawal process by the established deadline dates will result in continued obligation for tuition and other charges. Students who have received (or whose accounts have been credited with) financial aid funds will have these funds returned to the appropriate financial aid programs before any refunds will be issued to the student.

Policies and procedures on withdrawal are covered in the “Tuition Credits/Refunds” section below as well as in the sections entitled “Withdrawal from La Verne by Financial Aid Recipients” and “Withdrawal from the University.”

Room and Board Refunds: Refunds for the residence halls will be made according to the terms and conditions outlined on the Residence Hall License Agreement. The amount of refund will be determined by the Housing Office. Board refunds during the Fall and Spring semesters will be calculated on a prorated basis. There will be no refunds for January Intersession.

Tuition Credits/Refunds: To be eligible for a tuition credit(s), a student must complete a drop or withdrawal of their course(s) online before the tuition credit deadline for the semester or session. The date of withdrawal for purposes of tuition credit shall be the date on which the student withdraws or drops. Students who need assistance with the online drop or withdrawal process should contact the Office of the Registrar or their Regional Campus. If eligible, a refund will be generated within 14 days of the date your student account reflects a credit status. Checks are mailed to your mailing address.

Appeal Procedures on Financial Matters: The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified dates or percentages indicated in the catalog, will not be made for reasons such as employment conflict, personal conflict with student(s) or professor, moving out of town or other reasons which are beyond the University’s control or responsibility.

If you are requesting an exception to the refund policy, an appeal may be submitted to the Financial Appeals Committee. All appeals must include the submission of the Appeal/Request for Review of Tuition Charge or Fee Form, a written statement and supporting documentation.

Circumstances not subject to appeal: Fiscal policy that is prescribed by State and/or Federal law is not subject to appeal. Students are responsible for decisions they make pertaining to their registration for classes at the University. Tuition or Fee Appeals will not be considered that arise
from student error on registration or situations resulting from a deliberate decision or series of decisions by the student.

Statute of Limitation for Financial Appeals: All appeals must be submitted in a timely manner to be considered. Appeals requesting a refund or waiver of tuition and/or fees must be filed within a year of the end of the semester in which the charge was assessed.

**Tuition Refund/Credit Policy:** Students who drop their class(s) through the end of the add/drop period are eligible for 100% refund of tuition and fees. Students who withdraw from their class(s) 7 days from the end of the add/drop period are eligible for 75% refund of tuition charged. Students who withdraw from their class(s) 7 days from the end of the 75% refund period are eligible for 50% refund of tuition charged.

Courses that are less than seven weeks are eligible for the following refund policy: Students who drop their class(s) through the end of the add/drop period are eligible for 100% refund of tuition and fees. Students who withdrawal from their classes 3 days from the add/drop period are eligible for 75% refund of tuition charged. Courses that are less than seven weeks are not eligible for a 50% refund.

The tuition refund policies for dismissal, suspension, and expulsion are the same as for voluntary withdrawal.

Students who receive federal financial aid are subject to a pro-rata return of federal funds through the 60% period of the student’s enrollment in the semester, as described in the Withdrawal from La Verne by Financial Aid Recipients section of this catalog. The 60% period is determined by the number of days the student is enrolled in the semester multiplied by a factor of 0.6 and rounded up to whole days. The amount of funds that must be returned is determined by dividing the number of days in the semester that the student was not in attendance by the total number of days in the semester for which the student was enrolled. The Financial Aid Office will calculate the amount of the refund to the financial aid programs.

If a student drops classes after the tuition credit period, but before the 60% period of their enrollment, the student will be charged for the entire amount of tuition, but a prorated portion of the financial aid must be returned to the Title IV Program.

Petitions to the stated policy, for medical reasons or reasons beyond the control of the student, should be in writing and addressed to the Executive Director of Student Financial Services. Any exceptions to the policy must also be approved by the Chief Financial Officer.

**Student Refunds:** *If eligible, a refund check or Direct Deposit will be generated within 14 days of the date your student account goes into a credit status.* Checks are mailed to your mailing address. Students who are eligible for a refund due to excess financial aid and who used a credit card to pay any or all tuition and fees can have a refund processed to their credit card up to the amount of the payment. Credit card transactions that occurred more than 6 months prior to refund credit will be processed by check in lieu of credit card refund. This policy applies to all credit card transactions, regardless of the order of payment. Any credit over the amount paid by credit card will be processed through direct deposit or paper check. For students who are eligible for Financial Aid and Veterans Affairs benefits, a refund will only be issued after the funds have been received from both entities and the account goes into a credit status.
Delinquent Payment of Tuition
La Verne reserves the right to refuse a diploma to any student or former student who is delinquent in the payment of any promissory note given in payment of any tuition, costs, or fees. Financial holds are placed on students with delinquent accounts, and no diplomas will be issued for such students until the holds have been removed. Students who have not met their financial obligations at the beginning or completion of a semester of enrollment may be withdrawn automatically from all courses in that semester or trimester.

The University reserves the right to request prepayment before allowing a registration from students who do not comply with payment policies or whose accounts have previously been subject to collections.

Unpaid balances at the end of each semester may become interest bearing at the rate of 10% per annum. Interest on the outstanding balance may be computed and added monthly to the amount due. However, if the balance is outstanding for more than 180 days, the interest rate may escalate to 15% per annum.

If it becomes necessary for the University to seek collection help and/or initiate legal proceedings to collect unpaid accounts, the student may be responsible for all legal fees incurred.

Delinquent Payment of Perkins and Institutional Loans
Students with a Federal Perkins Loan and/or Institutional Loan(s) must complete an exit interview before any records will be released. If a student defaults on payment of a Perkins and/or Institutional Loan(s), all records will be held until the student either pays off the loan(s) or brings the loan(s) current.

VETERANS, ACTIVE MILITARY & MILITARY CONNECTED

Veterans Affairs Benefits: Students who meet the definition of a “veteran” may be eligible for Veterans Affairs (VA) benefits. Prior to applying, and enrolling veterans should contact Sara & Michael Abraham Center for Veteran Student Success (ACVSS) for information and assistance with completing necessary paperwork.

The VA requires all entering veterans to be formally admitted to the University before becoming eligible to receive VA benefits. All prior transcripts and military documents must be received and evaluated by the Office of the Registrar prior to the second semester of attendance. Once veterans have been admitted and evaluated, they must notify the certifying official of their program and registered classes each session or semester of enrollment.

To maintain eligibility, veterans must successfully complete all units enrolled. Veterans who fail to maintain Satisfactory Academic Progress for two semesters (or three terms) will be
disqualified and will have their benefits terminated. For an explanation of grading policy, see the Grades section of this catalog or contact the Registrar’s Office. For additional information or questions regarding military and veteran benefits, please contact the ACVSS at: 909-448-4416.

Yellow Ribbon Program: The University of La Verne is pleased to participate in the Yellow Ribbon Program. The Yellow Ribbon Program is a partnership between the University of La Verne and the Department of Veterans Affairs (VA). The program works in conjunction with Post 9/11 GI Bill ® use, and supplements tuition costs above the VA’s current tuition benefit cap. For additional information or questions regarding military and veteran benefits, please contact the ACVSS.

Military Student Priority Registration
Students who submit a valid military ID or receive VA benefits from the University of La Verne are eligible for priority registration. Registration time ticketing for undergraduate students who attend the main campus is based on semester hours completed. Upon receipt of required documentation, the Office of the Registrar will adjust the students assigned registration time applying the following rules:

• Students assigned to enroll at any time on day 4/Freshman, are re-assigned to the 3PM time block on day 3.
• Students assigned to enroll at any time on day 3/Sophomores, are re-assigned to the 3PM time block on day 2.
• Students assigned to enroll at any time on day 2/Juniors, are re-assigned to the 3PM time block on day 1.
• Students assigned to day 1/Seniors, will remain in the assigned time block on day 1.

VA Pending Payment Compliance Policy: In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

• Prevent the student’s enrollment
• Assess a late penalty fee to the student
• Require the student to secure alternative or additional funding (if covered 100% by VA funding)
• Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students are required to:

• Produce the VA Certificate of Eligibility (COE) or the University Certifying Official must receive an Authorization for Chapter 31 Vocational Rehabilitation (former Form 1905) from the student’s Vocational Rehabilitation Counselor by the first day of class.
• Complete the electronic VA Benefits Certification form or submit a written request.
• Provide additional information needed to properly certify the enrollment as described in other institutional policies.

Military Tuition Assistance (TA) Refund Policy: The Department of Defense memorandum of understanding requires that the university “have an institutional policy that returns any unearned Tuition Assistance (TA) funds on a proportional basis through at least the 60 percent portion of
the period for which the funds were provided. TA funds are earned proportionally during an enrollment period, with unearned funds returned based upon when a student stops attending.” In accordance with that requirement, the university TA funds return policy is as follows:

**Schedule:**

**8 Week Course: withdrawal submitted**
- Day 1-5: 100% Return
- Day 6-12: 75% Return
- Day 13-19: 50% Return
- Day 20-34: 40% Return (60% of course is completed)
- Day 35+: 0% Return

**16 Week Course: withdrawal submitted**
- Day 1-9: 100% Return
- Day 10-16: 75% Return
- Day 17-23: 50% Return
- Day 24-37: 40% Return (60% of course is completed)
- Day 38+: 0% Return

**If the duration of a course differs from the schedule above:**
Unearned TA funds will be returned on a prorated basis, depending on the length of the course. To determine the amount of TA that needs to be returned, the institution will determine the date the withdrawal was submitted and then divide that by the number of days in the term to determine the percentage of TA that was earned by the student.

For example, if a student enrolls in a course with a duration of 30 days and the withdrawal was submitted on the 14th day, the institution would perform the calculation to determine how much TA was earned by the student’s attendance: (14 divided by 30 equals 46.6%. 47% of the TA authorized was earned by the student, which means 53% of what was authorized will be returned to the DOD).

**Sara and Michael Abraham Center for Veteran Student Success Center (ACVSS)**

The University of La Verne awards institutional financial aid on the basis of financial
need and merit and does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, disability, or prior military service.

The University of La Verne operates on a standard term calendar, consisting of Fall and Spring periods, with an optional Summer enrollment period. These terms may include modules, defined as any schedule of enrollment that falls within the term and is shorter than the full duration of the term. Financial aid is provisioned for the total enrollment within the term, however that enrollment is distributed for the student.

• A General Educational Development (GED) certificate or GED transcript that indicates the student passed the exam.
• Certification of a passing score on a test that the student’s state authorizes and recognizes as the equivalent of a high school diploma. This includes tests similar to the GED, such as the California High School Proficiency Examination (CHSPE).
• A copy of the “secondary school leaving certificate” or similar document from the proper government agency for students who completed secondary school in a foreign country.
• An academic transcript that indicates the student successfully completed at least 60 transferrable units that is acceptable for full credit toward a bachelor’s degree.

Non-citizens and/or International Students may qualify for University merit-based aid, University administered and/or private scholarships, and private student loans. Additional information is available on the University website: laverne.edu/admission/international/scholarships/

Maintaining Eligibility

Satisfactory Academic Progress (SAP)
The federal government requires universities to develop and enforce an internal system to monitor the academic progress of financial aid recipients. A student must maintain Satisfactory Academic Progress in order to remain eligible for all federal, state, and institutional financial aid programs. The academic progress of financial aid applicants and recipients is reviewed upon initial application and then annually, following spring semester each year.
Students who fail to meet SAP are notified via their official @laverne.edu email address, and are given the opportunity to appeal their disqualification.

**SAP Standards**
The University of La Verne’s SAP policy contains three components students must meet to maintain eligibility for Financial Aid:

1. **Minimum Grade Point Average (GPA)**
   - Undergraduate students must maintain a minimum 2.00 La Verne GPA.
   - Graduate and doctoral students must maintain a minimum 3.00 La Verne GPA.
   - Law School (JD) students must maintain a minimum 2.00 La Verne GPA.

2. **Unit Completion Rate**
   Students must complete with a passing grade at least 67% of the units attempted each academic year. All courses a student is enrolled in beyond the add/drop period will be counted as units attempted, including, withdrawals, no credit, and incomplete courses.

3. **Maximum Time Frame**
   Students must complete their educational program within 150% of the minimum number of units required to complete their degree.

   All enrolled credits will count toward the maximum time-frame as well as any transfer credits, including enrollment in terms in which no financial aid is received.

   - Undergraduate – 192 Credit Hours
   - Graduate – Varies by Program (see program specific requirements)
   - Law School (JD) – 132 Credit Hours
   - Paralegal Certificate – 48 Credit Hours

**Financial Aid Disqualification**
- Students who fail to meet any of the above minimum standards of the Financial Aid SAP Policy are no longer eligible to receive financial aid at the University of La Verne. Student’s may appeal their disqualification, see the *Appeal Process* section, below.

**Regaining Financial Aid Eligibility**
- Students who have lost eligibility for financial aid due to not meeting the University’s satisfactory academic progress standards can be reinstated by successfully completing sufficient credit hours to again meet all university SAP standards. SAP is evaluated for all students at the end of spring enrollment. If a student believes they have regained eligibility prior to the posting of spring grades, the student should contact the Financial Aid Office to be considered for reinstatement.
**Appeal Process**
If extenuating circumstances apply, students who are not meeting SAP may appeal their disqualification. To appeal, the student must submit a Satisfactory Academic Progress Appeal Form to the Financial Aid Office. The appeal will be evaluated and the student will be notified of the decision within 10 days of submitting the request. SAP appeal instructions are available on the financial aid website: laverne.edu/financial-aid/satisfactory-progress-policy/

If a student’s SAP appeal is approved, they will be placed on financial aid probation during the next enrolled term. The student’s progress will be reviewed once grades for the that term are posted. To continue receiving financial aid the student must be following and making positive progress on their specific academic plan for improvement. Student’s remaining on financial aid probation will have their grades reviewed at the end of each term until they are again meeting Satisfactory Academic Progress.

**Academic Disqualification**
Students who are academically disqualified from the University are no longer eligible to receive financial aid at the University of La Verne. A student who is academically reinstated to the university will need to submit an SAP appeal to be considered for financial aid reinstatement.

**Financial Aid Disbursements**
Financial aid funds are disbursed through the Office of Student Accounts. The total amount of financial aid for the academic year is divided among terms for which the student is enrolled, as reflected on the financial aid notification.

Students must meet eligibility requirements before financial aid is disbursed. Eligibility requirements include, but may not be limited to the following: being officially admitted into an eligible program, submitting all final, official transcripts, enrolling in the correct number of units in classes required for the student’s degree and aid program, maintaining satisfactory academic progress, and completing required necessary documentation. The disbursement schedule is listed on the Student Accounts website at: laverne.edu/accounts/disbursements/
Disbursement for La Verne Students Borrowing a Federal Direct Loan for the First Time: As well as meeting the above criteria, a new borrower must complete a Loan Agreement for Subsidized/Unsubsidized Loan (MPN) with the Direct Loan program at studentaid.gov, and complete an entrance counseling session online at studentaid.gov, before receiving student loan funds.

Each term, Federal Direct Loan and Federal Direct PLUS Loan funds are forwarded to the University. The net loan amount (gross loan amount minus the loan origination fee) is forwarded to Student Accounts each term after the student’s enrollment and satisfactory academic progress have been verified. If a student is not enrolled at least half time, or is not making satisfactory academic progress, student loan funds will not be disbursed. The student is responsible for repaying only the amount of student loan funds disbursed.

Notice of Disbursement and Right to Cancel Federal Loans: Students and borrowers have the right to cancel the entire loan or any portion (a specific disbursement) of any federal Direct or PLUS loan. Requests to cancel a specific loan disbursement may be submitted prior to the date of crediting to the student’s account, or within 14 days from the date the student receives official notification from the Student Accounts Office that loan funds have credited to the student’s account. To request cancellation of a loan disbursement, the student can complete a Request to Cancel and Return Loans Form located on the Student Accounts section of the University of La Verne website. Interest will not be charged and loan fees will be returned to the loan holder. Cancelling a loan disbursement could cause a balance to be due to the University which the student will be responsible for paying. This is especially true if the student received a bookstore voucher or a refund due to excess funds (credit balance) on the account.

Repayment after the Designated Time Period: Students cannot cancel the loan disbursement if the designated time period described above has already passed. If a borrower wishes to cancel all or part of a loan disbursement after the 14-day window has elapsed, they should contact their loan servicer for instructions. Funds returned by a borrower more than 120 days after disbursement will be accepted by the servicer as payment rather than cancellation. The borrower (the student for student loans; the parent for parent loans) will be responsible for any interest that may have accrued and/or any loan fees.

Repayment of Federal Loans: Repayment of the Federal Direct Loans begins six months after the student graduates, drops below half-time enrollment status, or withdraws from school. A variety of repayment options and loan assumption programs are available to borrowers, and the information about these options may be obtained online at studentaid.gov. Repayment of the Federal Direct Parent PLUS Loan begins 60 days after the last disbursement. Parents are eligible to defer their Direct Parent PLUS Loan payments until after their dependent graduates. The Federal Direct Loan program at studentaid.gov, can provide specific information regarding this benefit.

Cal Grant B Access Authorization: The Cal Grant B recipient’s “access” portion of the Cal Grant award will be applied to his or her student account unless the student completes and submits a Cal Grant B Access Form to the Office of Student Accounts; this form is available online, or through the Office of Financial Aid or Student Accounts.
Withdrawal from the University by Financial Aid Recipients: A student receiving Federal Pell Grants, Federal Direct Loans, Federal Direct PLUS Loans, and/or Federal Supplemental Educational Opportunity Grants (SEOG) who withdraws from the University is subject to the Return of Title IV Aid provision included in the regulations governing the administration of Federal Student Aid programs. Any amount established by the Return of Title IV Aid provision will be returned to the Federal programs in the following order:

- Federal Unsubsidized Direct Loan
- Federal Subsidized Direct Loan
- Federal Direct Parent PLUS Loan
- Federal Direct Grad PLUS Loan
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant
- Other Title IV grant funds

Federal Financial Aid Programs

Federal Pell Grants are awarded to undergraduate students on the basis of financial need. Students enrolled in the fifth-year Teacher Credential program are not eligible to receive Federal Pell Grants. A student cannot receive Federal Pell Grant funds from more than one institution for the same period of enrollment. If more than one institution submits a request for payment to the Federal Pell Grant Program for the same period of enrollment, one of the schools will be required to withdraw the Federal Pell Grant award from the student’s financial aid. The student will ultimately be responsible for any balance resulting from the duplicate enrollment.

Federal Supplemental Educational Opportunity Grants (FSEOG) are awarded to undergraduate students with exceptional financial need. Students enrolled in the fifth-year Teacher Credential program are not eligible to receive FSEOG Grants. Students must be enrolled at least half-time to receive FSEOG Grants.

Federal Work-Study (FWS) funds are awarded to students with financial need. Federal Work Study is a paid work opportunity to eligible applicants, allowing students to earn money to pay for educational expenses. Employment may not exceed 20 hours per week during periods when school is in session.

Federal Direct Loans are available to eligible students. There are two types of Direct Loans: Subsidized, for which the government pays the interest while students are in school, during the grace period, and deferment periods; and unsubsidized, for which students pay all the interest on the loan. Students may defer the interest while enrolled at least half-time; however, the interest continues to accrue. Students may receive both types of loans at the same time, if eligible. Interest rate and loan limit information is available at: studentaid.gov

Federal Direct Parent PLUS Loans are offered to the Parent or Stepparent of dependent undergraduate students. “Dependent student” is defined online at studentaid.ed.gov/sa/fafsa/filling-out/dependency. Parent borrowers in this program may borrow up to the total cost of attendance minus other financial aid offered. Interest rate information is available at studentaid.gov. A parent borrower’s credit report will be checked by the Department
of Education prior to the loan approval, and credit-worthy applicants will be required to complete a Federal Direct Parent PLUS Loan application and Loan Agreement for a PLUS Loan (MPN). A dependent applicant whose parents are denied the Federal Direct Parent PLUS Loan may be considered for an additional Unsubsidized Direct Loan. The Federal Direct Parent PLUS Loan application can be found at studenaid.gov. The student is required to complete the Free Application for Federal Student Aid (FAFSA) and is strongly encouraged to utilize the annual loan maximum eligibility under the Federal Subsidized/Unsubsidized Direct Loan Program before being considered for a Federal Direct PLUS Loan.

**Federal Direct PLUS Loans for Graduate or Professional Students (Grad PLUS):** Students enrolled in graduate (master’s and doctoral programs) or professional programs (law school) are eligible to borrow under the Federal Direct Grad PLUS Loan Program up to their cost of attendance minus other financial assistance. Interest rate information is available at studentaid.ed.gov. The student’s credit report will be checked by the Department of Education prior to the loan approval, and credit-worthy applicants will be required to complete a Federal Direct Grad PLUS Loan application and Loan Agreement for a PLUS Loan (MPN). Applicants are required to complete the Free Application for Federal Student Aid (FAFSA) and must have applied for their annual loan maximum eligibility under the Federal Unsubsidized Direct Loan Program before being considered for a Federal Direct Grad PLUS Loan.

California residents who are La Verne undergraduates or applicants for undergraduate admission should apply for these grants.

Cal Grants A and B extended benefits provide an additional year of assistance for recipients who are enrolled in a teaching credential program. To extend benefits a student must complete a G-44 form, Request for Cal Grant Teaching Credential Program

Benefits, available in the “Participants Forms and Applications” section under “Publications” at: csac.ca.gov
California Specialized Programs:

**Child Development Grants** are for outstanding students that are pursuing a child development permit as a teacher, master teacher, site supervisor, or program director to work at a licensed children’s center. Selected students attending a four-year university may receive $2,000 each year, for up to two years. The maximum amount awarded is $4,000. Grant recipients must work full time at an eligible California children’s center for one year for each year they receive grants. To qualify, students must be enrolled at least half-time in coursework leading to their permit during the academic year. This program is subject to the availability of California state funds.

**California Chafee Grants** offer up to $5,000 per year for college or vocational training to current or former foster youth who have not reached 22 years of age as of July 1 of the award year. A student must attend school at least half time, and be enrolled in a program of study of at least one year in length. Youth who have “aged out” of another state’s foster care program and who now live in California are eligible to apply. Applicants must file the FAFSA and submit a California Chafee Grant Application, available at: [chafee.csac.ca.gov](http://chafee.csac.ca.gov)

University of La Verne Financial Aid Programs

**Institutional Financial Aid for Traditional Undergraduate Students**

Institutional financial aid consists of all need and merit-based grants, awards and scholarships that are funded by the University of La Verne. Traditional undergraduate students must maintain full-time enrollment (12 credit hours) each semester in order for any and all University of La Verne funded financial aid to disburse. If a student falls below full-time enrollment within the semester, institutional financial aid is subject to cancellation. Institutional financial aid to traditional undergraduate students enrolled less than full-time (12 credit hours) will not be prorated.

Traditional undergraduate students are eligible to continue receiving institutional financial aid until the requirements of their first undergraduate degree are completed. Some students may require less than the typical four years to complete their first degree. Once students complete their degree requirements, they will no longer be eligible to receive institutional financial aid. If students choose to pursue a second bachelor's degree they may be able to receive outside scholarships, or loans.

Students who wish to request an exception to this policy due to extenuating circumstances may submit an appeal for consideration with supporting documentation to the Office of Financial Aid. Appeals will be considered on a case-by-case basis.

The sum of all La Verne scholarships, including Performance Scholarships, institutional aid, and outside tuition-restricted aid may not exceed the cost of tuition.

Students are strongly encouraged to complete a FAFSA and utilize all federal, state and institutional funding and loans first.

The private alternative loan cannot exceed the cost of attendance minus any financial aid awarded.
The University of La Verne student portal is called The La Verne Portal. The La Verne Portal is a single sign on application to provide you access to all the electronic services you need while attending the University of La Verne. The La Verne Portal provides student access to email, university announcements, and Blackboard to name a few. The MyLaVerne link inside La Verne Portal provides student access to the University’s official course catalog, course schedules for every session/semester, registration, grade reporting, online request for transcripts, and course evaluations. Students can also access and accept their financial aid award information, check account balance and make payments to their account through MyLaVerne. For information on how to use MyLaVerne see: https://laverne.edu/registrar/faq/mylaverne/.

All enrolled students are provided a University of La Verne email address and network username. This provides student’s access to their MyLaVerne secured account and The La Verne Portal. Students should not share their La Verne network, MyLaVerne access, or email information/password with anyone at any time.

All official communication between the University and students is conducted electronically and sent to the students’ La Verne e-mail address (@laverne.edu). Students are expected to open and check their campus email on a regular basis. We expect students to read, respond and archive all official correspondence from the University. Students are responsible for all information communicated via their (@laverne.edu) email address. Students using other email addresses should have mail forwarded from the La Verne e-mail address, so that official messages are not missed.

Students should also use their La Verne email address to communicate with university officials. Communication with university employees and faculty in regards to any academic or financial information will not normally be replied to if the student does not use their La Verne email address. This is to protect the privacy of student information.

Matriculation Policy
In order to be governed by this catalog, students who apply for admission must enroll in courses within twelve months of their acceptance date. Matriculated students are those students who are admitted into a degree/credential program and enrolled in classes.

Academic Advising
The University of La Verne values academic advising as an important part of the La Verne experience. Academic advising facilitates individualized advising for traditional undergraduate students. The primary purpose of Academic advising is to assist students in the development and implementation of their educational plans. To this end, the Office of Academic Advising subscribes to the philosophies of developmental and appreciative advising in support of a robust and effective faculty & professional advising cohort.
Advising at La Verne is a cooperative effort between advisor and student that consists not only of course planning and selection, but also the development of the person as a whole. This includes the selection of career and life-long goals in a collaborative, challenging, and supportive environment.

We subscribe to the principle that academic advisors work to strengthen the importance, dignity, potential and unique nature of every student who is served by our academic advisors.

Main campus graduate students are advised by the faculty program chairperson for their respective programs. Graduate students seeking academic advising should contact the appropriate academic department or the Office of Graduate Academic Services.

Academic advising for ROC Adult Learners begins on the student’s first visit to the regional campus. Students work closely with academic advisors in selecting a major and choosing courses each term which best suit their degree and career plans. A professional academic advisor is available for every ROC student.

Post-Matriculation Transfer (coursework completed at another institution after admission and enrollment at the University of La Verne):

A student who is pursuing an undergraduate degree at the University of La Verne and who wants to enroll at another college or university must obtain prior approval from the Transfer and Evaluation Center. The purpose is to ensure the requested coursework is transferrable to the University of La Verne, will meet the intended degree requirement and encourage student success by monitoring total academic loads. Information on how to submit a request for approval of transfer credit can be found on the Registrar Transfer and Evaluation Center web page at: https://laverne.edu/evaluation

Before enrolling at another college or university you must confirm the course is transferrable and the degree requirement the course will meet. You are also expected to confirm the following:

- Courses enrolled at another college and university cannot be included in the calculation of enrollment status (Full-time/Half-time).
- It is not advised to repeat a University of La Verne course at another college/university if you have already completed the same course at the University of La Verne for the purpose of improving your GPA.
- Be sure to check the number of semester hours you have already transferred to the University of La Verne. You cannot transfer more than 88 semester hours of credit.
- Credits completed at a Community College are normally transferred to the University of La Verne as lower division.
- Only grades of C- or greater are transferred.
- Students who are requesting to be cleared to participate in a future commencement ceremony must provide verification of enrollment from the transfer college/university or completion of standardized exams. This needs to be submitted by December 1 for Winter Commencement and April 1 for the Spring Commencement.
- Undergraduate students need to refer to overload policy within this catalog. This will ensure you do not take a course that will not transfer as a result of exceeding the enrolled maximum semester hour limit.
Undergraduates who have reached senior status, and are enrolled in their final semester, but fall short of being cleared for Commencement due to missing requirements may appeal to the Provost to participate in a Commencement ceremony for extenuating circumstances. This appeal must be in writing and include supportive or corroborating evidence. Appeals must be submitted to the University Registrar in Woody Hall or by email, reg@laverne.edu. Inclusion of the student’s name in Commencement publications is not guaranteed if the Provost approves the student’s appeal to participate in a Commencement ceremony. The student also forfeits any right to participate in any future Commencement ceremony if the appeal to the Provost is approved.

Timely submission of transcripts from a transfer college/university or a standardized exam is the student’s responsibility. Students must request an official transcript to be mailed to the Office of the Registrar or the ROC Admissions Operations.

All transcripts must be post marked or date stamped as being printed within 45 calendar days of the official last day of the semester/term/grading period at the transfer institution. Students who do not submit official transcripts within the 45 calendar days will be required to appeal for the acceptance of the transcript and pay the appeal fee if approved.

Course Duplication Policy
A student is not eligible to earn credit for a course if the course covers 50% or more of the same subject material that was covered in previously completed college level coursework or exam. Furthermore, a student is not eligible to earn credit in a course if that course covers material in the same general subject area of a more advanced course previously completed. For example, if a student has already completed intermediate Spanish, they cannot enroll in a beginning Spanish class to earn credit.

Placement Requirements for Traditional Undergraduates: Guided self-placement in writing, languages, and math is available to determine a student’s level of proficiency and establish the appropriate placement level. The placement process is administered by the Academic Success Center. Only admitted students (with paid confirmation of admission acceptance) or continuing students may participate in the placement process.

Writing Placement: All new freshmen students are expected to complete the guided self-placement process for appropriate placement into Written Communication A, if an SAT score is not available. All new fall freshmen are expected to enroll in Written Communication A (LVWA) with Studio (if needed) or Honors Writing (HONR 111) as part of the First Semester La Verne Experience (FLEX). Spring admitted freshmen should enroll in Written Communication A (LVWA) with Studio (if needed) in consultation with their academic advisor. Freshmen who achieve passing scores in Advanced Placement (AP) English Language or English Literature will earn subject credit toward Written Communication A (LVWA), or higher-level International Baccalaureate (IB) A1 exam will earn elective credit toward the degree. All new freshmen who transferred the appropriate college level writing course(s) from another institution that satisfy the Written Communication A and/or B General Education requirements (LVWA or LVWB) should contact the Office of Academic Advising for appropriate guidance about registration options.
Transfer students who achieved a passing score on the Advanced Placement (AP) English Language or English Literature exam, or the higher-level International Baccalaureate (IB) Language A1 exam, or have transferred the appropriate college level writing course(s) from another institution that satisfy the Written Communication A and/or B General Education requirements should submit transcripts to the University Registrar for appropriate university credit.

Students are expected to enroll in writing courses each semester until they satisfy both the Written Communication A and B requirements. Questions concerning writing placement should be directed to the Office of Academic Advising for main campus traditional undergraduates or the appropriate ROC or CAPA office.

Mathematics Placement: All new freshmen and transfer students are expected to complete an assessment the guided self-placement process unless they have 1) earned a passing score on the Advanced Placement (AP) Calculus AB or BC exam, 2) earned a passing score on the International Baccalaureate HL exam or 3) transferred the appropriate college level math course that meets the Quantitative Reasoning (LVQR) requirement. Students are expected to enroll in math courses each semester until they satisfy the LVQR requirement or satisfy the highest-level mathematics or statistics requirement(s) in their chosen major. Individual departments may have different timelines for completing the LVQR or major requirement. Students should check with their advisors to develop a plan to complete the Quantitative Reasoning (LVQR) and major requirements. Questions concerning math placement should be directed to the Chair of the Mathematics Program.

Language Placement: Students are not required to take a language placement examination. If a student is majoring in a language, a major that has a language concentration, or a major with a language requirement, or if a student is planning to take a language course in the first semester of enrollment, then the student must complete the guided self-placement process with their advisor, supported by the chair of the modern languages department.

Selected majors require a language as stated in the General Education Requirements section of this catalog. The second semester of a language fulfills one course in the Humanities area of general education. International students who are coming from an institution abroad whose primary language of instruction is not in English may be waived (but not earn units) from the language requirement. Students who feel they might qualify for a language waiver should consult with the University Registrar.

International Students: Upon arrival to campus, international students are expected to take an assessment for mathematics and writing placement. Students who have completed U.S. based college level transfer work or earned passing scores in the Advance Placement (AP) or International Baccalaureate (IB) A1 examinations should 1) submit scores to the University Registrar, 2) review the Writing and Mathematics sections above, and 3) consult with the Office of Academic Advising for appropriate guidance. Questions concerning the Proficiency Test should be directed to the Office of Academic Advising.
Academic Policies: Registration, Adds, Drops and Withdrawals

Registration, Adds, and Attendance
Registration is the process by which a student selects a course or courses for academic credit for a session or semester. The registration process is the responsibility of the student which includes (1) consulting with an academic advisor, (2) selecting courses, (3) reserving space in the courses by completing the registration process, and (4) paying for the courses. The awarding of academic credit, including the issuance of final grades, can only be done after all four steps are completed for the specified session or semester. Students are not allowed to attend classes for which they have not officially registered. Students who do not attend the first-class session (in class or online) may be administratively dropped, however, registration adds, drops and withdrawals are a student responsibility. Students are obligated to make financial arrangements for courses in which they have enrolled. Financial arrangements must be made prior to the first day of the semester/term. Students are responsible for verifying on MyLaVerne that they have, in fact, registered and/or added all classes for which they expect to earn credit.

A student adding a course to his or her initial schedule needs to follow all four steps listed above. Students are expected to complete their registration/add by the first day of classes. To assure their seats, students must attend all their classes during the first week of each session or semester.

Students who fail to process their registration/add within the open registration period must appeal to enroll into a class. Instructor’s signature is required to enroll late into a class and the appeal form must be submitted to the appropriate appeal committee. If the appeal is approved an additional fee will be required.

Registration for the traditional Fall Semester begins in the spring of the prior semester and continues through the first 7 workdays of the semester. Registration for the Spring Semester begins in the fall of the prior semester and continues through the first 7 workdays of the semester.

Registration for Terms begins during the term prior to the first day of the enrollment term. Registration continues through the first 7 workdays of the term.

Registration for the January Interterm begins in the fall and continues through the fourth day of classes. Full-time traditional undergraduate students who enroll for the spring semester may take up to five units during January Interterm at no additional charge.

Students enrolling in CAPA cycle classes must be enrolled prior to the first-class meeting on the Friday of the first full weekend.

Registration dates are available at laverne.edu/registrar for Main Campus semesters. Registration dates for Main Campus terms can be obtained from the appropriate academic department or at laverne.edu/registrar. Registration dates for Regional Campuses can be obtained from the appropriate Regional Campus.
The **Change of Program (Add/Drop)** period begins when registration opens and continues through the first 7 work days of the session/semester. An appeal fee will be assessed beginning the eighth workday of the session/semester if your appeal for a late registration (add/drop) is approved.

Registration for special courses such as independent studies and directed studies are permitted for CAPA, Regional Campus, and all other undergraduate/graduate students through 60% of the session or semester. A late fee will be assessed beginning the eighth workday of a session or semester. All special courses need to be processed in person.

All University of La Verne students register and make program changes through their MyLaVerne account. The La Verne Course Catalog and all schedules of courses are available on MyLaVerne. All students can verify the courses they have enrolled in for a specified term and the amount they will be obligated to pay on their MyLaVerne Account. A student who registers and decides not to attend the course(s) must follow the Drop and Withdrawal policy printed in this section. Complete registration information and procedures are available at: [laverne.edu/registrar](http://laverne.edu/registrar)

**Late Registration/Adds:** Students must have permission of the instructor of the class to appeal for late entry into a class. Students cannot assume an instructor will allow entry to a class if they do not attend the first-class meeting. Students must obtain and complete the appropriate appeal form and submit to the Undergraduate or Graduate Academic Appeals Committee. Further information can be obtained in the Appeals section in the catalog.

Late Registration/Adds by appeals with fee begins as indicated below:

1. Enrolling the 8th workday of a semester or term or thereafter.
2. Enrolling in a January Interterm course on the 5th workday of class or thereafter.

**Waitlist:** A student can make a request to be on a waitlist for closed classes. This will list the student name on the class roster to notify the instructor they wish to enroll in a specified class. Not all classes will allow a wait list. If a course has the wait list option, this will be designated on the schedule of courses. A student can view how many wait list spaces are available for a specified course. If there is still a space available, the student can request an open waitlisted space on MyLaVerne. The registration system will automatically notify students via their La Verne email address when a space is available. Upon receipt of the email notification that a space is available a student must enroll within 24 hours. One week prior to the first day of classes the automated waitlists process is turned off. Students must contact a faculty member directly to obtain an override to gain access to a closed class. If an override is approved and submitted by the faculty on a student's record through MyLaVerne, it is the responsibility of students to enroll themselves into the class by the last day to register/add. For assistance contact the Office of the Registrar.

**Dropping a Class:** Students should view the academic calendar for their semester/term to determine the last day to drop. Dropping a class is the process through which students officially notify the Registrar or Regional Campus of their intention to not attend a class or classes. Classes that are officially dropped are not posted on the student’s official transcript. Failure to drop a class will result in a failing grade. Drops can be processed via the student’s MyLaVerne account.
The time period to drop a class is indicated below:

1. To drop a class from a session or semester that is 8 weeks or greater a student can initiate the Drop beginning the first day of open enrollment through the first seven work days (Monday through Friday) of the session or semester, excluding university holidays. CAPA Weekend Cycles and Accelerated term students must also drop classes within the first seven work days of the term.

2. To drop a class for January Interterm a student can initiate a Drop beginning the first day of open enrollment through the 4th workday of the term.

Students are responsible for verifying on MyLaVerne that they have dropped classes they are not attending. A grade of F or WF will be earned if any such class is not dropped. Do not assume a faculty member will drop you from a class due to non-attendance.

Withdrawal from Class: Withdrawal is the process through which a student officially notifies the Registrar or Regional Campus of their intent to not attend a class or classes after the drop period is over. Withdrawals are recorded on the student’s official transcript as a W. Withdrawals can be processed via the student’s MyLaVerne account.

The withdrawal period for sessions and semesters is indicated below:

1. The withdrawal period for a session or semester class that is 8 weeks in length or greater begins the 8th workday (Monday through Friday) of the session or semester, excluding university holidays and continues through 60% of the session or semester. CAPA Weekend Cycles and Accelerated students may also withdraw from classes beginning the 8th day of the term dates through 60% of the term.

2. The withdrawal period for January Interterm begins the 5th workday of the session and continues through 60% of the term.

Students can submit their request to withdraw in person, by phone, e-mail, letter, or fax to the Registrar or Regional Campus. Students should view the academic calendar for their semester/term to determine the last day to withdraw.

A student who fails to withdraw officially from a registered course will receive a failing grade (NCR, F, WF, WNC). Faculty are required to submit a student’s last date of attendance for all students who stop attending classes prior to the last day to withdraw.

The University assumes that the student who drops or withdraws during a session or semester will return the following session or semester. A student not intending to return to the University of La Verne in the following session or semester needs to follow the Official Withdrawal process.

Students should be aware that dropping or withdrawing from classes may impact normal progress toward earning a degree, and may have significant consequences for financial aid, major completion, and graduation. Students should seek out their academic advisor for guidance and consult, where appropriate, with the Financial Aid Office.

Complete Drop and Withdrawal procedures can be found at: laverne.edu/registrar, including applicable deadlines.
**Statute of Limitations:** The University of La Verne has a Statute of Limitation policy that limits the time period a student can submit appeals concerning retroactive registration/adds/drops/withdrawals, extensions of time on INC/IP, extension of time for degree completion, as well as submission of grades. The policies can be found under the Academic Appeal section of this catalog.

**Leave of Absence:** Undergraduate students who find it necessary to interrupt their studies at the University of La Verne and desire to return may apply to the Office of Academic Advising for a Leave of Absence (LOA) prior to leaving the University. The LOA form requires signatures from the Offices of the Registrar, Student Accounts, Financial Aid, and Academic Advising. With a LOA, an undergraduate student may be absent for no more than two semesters.

A graduate student in good academic standing may request a leave of absence (LOA) from their program for military service, personal, medical, or financial reasons. If a semester or term is in session, there is no need to file a LOA if a student intends to resume his or her studies the following semester or session.

Documentation for the request should be attached to the Leave of Absence form. Graduate students should initiate the process with their respective Program Director. If the LOA is approved, the student should then obtain signatures from their academic advisor or designated academic dean, Offices of the Registrar, Student Accounts, and Financial Aid.

The time limitation for graduate students to complete their degree shall be extended by the duration of the approved leave of absence. A LOA does not defer a student’s loan obligations. Graduate students who have been granted a LOA may be absent for up to four semesters or eight sessions (depending on whether the program is semester or session based) without reapplying for admission. Some programs have more restrictive policies regarding the duration of a LOA and students in those programs should consult with the Program Director prior to taking a leave. Leaves of Absence for military deployment have no time limit and students may return at any time.

A LOA becomes effective prior to the start of a semester or session. Students on a leave of absence may not receive any services from the university including, but not limited to, library access or dissertation/thesis mentoring.

Students are required to keep the University informed about plans to return. Otherwise, they will be considered withdrawn after the approved time has expired, except in cases related to military training or deployment.

**Withdrawal from the University:** A student who wishes to withdraw from the university must obtain a “Withdrawal” form from the Office of Academic Advising, the Registrar, or their respective campus and have it signed by the academic advisor and the Offices of the Registrar, Student Accounts, and Financial Aid. Students who are transferring to another institution must fill out a Withdrawal form. Students who fail to officially withdraw from classes will receive failing grades. The effective date of withdrawal is the date the student officially withdraws from all courses or the final day of the term. Students withdrawing from the University of La Verne must also withdraw from University housing if they live in the residence halls.
Cross-Enrollment Policy: Undergraduate and master’s degree students are admitted into degree programs that operate under semester schedules or session schedules. Doctoral students may cross enroll in session and semester courses if they maintain full-time enrollment as designated for their primary degree program. College of Law students may only cross enroll during the summer or with special approval of the College of Law Dean.

Academic Progress

Policy on semester hour: At the University of La Verne a semester hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

1. One hour of classroom or direct faculty instruction (at the University of La Verne this equates to a contact hour of 50 minutes) and a minimum of two hours of out-of-class student work each week for approximately sixteen weeks for one semester or the equivalent amount of work over a different amount of time; or

2. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution, including laboratory work, internships, practicum, studio work, and other academic work leading to the awarding of credit hours.

Course Load: Undergraduate - A bachelor’s degree candidate must complete an average of 32 semester hours per year to earn a degree within four years. A student at the Main Campus normally accomplishes this by taking 16-18 semester hours each semester, and 1-5 semester hours in January Interterm. A session Bachelor’s student normally accomplishes this by taking 8 semester hours for each session offered in an academic year.

Below is a chart indicating the minimum semester hours needed for the semester based and session based undergraduate students for each reported time status. CAPA students who attend Weekend cycle courses, CAPA Accelerated Evening, CAPA Accelerated Sunday and/or CAPA Distant Learning terms are all considered to be semester students. Students need to be aware what the minimum time status is required to maintain eligibility for financial aid, athletics, student activities, insurance, housing, I-20 to name a few.

Course Overloads: A Main Campus Undergraduate is eligible to enroll in a maximum of 18 semester hours in a single semester. Students who desire to take 19 semester hours in the 16 week semester can do so by obtaining the signature of their academic advisor. Students who
receive permission to take 19 semester hours must submit an appeal form to the Office of the Registrar. Once the appeal to enroll in 19 semester hours is approved and the student has paid the appeal fee, the Office of the Registrar staff will increase the maximum semester hours allowed to permit the student to register. Note: students who are taking the course overload in residence at the University of La Verne will be charged for the additional semester hour(s).

Student who desire to take 20 semester hours or more must petition to the undergraduate academic appeals committee for approval. If approved, an appeal fee will be required and additional tuition charges will be assessed if enrolling at the University of La Verne. This process must be completed prior to enrollment.

A Main Campus undergraduate who is enrolled at the University of La Verne and concurrently enrolls at another institution, cannot enroll in more than 18 semester hours TOTAL for both institutions for the Fall or Spring Semester. A Main Campus undergraduate who is enrolled at the University of La Verne and concurrently enrolls at another institution, cannot enroll in more than 12 semester hours TOTAL for both institutions for the Summer.

Overloads are not permitted for the January Interterm.

Regional Campus and CAPA students requesting to enroll in more than the number of semester hours specified for full-time enrollment must have approval by the Director of their Regional Campus two weeks prior to registration week. Approvals are based on extenuating circumstances. Students who wish to enroll in courses at other institutions should obtain the approval of their academic advisor and the Registrar Office before enrolling.

**Enrollment of Undergraduate Students in Graduate Courses:** Undergraduate students who wish to take courses for graduate credit must be within eight semester hours and enrolled in their final courses for degree completion of the baccalaureate degree and may take no more than 8 semester hours for graduate credit. The approval form must be completed prior to the beginning of the semester with appropriate signatures (undergraduate program advisor, instructor, Registrar, and appropriate Dean for the graduate courses). All 400-level courses taken without such approval will be considered to have been taken for undergraduate credit. Undergraduates may not enroll in 500 or 600 level courses without prior approval. 500 and 600 level courses are not applicable toward an undergraduate degree.

**Normal Academic Progress: Undergraduate:** A full-time undergraduate student will be considered making normal academic progress in good standing when completing 24 semester hours per year while maintaining a 2.00 cumulative GPA; a part-time student, when completing 12 semester hours per year while maintaining a 2.00 cumulative GPA.

Student class level is determined by the number of semester hours completed as follows:

- **Freshman** 0-27 semester hours successfully completed
- **Sophomore** 28-59 semester hours successfully completed
- **Junior** 60-91 semester hours successfully completed
- **Senior** 92 semester hours successfully completed and above

To maintain financial aid eligibility, students must also meet financial aid satisfactory academic progress standards as described under Satisfactory Academic Progress Policy in the Financial Aid section of this catalog. Students receiving veterans benefits who fail to maintain the 2.00
cumulative GPA required for graduation in three consecutive semesters will have their benefits interrupted, and the VA office will be notified.

**Academic Standing**

Academic standing is calculated after Fall, Spring, and Summer Semesters. Academic standing is reported at the end of the Semesters as listed above. Grades submitted at a later date will not result in an updated academic standing status. **Academic standing is an end-of-term process and will not be updated with subsequent grade submission.**

**Academic Warning:** An academic warning is given to an undergraduate student in good standing who fails to earn a 2.00 GPA in a given semester. An academic warning is posted on the transcript and grade report for that semester.

**Academic Probation:** Academic probation is a serious warning to students that their scholastic record is unsatisfactory. Continued failure to improve this record will result in academic disqualification. Students on probation will have semester hour restrictions. An undergraduate student whose cumulative institutional GPA falls below 2.00 will be placed on academic probation, with an appropriate notation made on the transcript.

Undergraduate students on academic probation must achieve an institutional GPA of 2.00 or above for each semester until their cumulative institutional GPA reaches 2.00 or greater. Undergraduate students will remain on academic probation until their cumulative institutional GPA rises to 2.00 or better and will not be eligible for enrollment in the culminating activity or for commencement until academic probation is removed.

Academic probation is distinct from financial aid probation, which is covered in the Financial Aid section of this catalog.

**Academic Disqualification:** Undergraduate students who fail to earn a 2.00 institutional GPA in any session/semester after being placed on academic probation will be academically disqualified. Disqualified students are not allowed to return to the University.

Main Campus Undergraduate Academic Disqualified students who want to return to the University of La Verne must appeal to the Office of Academic Support and Retention Services for reinstatement.

ROC undergraduate students must appeal to the Dean of the Regional and Online Campuses for reinstatement to the University of La Verne.

Extenuating circumstances will be reviewed on a case by case basis. Students may be required to sign a contract outlining the conditions that must be met when a student is reinstated.

Academic disqualification will be recorded on the students’ academic transcript. Should a reinstated student not meet the conditions specified at the time of reinstatement, academic disqualification will result. The Veterans Administration (in cases where students receive VA funds) or other appropriate governmental agencies will be notified when a student is academically disqualified.
Reinstatement of Academically Disqualified Students: The readmission of a previously disqualified student is by special approval. La Verne will consider an application for reinstatement only after the student has remained absent for a minimum of one year following disqualification and has fulfilled all conditions of re-enrollment. In every instance, reinstatement action is based on evidence, including transcripts of courses completed elsewhere after disqualification. If reinstated, the student may be placed on academic probation.

Academic Disqualification is distinct from Financial Aid Satisfactory Academic Progress. Students who appeal for academic reinstatement must also appeal to the Office of Financial Aid.

Academic Renewal for Undergraduate Students: Under special circumstances a student may petition for academic renewal. Academic renewal is provided for currently enrolled undergraduate students whose previous academic record was below the acceptable standard (a cumulative institutional GPA of less than 2.00) and is not reflective of their current demonstrated ability to succeed. A student may request Academic Renewal if the following conditions are met:

1. The student is currently matriculated at the University of La Verne.
2. At least five years have elapsed since the end of the semester in which the work requested for removal was taken.
3. The student has completed 18 semester hours with a minimum GPA of 3.00, 24 semester hours with a minimum GPA of 2.50, or 30 semester hours with a minimum GPA of 2.00 at the University of La Verne since the work to be removed was completed.
4. The student was matriculated and enrolled full time when the substandard work was completed.

Having met these conditions, a student may petition for removal of University of La Verne degree work from the institution by submitting a request to the appropriate Academic Dean. A student may request the maximum of one academic year (four sessions, or two semesters, interterm, and a summer session, consecutively taken) to be removed from the degree calculation. The request for Academic Renewal will be considered with supporting statements providing evidence of the following:

a. Conditions 1-4 above have been met, and
b. The work requested to be removed from the degree calculation is substandard and not representative of the student’s current academic ability.

If the Academic Dean approves the request, “Academic Renewal” will be printed on the student's transcript and show that no work taken during the terms removed, even if satisfactory, will be applied to the Bachelor's Degree. All work will remain on the transcript to ensure a true and complete academic history, and all work, including the academic renewal terms will be included in the computation for departmental and school honors.

Academic Renewal only applies to course work completed at the University of La Verne. Students who have unsatisfactory grades at other colleges or universities must consult those institutions to see if they are eligible for academic renewal according to the policies of those institutions. Academic renewal from another institution will not be considered by the University of La Verne after matriculation at the University.

Alternative Instructional Modes
**Directed Study:** A directed study is an approved catalog course taught independently to one student. Courses may be taken by directed study only if the course is not scheduled during the semester and only with the instructor’s and the department chair or program director’s prior approval. Directed study courses may only be taken by matriculated students in good standing. Directed Study Forms are available from the Registrar and [laverne.edu/registrar](http://laverne.edu/registrar). The forms must be signed by the instructor and the department chairperson before they are submitted with the registration form to the Office of the Registrar. Traditional undergraduates may register for directed studies only during the normal registration period. CAPA, ROC and graduate students may register until the last day to withdraw from a course.

**Independent Study:** An independent study course is a course initiated and written by a student that deals with material not covered in any approved catalog course. The student works independently under the guidance of an instructor who must approve the student’s comprehensive written plan and time line before the student can begin. An independent study form, available from the Registrar and [laverne.edu/registrar](http://laverne.edu/registrar), must be signed by the instructor and the department chairperson prior to commencement of the study. Independent studies are available only to matriculated students in good standing at the University of La Verne. Traditional undergraduates must register for independent studies only during the normal registration period. CAPA, ROC and graduate students may register until the last day to withdraw from a course. Independent studies can be approved as 199, 299, 399, 599, or 699 courses for a maximum of four semester hours each.

**Challenge Examinations** are available for courses listed in the University of La Verne’s catalog. A student may request to take the challenge exam if the student is not enrolled in the course. The student must complete the Challenge Exam process and pay a $50 fee, and, if the exam is successfully passed, the student will satisfy the requirements for the course for 0 semester hours. Students have the option to earn the course’s semester hours by paying one unit of tuition. Full instructions for a challenge exam can be found in this catalog.

Note: not all courses are challengeable. Courses listed in the catalog are challengeable unless specifically listed with a code of NCH.

**Course Challenge:** Matriculated students, who believe they can successfully demonstrate the competencies of a course without attendance, may request to challenge the course. Many University of La Verne courses may be challenged for credit. Students can view the MyLaVerne course catalog to determine if a course is challengeable.

The student may see a list of course goals and objectives prior to challenging the course. A complete list of steps to challenge a course can be found on the Office of the Registrar website. If the student demonstrates the competencies required for successful completion of the course, the number and title of the course will be placed on the transcript with a CRD grade. If the student does not demonstrate the competencies, nothing is recorded on the transcript. A student may only challenge a course once. If a student fails a course challenge, he or she may receive credit for the course only by enrolling in the course for credit. A maximum of eight semester hours of course challenge may be counted toward fulfilling the undergraduate residency requirement.
Students may not challenge any course in which they have received tutoring from a La Verne instructor, was formerly enrolled, or has audited formally or informally. Any student who has received secondary or higher education in a country where the native language of instruction is not English may not challenge beginning or intermediate courses in this language. Any student who has received credit for high school courses in foreign languages may not challenge those courses at La Verne. In this context, two years of high school foreign language will be considered equivalent to one year of college instruction. First year language courses may not be challenged. With respect to these limitations placed on the challenging of language courses, CLEP examinations will be regarded as challenges.

**College Writing A and College Writing B Challenge Exam:** Students who believe they can successfully demonstrate the competencies for RCS 110 or RCS 111 can pay the $50 non-refundable fee to initiate this process. Main Campus Adult Learners and transfer students who desire to take the writing challenge exam will need to contact the First-year Rhetoric and Writing Program in the Department of Rhetoric and Communication Studies. Adult learners at Regional Campuses need to consult with their Academic Advisor.

Students who do not pass the RCS 110 or RCS 111 exam must enroll immediately in the class to earn credit for the course. Students who pass the exam can also request to obtain course credit for RCS 110 or RCS 111. Please see the course challenge section.

**Community Service Alternative Assessment:** The Alternative Assessment provides those students who have conducted a meaningful community service opportunity of at least 20 hours with the possibility of demonstrating the achievement and mastery of the core competencies and learning outcomes of the LVE 305: Learning Through Community Service course.

Portfolio submission for the Alternative Assessment must be submitted no later than one semester prior to graduation. Verification of satisfactory completion of at least 20 hours of unpaid community service, which was completed within the last year and not within the semester of submitting the application, must be provided. With adequate supporting documentation, community service within the last two years will be accepted, but integration of the experience will have to be substantially present in the alternative assessment reflection paper. The 20 hours of community service must be completed at and documented by one non-profit organization. A submission for the Alternative Assessment assumes that students have reviewed the requirements and believe they have attained mastery of service-learning outcomes that align with LVE 305 and have reviewed the service-learning outcomes listed on the Office of Civic and Community Engagement website: [https://laverne.edu/engagement/assessment/](https://laverne.edu/engagement/assessment/)

Along with graduation date documentation from Office of the Registrar, the Portfolio contents must demonstrate competency in social justice issues related to the community service, what it means to be an engaged citizen, and an understanding of reciprocity as a component of community engagement. After reviewing the community service-learning outcomes, as well as the detailed requirements for the submission of an Alternative Assessment Portfolio, if you think your community service experience and understanding of service learning lends itself towards fulfilling these outcomes, you are a good candidate for completing the alternative assessment. Students are responsible for evaluating whether their prior community service is acceptable for the alternative assessment. The outcome of the application may not be contested.
There is a $50 non-refundable fee for this assessment. Exceptions to the unpaid requirement will be made for active duty military personnel who are not given release time but who participate in community service while on duty. The Request for Community Service Assessment form can be found on the Community Service website along with instructions.

Certification Options: Students have the option of fulfilling certain General Education requirements by showing competency through prior learning or experience. The following general education areas can be fulfilled through certification: Written Communication, Quantitative Reasoning, Foreign Language, Creative and Artistic Expression, Community Service, and Lifelong Wellness. If a student successfully demonstrates competency in an area, the general education area will be fulfilled, but no course credit will be given. For Written Communication and Community Service, students are required to pay a fee in order to enter the certification process (see “Tuition and Fees”). Students certified in Written Communication or Community Service have the additional option of paying the Course Challenge Fee and receiving course credit. Payment for course credit must be completed within one semester or session after completing the certification or no course credit will be given. Students who wish to meet a requirement through certification should contact the appropriate department for information.

Auditing: Most courses may be audited with the permission of the instructor if seats are available. Students pay one-half the regular tuition. Students do not receive semester hours nor meet any University requirements. Audited courses will appear on a student’s transcript with a grade of Audit. The normal registration deadlines apply, and changes from audit to grade status (or grade to audit status) must be made before the end of the seventh day of classes in any semester; the end of the third day of classes during January Interterm.

University of La Verne courses can be designated by three digits or by three digits and a letter. The common letters used in course designations are A, B, C, and D with sequences, F with field work, G with selected graduate courses, L with laboratories, P with practicums, S with seminars/studio, and W with workshops. Other letters have been used as needed to provide course numbers and do not have significance in defining the courses.

**Course Value:** All La Verne courses are offered on a semester hour basis. The semester hour value of each course is listed in parenthesis after the course title in the Programs section of this catalog. The standard value for undergraduate courses is 4 semester hours; for graduate courses, 3 semester hours.

**Course Location:** Most courses are available on more than one campus. Where a course is offered only at one location, the location is listed followed by “only.”

**Course Frequency:** Some courses are offered every semester; most are offered less frequently. Course schedules for all locations are available on MyLaVerne online, accessible from: laverne.edu

**Course Challenges:** Non-challengeable courses are marked NCh in the Course Catalog on MyLaVerne.

**Grade Options:** Most courses can be taken either for a letter grade or for Credit/No Credit at the student’s discretion. If the grade option is limited, the course description specifies “May be taken Credit/No Credit only” or “May be taken for a letter grade only.” Students need to check with their academic advisor to ensure a grade of Credit can be applied to their degree requirements.

**Final Examinations:** The University Registrar publishes final exam schedules each semester. Students have a right to sit for no more than two final exams in one day. In cases where a student has more than two final exams scheduled on the same day, faculty will accommodate students.

   a. Students are individually responsible to work directly with their instructor(s) to request alternative exam arrangements as soon as possible. Unreasonable requests for accommodations such as, but not limited to, last minute requests except in illness or emergencies, may be denied by the instructor(s).

   b. When three final exams are scheduled back-to-back on a single day, or students experience documented and verified illness or emergency, students may wish to speak with their instructors. Instructors may collaborate with individual students to reschedule final exams on a date that is mutually agreeable. The rescheduled exam must be made with enough time to allow the instructor to meet the deadline for grade submission.

   c. Students and/or instructors who are unable to reach agreement for reasonable requests for accommodations may appeal to the department chair or academic dean of the school or college as soon as possible. Appeals will be handled on a case-by-case basis.

   d. The instructor must plan with the Academic Success Center (ASC) and notify the student if proctored testing is necessary. Students are expected to follow-up with the ASC to plan for testing and to inquire about specific policies or procedures associated with proctored exams.

   e. Final exams for “session” students are given on the last class session.

Faculty are prohibited from withholding grades for non-completion of course evaluations. Further, faculty shall not attempt to influence students’ course evaluations through any means. Faculty may engage in motivational strategies such as expressing to students the importance of the student voice in course change and/or allowing class time to complete course evaluations. Student evaluations of courses are anonymous.

Credit/No Credit (CRD/NCR) Grade Option: Courses taken for CRD/NCR do not affect a student’s GPA. Certain courses, designated “CRD/NCR only” in the Courses section of this catalog, may only be taken CRD/NCR. Undergraduate students are encouraged to use this grade option to explore courses outside their majors. However, no undergraduate may take more than one class of CRD/NCR per semester, elect the CRD/NCR option in a course required for a major, or apply more than 32 semester hours of La Verne CRD grades toward a degree. Exceptions to these limitations are courses listed as “CRD/NCR only”. Selection of the grade option is done at the time of registration. Students can change their grade options in the Office of the Registrar up to 60% into the semester. Changes after the 60% time period can only be approved by the appropriate appeals committee.

Incomplete Grades (INC): Incompletes are authorized only when 1) it is impossible for the student to complete the course due to illness or other justifiable extenuating cause and 2) the
student has successfully completed all coursework up to the last day to withdraw in the semester or session.

Students must initiate a request for an Incomplete, and if able, complete the Incomplete Contract available on MyLaVerne. Faculty are able to create an Incomplete Contract on behalf of the student, but it is the student’s responsibility to make sure the Incomplete Contract is submitted on MyLaVerne. The contract can be found on the Student Record Menu in MyLaVerne. The contract must be submitted prior to the last day of the semester. The contract will be reviewed by the instructor at the time of grade submission. The instructor can amend the contract on MyLaVerne to list outstanding course requirements and approve or deny the request for an Incomplete. Note: if a contract has not been submitted a faculty member cannot submit a grade of “INC”.

By requesting an INC, the student agrees to complete the coursework specified on the contract. It is the student’s responsibility to check the MyLaVerne account to view the status of the incomplete contract.

Session students (Sessions are defined as 8 weeks in length) must submit all final coursework/assignments as follows:

Semester students (Semesters are defined as 16 weeks or greater and the 4-week interterm) must submit all final coursework/assignments as follows:

**In Progress Grades (IP):** In Progress grades are reserved for directed studies, independent studies, field work courses, senior projects, and graduate culminating activities wherein the contract at the time of registration specifies a date of completion that is beyond the end of the term of registration. The intent of the IP policy is to provide for individualized study which, in its inception, requires more than the normal session or semester to complete. Courses with a grade of IP are not considered enrollment beyond the original term of registration. Students who receive IP grades are maintaining satisfactory academic progress for financial aid purposes. An IP grade will automatically be converted to a failing grade of NCR or F, if not cleared within one year following the term of registration. A grade of IP is not considered as enrollment. Students who receive a grade of (IP) must submit all final coursework/assignments by the dates as specified below.

(Notes: faculty can designate an earlier date to require all coursework to be submitted. This date is specified on the Directed Study Contract or Independent Study Contract).

Session students (Sessions are defined as 8 weeks in length) must submit all final coursework/assignments as follows:

Semester students (Semesters are defined as 16 weeks or greater and the 4-week interterm) must submit all final coursework/assignments as follows:
No Grade (NG): This is a temporary grade issued by the Registrar pending receipt of the official grade from the instructor. If an instructor does not submit a final grade, the NG grades, will be automatically converted to a failing grade of NCR or F. NG grades are automatically converted to failing grades using the same calendar guidelines as stated above for “INC” grades. Students who received an NG are encouraged to contact their instructor immediately to obtain their correct final grade.

Final Grades: Grades submitted to the Office of the Registrar by the instructor of record are final and official. By policy a final grade is based on the instructor’s evaluation of course work completed as of the contractual end of the course. Final grades may not be changed as the result of the submission of additional work or the repeating of examinations after the contractual conclusion of the course for the purpose of improving the final grade. The Registrar is authorized to accept an adjusted grade only when all the following conditions are met:

1. The student applies to the instructor for a re-evaluation within four weeks after the student grade is available through MyLaVerne;
2. The instructor concludes by re-evaluation that the original grade issued was in error;
3. The revised grade is officially reported by the instructor to the Office of the Registrar as a result of re-evaluation within a reasonable time after the grade report was made available on MyLaVerne.

A student may elect to repeat a University of La Verne course for the purpose of improving a grade only if repeated at La Verne. The student must enroll in the same La Verne course and is expected to repeat the course in its entirety. When a course is repeated, the original course, grade, and semester hours remain on the transcript, but are appropriately marked and are no longer part of the student’s GPA or applicable toward credit for graduation. Only the grade and semester hours of the repeated course are counted.

Notification of final grades for each course is made through each student’s MyLaVerne account. A student who has a hold on his or her account must clear the hold to view final grades.

Statute of Limitations: The University of La Verne has a Statute of Limitation policy that limits the time period a student can submit appeals in regard to retroactive registration/adds/drops/withdrawals, grade option changes, extensions of time on INC/IP, extension of time for degree completion, as well as submission of grades. The policy can be found under the Academic Appeal section of this catalog.

Appeals of Final Grades: A student who feels that an incorrect grade has been given must consult with the instructor first and must make this appeal within four weeks after grades are issued. A student dissatisfied with the instructor’s response may appeal to the program chair and department chair. Subsequently, an appeal may be made to the appropriate college Dean and finally to the Provost. The decision of the Provost is final on all academic matters. Questions of subject matter will usually be handled by the department. Students must be able to submit supporting information such as course assignments and test results. Charges of injustice due to prejudice or capricious action may require the attention of the Dean.

Official Cumulative Record/Transcript: The Registrar maintains each student’s official record which includes a complete academic history. All courses attempted at the University of La Verne are listed on the official transcript. In addition to the official transcript, official records are maintained which establish the last day of attendance for courses in which a withdrawal
occurred. The official transcript will only be released upon the written consent of the student in compliance with federal and state policies.

Students can view their official cumulative record on their MyLaVerne account. Students should periodically review their record to track their progress towards degree completion. Official printed/electronic copies of transcripts can be requested through the National Student Clearinghouse. The link to request copies is located in the student portal. There is a fee for this service. Questions regarding your official transcript should be directed to the Office of the Registrar or Regional Campus Director.

**Graduation and Honors**

**Dean’s List:** The Dean’s List is issued at the end of each full term to honor undergraduate students who excelled in their courses during that semester/term. To receive this honor, a student must be full time and have a minimum GPA of 3.75. In addition, a student must have letter grades in the minimum number of units required to be full time. Students must complete all semester hours within the semester enrolled. Students who complete IP’s and INC’s at a later date may petition to be placed on the Dean’s List retroactively.

National Honor Societies: La Verne has chapters of several national honor societies including: Alpha Chi (all fields), Alpha Kappa Delta (Sociology), Alpha Lambda Delta (all fields), Alpha Psi Omega (Theatre Arts), Lambda Alpha (Anthropology), Lambda Epsilon Chi (Legal Studies), Phi Alpha Theta (History), Pi Gamma Mu (Social Science), Psi Chi (Psychology), Sigma Delta Pi (Spanish), and Sigma Tau Delta (English).

**Application for Graduation:** All students must submit an application for graduation along with the published fee. Undergraduate students should file an Application for Graduation with the Office of the Registrar two semesters or three terms prior to their anticipated completion date. Any student with a major in Liberal Arts, Social Science, or a major not listed in the catalog must also submit a major contract. Any student with a minor not printed in the catalog must submit a minor contract. This application provides the Registrar with the information needed to prepare the diploma and to include the student’s name in the list of graduates.

A graduation fee is required of all students. This fee covers the costs associated with the completion of a degree program. Upon submission of the Application for Graduation and associated fees, the Office of the Registrar or Graduate Services will complete an official degree audit to assess the student’s progress toward degree completion. Students who have not applied for graduation are not eligible for degree posting and will not be reviewed for degree completion.

Students who have declared their intent for graduation by submitting their Application for Graduation will have their records reviewed by university officials. If the review results in the student being eligible to be printed on a commencement list, a student can no longer add or delete a major, minor, or concentration.

**Commencement Ceremony:** The University of La Verne holds commencement ceremonies each year in Winter and in Spring. A candidate qualifies to participate in the Winter ceremony upon successful completion of all degree and program requirements during the preceding Summer, Fall terms, or when he or she has enrolled in all final courses during the current January Interterm. A candidate qualifies to participate in the Spring ceremony upon successful
completion of all degree and program requirements during the preceding Winter Term, or when he or she has enrolled in all final courses during the current Spring term.

**Diplomas:** The actual completion date of a student’s degree will be noted on the official transcript. The diploma, however, will carry one of the following dates, whichever comes first after degree completion — May 31, August 31, or January 31. For graduate students, the specific title of the degree with the concentration will appear on the diploma; for undergraduate students, the degree, the major, undergraduate honors, and the concentration (if any) will appear on the diploma (minors do not appear on the diploma).

**Changes to Academic Records after Degree Completion:** A student’s Academic Record is academically sealed at the time the student’s degree is posted to their transcript. Except for error, omissions, or documented discrepancies, changes to the student’s major, minor, concentration, GPA, academic honors or other components of the academic record are not permitted.

**Undergraduate Honors**

A bachelor’s degree student must have taken at least 84 semester hours for letter grades to be considered for honors. Honors at graduation are based on GPA according to the guidelines below:

*Cum Laude (Honors).* The student who completes 44 semester hours or more at the University of La Verne, and who earns a minimum GPA of 3.60 in courses taken at the University and a minimum GPA of 3.60 in all work applicable toward the bachelor’s degree, will be considered for the honor of Cum Laude upon graduation.

*Magna Cum Laude (High Honors).* The student who completes 44 semester hours or more at the University of La Verne, and who earns a minimum GPA of 3.75 in courses taken at the University and a minimum GPA of 3.75 in all work applicable toward the bachelor’s degree, will be considered for the honor of Magna Cum Laude upon graduation.

*Summa Cum Laude (Highest Honors).* The student who completes 60 semester hours or more at the University of La Verne, and who earns a minimum GPA of 3.85 in courses taken at the University and a minimum GPA of 3.85 in all work applicable toward the bachelor’s degree, will be considered for the honor of Summa Cum Laude upon graduation.

Printing of Undergraduate Honors in the Commencement list will be based on the number of semester hours completed and the GPA reflected on the student’s academic history at the time the list is prepared for printing. The posting of the honors to the student’s academic history and diploma will be based on the semester hours completed and GPA at the time of degree posting.

**Departmental Honors - Undergraduate:**

Departmental honors are granted to undergraduate students who demonstrate a high level of achievement in their majors. Students are encouraged to work toward departmental honors and should apply to the department chairperson or academic advisor. Departmental honors will be awarded based on a high-quality senior thesis/project and a minimum GPA of 3.60 in the major and 3.00 overall. All major courses, except for challenges, must be taken for letter grades. These are the minimum requirements for honors; departments may add other requirements. Departmental honors are printed on the official transcript but not on the diploma. Printing of Department Honors in the Commencement list will be based on the number of semester hours completed and the GPA reflected on the student’s academic history at the time the list is
prepared for printing. The posting of Department Honors to the student’s academic history and diploma will be based on the semester hours completed and GPA at the time of degree posting.

LA VERNE EXPERIENCE

The La Verne Experience (LVE) is a holistic approach designed to introduce students to the University of La Verne (ULV) core values. In addition, LVE integrates curricular, co-curricular, and community engagement activities that promote best practices in higher education. All students are expected to complete the Bachelor’s Degree within four years.

First-Year La Verne Experience (FLEX): FLEX introduces students to the university values of lifelong learning and community engagement. Furthermore, particular emphasis is placed on creating a sense of belonging for students. These outcomes are fostered by asking students to participate in a learning community consisting of two courses linked through a common academic theme. This is a requirement for all non-transfer first-years at the university.
La Verne Experience 100 (LVE 100): LVE 100 introduces students to the university values of ethical reasoning as well as diversity and inclusivity. This course is typically taken during the first- or second-year. Furthermore, this requirement may be satisfied by completing a stand-alone LVE 100 or by passing a GE or major-specific course designated with the LVE 100 attribute (LVDI).

La Verne Experience 200 (LVE 200): LVE 200 equips students with the skills that are necessary for success in their future careers. This course is typically taken during the second-year and may be satisfied by completing a stand-alone LVE 200 or passing a major-specific course designated with the LVE 200 (LVUV) attribute.

La Verne Experience 305 (LVE 305): LVE 305 furthers student mastery of the university values of lifelong learning and community engagement. This course is typically taken during the third-year and may be satisfied by completing a stand-alone LVE 305 or passing a major-specific course designated with the LVE 305 (LVCS) attribute.

La Verne Experience 400 (LVE 400): LVE 400 furthers student mastery of the university values of ethical reasoning as well as diversity and inclusivity. This course is typically taken during the fourth-year and may be satisfied by completing a stand-alone LVE 400 or by passing a major-specific course designated with the LVE 400 (University Reflection) attribute.

Baccalaureate Degree Requirements

General Requirements: To obtain a bachelor’s degree from the University of La Verne, a student must complete the residency requirement, the minimum GPA requirement in the major, General Education requirements, all major requirements, upper division requirements, minimum course grade requirements, and the minimum number of semester hours required. Below you will find the specifics for each requirement. It is the responsibility of students to familiarize themselves with these requirements. Advisors are assigned to assist students with their degree objectives. All students are expected to meet with their academic advisors each semester or term in preparation for registration. Traditional undergraduates are required to meet with their academic advisors at least once each semester to discuss academic progress and to obtain a unique Academic Advising Code (AAC) that permits online registration. Students are encouraged to develop Student Educational Plans (SEP) in consultation with their academic advisors to ensure satisfactory and timely degree completion. Students are encouraged to consult with academic advisors to jointly design plans and track progress that balance completion of general education and major courses.

General Education Requirements:

A minimum of 128 semester hours, including all the general education requirements listed below and the appropriate major requirements listed in the Undergraduate Programs section of this catalog.

A minimum of 44 semester hours must be successfully completed at the University of La Verne in residence. See Residency the Requirement section of this catalog for details.

A minimum of 44 semester hours at the upper division level (300-400 level) courses must be successfully completed. See the Upper Division Requirements section of this catalog for details.

Residency Requirement: Students must enroll in and successfully complete 44 semester hours of course work at the University of La Verne. At least 16 semester hours of the residency
hours must be at the upper division level in the major. Students who declare a minor must have at least 16 semester hours of coursework completed in the minor at the University of La Verne. All traditional age undergraduate students on the main campus who have reached senior standing may transfer no more than 16 of the last 32 units; remaining units must be earned in residence.

Active-duty service members and their adult family members (spouse and college-age children) who enroll and petition for graduation at the University of La Verne under the SOC agreements, the University will limit academic residency to twenty-five percent or less of the degree requirements. There is no “final year” or “final semester” residency requirement for these students under this agreement. Academic residency can be completed at any time while active-duty service members and their family members (spouse and college-age children) are enrolled at the University of La Verne. Reservists and National Guardsmen who enroll at the University of La Verne under the SOC agreements and who are on active-duty are also covered in the same manner.

**Upper Division Requirement:** Students must enroll and successfully complete a minimum of 44 semester hours of upper division coursework. This includes a minimum of 24 semester hours of upper division coursework in the student’s major(s). Students need to consult the major requirement section of this catalog for any other program specific upper division requirements. Students who have interest in adding a minor need to review the Bachelor's Degree Minors section of this catalog for additional upper division requirements. Upper division courses at the University of La Verne are defined as 300-400 level courses.

**GPA Requirements:** To qualify for graduation, the student must have a minimum La Verne GPA and a cumulative GPA of 2.00 or better, in the major, minor (if declared), and overall. The Programs section of this catalog lists any additional departmental GPA requirements. Refer to the Academic Information to find information in regards to graduating with Honors.

**Course Grade Requirements:** For the purpose of fulfilling elective requirements and general education requirements other than Written Communication, a course in which a D or D+ was received will be counted only if the course was taken at the University of La Verne. A grade of C- or better is required to fulfill the Written Communication general education requirement, to count toward an academic major or minor, or to advance to the next course in the ESL program. The grade of C- is also the minimum acceptable grade for prerequisites for undergraduate courses as well as for undergraduate prerequisite courses in the major. All major courses must be taken for a letter grade.

**Senior Seminar/Culminating Activity Requirement:** All undergraduate students of the University of La Verne must register for and complete their major/concentration senior seminar or major-designated culminating course in residence at the University of La Verne.

**Minimum Number of Semester Hours:** The minimum number required for degree completion is 128 successfully passed semester hours. Repeated courses, unless designated in the catalog as being repeatable, will be counted one time only. The minimum number of semester hours for a course to meet a GE requirement is 2 semester hours unless otherwise designated.

**Degree Completion Date:** The degree is not considered completed until all of the above requirements have been fulfilled, all relevant transfer work and grades have been received, and all applicable graduation or appeal fees have been paid. The degree date will be determined by the final event that completes the degree; this may be the final day of the session or semester,
the date coursework is completed for an IP or INC grade, or the payment of required graduation and/or appeal fees. Degrees completed via transfer work will be assigned a degree date based on the nearest La Verne semester ending date, with certain exceptions determined by the Office of the Registrar.

**General Education Requirements—Bachelor’s Degree Programs**

**Philosophy:** General Education at the University of La Verne has two primary objectives: 1) to communicate the central values of the University as expressed in its Mission Statement, and 2) to expose students to the traditional liberal arts fields of study. It provides students with the knowledge, skills, and attitudes crucial to student success in the 21st century world and workplace.

For each General Education requirement, acceptable courses are marked with a GE attribute in the La Verne Course Catalog, located on MyLaVerne, and shown below in parenthesis. One “course” is defined as a minimum of two semester hours, and no course can be used to meet more than one General Education requirement. Students may take a maximum of two (2) courses in their major and a maximum of one (1) course in their minor to also fulfill their General Education requirement.

Some majors require foreign language as part of the Humanities requirement. Students meet this requirement by completing, transferring in, or testing out of second semester college-level foreign language as one of their two Humanities requirements.

The following majors require foreign language: Anthropology, Art History, Digital Media, Communications, Creative Writing, Criminology, French, History, International Business and Language, International Studies, Journalism, Liberal Arts, Philosophy, Political Science, Religion, Religion and Philosophy, Social Science, Sociology, Spanish, Rhetoric and Communication Studies, and Studio Art. Students whose first language is not English and who successfully pass (C- or better) RCS 109 Intro to Expository Writing, RCS 110 College Writing A, or RCS 111 College Writing and Research will have their Foreign Language requirement waived.

The following general education areas can be fulfilled through certification: Written Communication, Quantitative Reasoning, Foreign Language, Creative and Artistic Expression, Community Service, and Lifelong Wellness. Certifications do not carry course credit. However, students certified in Written Communication or Community Service have the option of paying the course challenge fee and receiving course credit. Students who wish to meet a requirement through certification should contact the appropriate department for information.

Writing Requirement for Undergraduate International Students: An International student who has been accepted into an undergraduate program by demonstrating English competency as described in the Admissions section of this catalog, but who has not passed a transferable course in written composition equivalent to RCS 110, Written Communication A, must have scores on file in the Admissions Office from one of the following proficiency tests before registration for his or her first semester at La Verne: the iBT (TOEFL), the SAT, the IELTS or ELS Language Centers level 112. This includes students who are transferring from other institutions in the United States. If the test scores indicate that the student is below RCS 110 level, they will be placed into RCS 109 with Studio during the first semester at the University of La Verne and continue instruction in RCS 110 and RCS 111 in the following semesters. Fall admitted freshmen are expected to register in Written Communication A (RCS 110) as part of FLEX Learning Communities; spring admitted freshmen should register in Written Communication A (RCS 110) based on placement. Advanced Placement or International Baccalaureate scores will earn elective credit. Advanced Freshmen who transfer a college course that earns Written Communication credit should consult with the Office of Academic Advising for appropriate placement.

The Bachelor's Degree Major: Students may choose an established departmental or interdepartmental major, or they may design a major of their own with faculty advisement and
approval. A major consists of not less than 40 semester hours of which at least 24 must be upper division. No more than 16 semester hours may be required beyond this as pre-requisites. The Adult Learner student must select a structured major and can only choose from those offered at a regional campus. A concentration in a major is available in selected departments. A concentration requires a student to complete a minimum of 12 upper division semester hours or greater, none of which may be used to fulfill requirements in other concentrations or majors. Available concentrations are listed in the Programs section of this catalog. Concentrations are noted on the transcript.

Freshmen are strongly encouraged to declare a major at point of entry, but must declare a major prior to enrollment in their junior year. Transfer students with junior standing at point of entry must declare a major. All students who reach junior status may not change their declared major to undeclared major. Undeclared students with junior standing will not be allowed to register for classes or make changes to their course schedules until they declare a major. All students are encouraged to discuss and explore their proposed declaration of major with an academic advisor and Career Services. All major declarations must be made at the advising office of the student’s campus.

No course, whether a prerequisite, core requirement, elective or culminating requirement can be applied toward a major unless a grade of C- or better was earned. A course in which CRD was received cannot be applied. Some seniors are required to pass a set of comprehensive examinations in their major(s) and/or complete a senior project/seminar.

**Bachelor’s Degree Double Majors:** The University of La Verne permits students to pursue a double major. Students who desire to double major should make this decision early and meet with the advisors of both majors. The minimum requirements for graduation with two majors are as follows:

1. Completion of all the requirements in both majors.
2. In cases where there is no duplication of major requirements, completion of a minimum of 80 semester hours in the two fields (40 semester hours in each major), of which 48 semester hours (24 semester hours in each) must be at the upper division level.
3. In cases where there are overlapping upper division major requirements (not including prerequisite requirements), completion of additional upper division electives in the fields equal to the number of overlapped courses.

**Note:** Students who declare double majors that are designated B.A. or B.S. must choose one of the designations. Students obtain a single degree, B.A. or B.S.

**Second Bachelor’s Degree:** A student already holding a bachelor’s degree may earn an additional bachelor’s degree by satisfying the requirements of that degree in residence, general education, and upper division course work. To satisfy the residency requirement for the second bachelor’s degree, a student must complete a minimum of 44 additional semester hours at the University of La Verne of which 16 must be upper division. The major, general education, and upper division requirements in effect at the time of matriculation for the second bachelor’s degree must also be completed, but courses taken for the first degree may be applied to the second. Students who desire to earn a second bachelor’s degree must apply through the traditional undergraduate program or through the CAPA program.
**Bachelor’s Degree Minors:** Students may declare a minor in a second field upon the approval of the appropriate academic department, if the student has completed 20 semester hours of upper division work in the minor, or 24 semester hours in the minor of which 16 are upper division, or 30 semester hours in the minor of which 12 are upper division. Students who declare a minor must have at least 16 semester hours of coursework completed in the minor at the University of La Verne. Individual departments may require specific courses and/or additional work for the minor as specified in the Undergraduate Programs section of this catalog. Courses declared as part of the major (not including pre-requisite requirements) cannot be applied toward the minor. No course can be applied toward a minor unless a grade of C- or better was received. A course in which a grade of CRD was received cannot be applied to a minor.

**Adding a Major/Minor/Concentration after degree posting:** Students can add a major, minor, or concentration after their degree has been officially posted to their transcript. Students must contact the appropriate Program Chair/Department Chair to declare their intent to add the major/minor/concentration following the current catalog requirements. Once the student has the approval of the Program Chair/Advisor, he/she must also complete an Application for Graduation in the Office of the Registrar. This will allow the Office of the Registrar to monitor completion of the added major/minor/concentration, and update the student record to allow registration. A fee will not be charged for this application. Upon completion, the Program Chair/Department Chair must notify the Office of the Registrar, at which time the added major/minor/concentration will be noted on the student’s official transcript along with the completion date. The additional program will be indicated as an event separate from the original degree. The diploma will not be revised.

**Associate of Arts Degree in General Studies Program:** An Associate Degree is offered at selected locations. An Associate of Arts Degree consists of a minimum of 60 semester hours, at least 30 of which must be at the lower division level. A minimum of 20 semester hours must be earned in residency. A minimum of 30 semester hours is required in the major of which 12 must be from the University of La Verne and a minimum of 18 semester hours in General Education. To earn an Associate Degree in General Studies, a student must complete the requirements listed in the program section of this catalog.

**Posthumous Awards**
The University of La Verne, in order to express our sense of regret and loss of a University Student and as a gesture to the family, may on occasion award a posthumous degree “IN HONORIS CAUSA”. The University may request to award a posthumous degree to the surviving family member for students who met the appropriate final degree requirements. A recommendation from the Dean of the College from which the student was earning his or her degree must be submitted. The College Dean submits the request to the Provost to make the recommendation to the President of the University for a final decision.

A grade of C- or better is required to fulfill the Written Communication general education requirement, to count toward an academic major or minor. The grade of C- is also the minimum acceptable grade for prerequisites for undergraduate courses as well as for undergraduate prerequisite courses in the major. All major courses must be taken for a letter grade.

Senior Seminar/Culminating Activity Requirement: All students of the University of La Verne must register for and complete their major/concentration senior seminar, or culminating activity at the University of La Verne.

The degree date will be determined by the final event that completes the degree; this may be the final day of the semester, the date coursework is completed for an IP or INC grade, or the payment of required graduation and/or appeal fees. Degrees completed via transfer work will be assigned a degree date based on the nearest La Verne semester ending date, with certain exceptions determined by the Office of the Registrar.

Some majors require foreign language as part of the Humanities requirement. Students meet this requirement by completing, transferring in, or testing out of second semester college-level foreign language as one of their two Humanities requirements.

The following majors require foreign language: Anthropology, Art History, Communications, Creative Writing, Criminology, Digital Media, French, History, International Business and Language, International Studies, Journalism, Liberal Arts, Philosophy, Political Science, Religion, Religion and Philosophy, Social Science, Sociology, Spanish, Rhetoric and Communication Studies, and Studio Art. Students whose first language is not English and who successfully pass (C- or better) RCS 109 Intro to Expository Writing, RCS 110 College Writing A, or RCS 111 College Writing and Research will have their Foreign Language requirement waived.

The following general education areas can be fulfilled through certification: Written Communication, Quantitative Reasoning, Foreign Language, Creative and Artistic Expression, Community Service, and Lifelong Wellness. Certifications do not carry course credit. However, students certified in Written Communication or Community Service have the option of paying the course challenge fee and receiving course credit. Students who wish to meet a requirement through certification should contact the appropriate department for information.
The Bachelor's Degree Major: A major consists of not less than 40 semester hours of which at least 24 must be upper division. No more than 16 semester hours may be required beyond this as pre-requisites. The adult learner student must select a structured major and can only choose from those offered at his/her Regional Campus. A concentration in a major is available in selected departments. A concentration requires a student to complete a minimum of 12 upper division semester hours or greater, none of which may be used to fulfill requirements in other concentrations or majors. Available concentrations are listed in the Programs section of this catalog. Concentrations are noted on the transcript.

No course, whether a prerequisite, core requirement, elective or culminating requirement can be applied toward a major unless a grade of C- or better was received. A course in which CRD was received cannot be applied to the major, except in limited instances approved by the department chair and the Registrar. Most seniors are required to pass a set of comprehensive examinations in their major(s) and/or complete a senior project/seminar.

Bachelor's Degree Double Majors: The University of La Verne permits students to pursue a double major. Students who desire to double major should make this decision early and meet with the advisors of both majors. The minimum requirements for graduation with two majors are as follows:

1. Completion of all the requirements in both majors.
2. In cases where there is no duplication of major requirements, completion of a minimum of 80 semester hours in the two fields (40 semester hours in each major), of which 48 semester hours (24 semester hours in each) must be at the upper division level.
3. In cases where there are overlapping upper division major requirements (not including prerequisite requirements), completion of additional upper division electives in the fields equal to the number of overlapped courses.

Note: Students who declare double majors that are designated B.A. or B.S. must choose one of the designations. Students obtain a single degree, B.A. or B.S.

Second Bachelor's Degree: A student already holding a bachelor's degree may earn an additional bachelor's degree by satisfying the requirements of that degree in residence, general education, and upper division course work. To satisfy the residency requirement for the second bachelor's degree, a student must complete a minimum of 44 additional semester hours at the University of La Verne of which 16 must be upper division. The major, general education, and upper division requirements in effect at the time of matriculation for the second bachelor's degree must also be completed, but courses taken for the first degree may be applied to the second.

Bachelor's Degree Minors: Students may declare a minor in a second field upon the approval of the appropriate academic department, if the student has completed 20 semester hours of upper division work in the minor, or 24 semester hours in the minor of which 16 are upper division, or 30 semester hours in the minor of which 12 are upper division. Individual departments may require specific courses and/or additional work for the minor as specified in the Undergraduate Programs section of this catalog. Courses declared as part of the major (not including pre-requisite requirements) cannot be applied toward the minor. No course can be applied toward a minor unless a grade of C- or better was received. A course in which a grade of CRD was received cannot be applied to a minor.
**Adding a Major/Minor/Concentration after degree posting:** Students can add a major, minor, or concentration after their degree has been officially posted to their transcript. Students must contact the appropriate Program Chair/Department Chair to declare their intent to add the major/minor/concentration following the current catalog requirements. Once the student has the approval of the Program Chair/Advisor, he/she must also complete an Application for Graduation in the Office of the Registrar. This will allow the Office of the Registrar to monitor completion of the added major/minor/concentration, and update the student record to allow registration. A fee will not be charged for this application. Upon completion, the Program Chair/Department Chair must notify the Registrar’s Office, at which time the added major/minor/concentration will be noted on the student’s official transcript along with the completion date. The additional program will be indicated as an event separate from the original degree. The diploma will not be revised.

**Associate of Arts Degree in General Studies Program:** An Associate Degree is offered at selected locations. An Associate of Arts Degree consists of a minimum of 60 semester hours, at least 30 of which must be at the lower division level. A minimum of 20 semester hours must be earned in residency. A minimum of 30 semester hours is required in the major of which 12 must be from the University of La Verne and a minimum of 18 semester hours in General Education. To earn an Associate Degree in General Studies, a student must complete the requirements listed in the program section of this catalog.

**Posthumous Awards:** The University of La Verne, in order to express our sense of regret and loss of a University student and as a gesture to the family, may on occasion award a posthumous degree “IN HONORIS CAUSA”. The University may request to award a posthumous degree to the surviving family member for students who met the appropriate final degree requirements. A recommendation from the Dean of the College from which the student was earning his or her degree must be submitted. The College Dean submits the request to the Provost to make the recommendation to the President of the University for a final decision.

**RIGHTS AND RESPONSIBILITIES**

**Rights**

**Americans with Disabilities Act:** The University of La Verne policies and procedures concerning students with disabilities are available through the Director of Disabled Student Services on the La Verne campus.

**Classroom Rights and Privileges:** Instructors are expected to encourage open discussion and inquiry. Students may take reasoned exception to information offered in any course and should make judgment on matters of informed opinion.

**Confidentiality and Institutional Research:** The University of La Verne is committed to maintaining confidentiality. Data published contains no personally identifiable information and adheres to guidelines outlined in FERPA regarding the disclosure of education records and directory information.
**Crime Awareness and Campus Security Act Report:** University of La Verne complies with the “Jeanne Clery and Annual Fire Report Disclosure of Campus Security Policy and Campus Crime Statistics Act” (The Clery Act), which requires all post-secondary institutions to publish and distribute specific information regarding campus crimes; including reports of sexual assault, sexual assault policies, security policies and safety awareness programs, to all current and prospective students and employees. A copy of University of La Verne’s Annual Security Report may be obtained at: [http://myportal.laverne.edu/web/campus-safety/statistics](http://myportal.laverne.edu/web/campus-safety/statistics)

**Drug-Free Schools and Communities Act:** The University of La Verne is compliant with the “Drug-Free Schools and Communities Act”. The University of La Verne certifies that it has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. For more information visit: [https://laverne.edu/student-affairs/substance-abuse-prevention/](https://laverne.edu/student-affairs/substance-abuse-prevention/)

**Family Educational Rights and Privacy Act (FERPA):** The University of La Verne abides by the Family Educational Rights and Privacy Act of 1974 as amended. The Family Educational Rights and Privacy Act affords eligible students certain rights with respect to their educational records. An “eligible student” under FERPA is defined as a student who is 18 years of age, or older or who attends a postsecondary institution. FERPA goes into effect at the University of La Verne upon matriculation. These rights include: the right to inspect and review information contained in their educational records, to challenge the contents of their educational records, to have a hearing if they consider the outcome of the challenge to be unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels are unacceptable. An educational record is defined, with certain exceptions as noted below as any record (1) which contains information that is personally identifiable to a student, and (2) is maintained by the university (school officials). There are exceptions/limitations for students to review their own educational record. Students may not review a document that has information about other students, financial records of parents, and confidential letters of reference or recommendations to which the student has waived their right of access.

Education records include any records in whatever medium (handwritten, print, email, magnetic tape, electronic data storage, etc.) that are in the possession of any school official. This includes transcripts or other records obtained from a school in which a student was previously enrolled. Records that are not educational records are sole possession records, law enforcement unit records, employment/HR records, medical records, or post attendance records.

The University’s Registrar coordinates the inspection and review procedures for student education records, which include admissions, personal, academic and financial files, cooperative education, and placement records. The Dean of Student Affairs oversees the review of records pertaining to social judicial matters.

Students wishing to review their educational records must submit a written request to the University of La Verne’s Registrar listing the item(s) of interest. Records covered by FERPA will be made available within 45 days of the request. Students may have copies of their records, at their own expense, with certain exceptions (e.g., a copy of a transcript upon which a “financial hold” has been placed or copies of transcripts from other schools). Educational records do not include records of instructional, administrative, and educational personnel which are the sole possession of the maker and are not accessible or revealed to any individual (except temporary substitutes), law enforcement/security records, student health records, employment records, or alumni records. Health records may be reviewed by physicians of the students’ choosing. In addition, students may not see financial information submitted by their parents, any confidential
letters or recommendations to which they have waived their rights of inspection and review, or educational records containing information about more than one student. In the latter case, a student will be permitted access only to that part of the record which pertains to him or her.

Students who believe that their educational records contain information that is inaccurate, misleading, or otherwise in violation of their privacy or other rights may discuss their problems informally with the Registrar, either in person or in writing. If the Registrar agrees with a student's requests, the appropriate records will be amended. If not, the student will be informed and may request a formal hearing. This request must be made in writing to the Registrar who will inform the student of the date, place, and time of the hearing before a panel selected by La Verne. The student may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of the student's choice, including attorneys, at the student's expense. Decisions of the hearing panel are final and based solely on the evidence presented at the hearing. The panel's written judgment will be delivered to all parties concerned including the student. If the decision is in favor of the student, the educational records will be corrected. If the decision is not satisfactory to the student, he or she may place statements commenting on the information or statements setting forth any reasons for disagreeing with the decisions of the hearing panel. These statements will be placed in the student's educational records, maintained as part of those records, and released whenever the records in question are disclosed. A student who believes that the decisions of this adjudication process were unfair or not in keeping with FERPA may make a written request for assistance to the University of La Verne's President. Students who still believe that their rights have been abridged may file complaints with the US Department of Education, Family Compliance Office, 400 Maryland Ave. SW, Washington, DC 20202.

FERPA does allow the University of La Verne to disclose information without written consent of the student under specified exceptions. FERPA allows disclosure without student consent to school officials with a legitimate educational interest. A school official as defined by FERPA as a person employed by the University of La Verne in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. Additional exceptions are, officials of other institutions in which the student seeks to enroll, persons or organizations providing the student's financial aid, accrediting agencies carrying out their accreditation functions, persons in compliance with a judicial order, volunteers or contractors outside of the University of La Verne who perform an institutional service or function for which the University of La Verne would otherwise use its own employees and are under direct control of the University of La Verne with respect to the use and maintenance of data from educational records such as an attorney, auditor, or collection agency, student assisting another school official in performing his/her task, and persons in an emergency in order to protect the health or safety of the student or other persons.

A "school official" is deemed to have a legitimate educational interest if the information requested or if the information that needs to be accessed for that official is necessary to: (a) perform appropriate tasks that are specified in his/her position description, tasks assigned by supervisor, or by a contract agreement; (b) perform a task related to a student’s education; (c) perform a task related to the discipline of a student; or (d) provide a service of benefit relating to the student or student’s family such as health care, counseling, job placement, library services, or financial aid.
Although an individual has been designated as a “school official”, it should not be assumed they have the right of access to any or all student educational records. The school official, such as a faculty or staff member, must be able to demonstrate to the custodian of records a legitimate educational interest, and such a determination must be made on a case-by-case basis.

FERPA does allow the following directory information to be released without student consent. The University can provide: student’s name, enrollment status (full time or part time and class level), major field of study, dates of attendance, degrees and awards received, email address, permanent address, current phone number, participation in officially recognized activities, photographs, and, for student athletes, weight and height. A student wishing to withhold this directory information must complete the Privacy Request Form in La Verne’s Office of the Registrar or at their Regional Campus. The privacy request will be valid until the student directs the Registrar’s Office or campus of registration to remove the request.

The University of La Verne will not disclose any information from a student’s educational record unless we have written consent from the student or the request meets one of the above exceptions as allowed by FERPA. Students may obtain a Third Party Authorization Form from the Office of the Registrar or Office of Academic Advising.

**Freedom of Access:** The University of La Verne is open to all applicants qualified according to its published admissions policies and standards. Upon matriculation, each student has access to all La Verne services and facilities for which the student is qualified. Access may be denied to persons who are not University students.

**Policy Against Discrimination and Harassment:** The University of La Verne is committed to maintaining a learning, working, and living environment for students, faculty and staff that is free from discrimination and harassment based on a person’s race, color, religion, national origin, ethnic origin, ancestry, citizenship, sex (including pregnancy, childbirth, or related medical conditions), sexual orientation, gender (including gender identity and expression), marital status, age, physical or mental disability, medical condition, genetic characteristics, military and veteran status, or any other characteristic or status protected by applicable law. The University also prohibits discrimination and harassment based on the perception that anyone has any of these characteristics, or that anyone is associated with a person who has, or is perceived as having, any of these characteristics.

Consistent with state and federal law, reasonable accommodation will be provided to persons with disabilities, to women who are pregnant, and/or to accommodate religious beliefs and practices.

Sexual misconduct including, but not limited to, sexual assault, sexual exploitation, domestic and intimate partner violence and stalking is a form of sexual harassment and is also a violation of University policy.

Any person who believes they have been subjected to discrimination or harassment or the victim of sexual misconduct may utilize the University’s complaint procedures. All such complaints will be promptly and thoroughly investigated through an impartial investigative process. It is against University policy and applicable law to retaliate against anyone who files a complaint or cooperates in the investigation of a complaint. Complaints may be submitted to the Office of Student Affairs and/or Office of Human Resources.
Information concerning the Policy Against Discrimination and Harassment and Policy Against Sexual Misconduct, compliance with applicable laws, statutes and regulations (such as Title VI of the 1964 Civil Rights Act, Title IX of the Educational Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973), and complaint procedures is available from the Office of Student Affairs, Office of Human Resources, or online at https://laverne.edu/student-affairs/ or https://laverne.edu/hr/.

Protection Against Improper Disclosure: Students’ views, political associations, and beliefs which are confided to instructors, advisors, and counselors during the performance of their duties are confidential.

Protection of Animal Subjects: The University’s Policies and Procedures for the Protection of Animal Subjects in research have been developed to comply with federal requirements and are specified in the University’s Federal Assurance filed with the Office of Laboratory Animal Welfare (OLAW). Guidelines were developed in accordance with the Guide for the Care and Use of Laboratory Animals 8th Edition (Guide-8), Public Health Service, OLAW, US Department of Agriculture Animal Welfare Regulations, and, as applicable, the Code of Federal Regulations – Title 9: Animals and Animal Products. The Institutional Animal Care and Use Committee (IACUC) conducts semi-annual reviews of IACUC membership and function, IACUC records, and reporting, veterinary care, personnel qualifications and training, and occupational health and safety of personnel. The IACUC has the responsibility to determine compliance with federal guidelines regarding research with live animals, and to approve or not approve such research conducted at the University or under the sponsorship of the University. This approval must be obtained prior to the initiation of the research.

Protection of Human Participants in Research: The University of La Verne’s Institutional Review Board (IRB) is responsible for protecting the rights and welfare of human subjects research conducted at or sponsored by the University of La Verne (Code of Federal Regulations, Title 45, Health and Human Services; Part 46, Protection of Human Subjects, §46.103). The IRB is a university committee that performs ethical review of proposed research involving human subjects and monitors continuing research for La Verne researchers and those wishing to conduct research on La Verne students, staff, faculty, and administration. The IRB is also responsible for providing training on the protection of human subjects in research.

Religious Academic Accommodation Policy: Consistent with our core values of diversity and inclusivity, it is the policy of the University of La Verne to provide a reasonable accommodation based on a person’s sincerely held religious belief. A reasonable accommodation is one that does not conflict with reasonably necessary University goals. The person requesting the accommodation is obligated to make the University aware of the need for a religious accommodation as soon as possible and in advance of the need for the accommodation.

The most common request for academic religious accommodation concerns class attendance during the observance of major religious holy days and celebrations. It is the policy of the University to grant students excused absences from class for observance of religious holy days. Students are expected to contact faculty at the beginning of the course (within the first two weeks of class) after reviewing course syllabi for potential scheduling conflicts. Students who request an excused absence in advance shall be provided with a reasonable alternative. Examples of reasonable accommodations for student absences might include: rescheduling an exam or giving a make-up exam for the student, altering the time of a student’s presentation, allowing extra credit assignments to substitute for missed class work, or arranging for increased flexibility in assignment dates. Students are responsible for satisfying all academic
requirements as defined by the instructor. Faculty members are encouraged to avoid scheduling exams on major religious holidays (a calendar of religious holidays is maintained on the Office of Religious and Spiritual Life web site).

In addition to observance of religious holidays and celebrations, other areas of practice may result in a request for accommodation based on obligations related to prayer, dietary requirements, fasting, religious attire, ablation, and theological or philosophical commitments. Given the uniqueness of requests, they must be handled on a case by case basis and may involve reasonable accommodation of course content. The University Chaplain may be consulted as needed.

Grievance Procedure: In the event that agreement cannot be reached regarding a religious accommodation, the student or faculty member should bring the issue to the relevant college dean or, if necessary, to the Provost’s office. In the event that advice in resolving the issue is needed, the chairperson, dean or Provost may seek the counsel of a four-person committee chaired by the University Chaplain and including, the Chief Diversity and Inclusivity Officer, a faculty member nominated by the Senate, and a student.

Subpoenas: FERPA permits educational agencies and institutions to disclose, information from a student’s educational record without the student consent in order to comply with a judicial order or a “lawfully issued subpoena”. The university will make a reasonable effort to notify the student of the order or subpoena unless we have specific orders to prevent us from doing so. FERPA exempts institutions from the notification requirement in the case of a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, that specifically orders the institution to not notify the student.

Teach-out Policy: Occasionally, the University of La Verne discontinues a degree program at a particular location or for a specific delivery modality. In such cases a formal announcement is made to all enrolled students affected by the decision describing a teach-out plan with a timeline of course offerings that allows a reasonable time to completion. The University is obliged to offer all the courses and support necessary to complete the program for each student who started the program and maintained continuous enrollment in good standing. In addition, all students who have registered in a course in the program during the preceding 24 months and who will have successfully completed at least 50% of the semester hours required in the program will be offered all necessary courses to complete the degree at or near the location where they have been attending. Students who have not registered in a course within the preceding 24 months or who have not been continuously registered and completed less than 50% of the program will be advised of alternative options to the discontinued degree program. When teach-outs involve programs governed by a contractual agreement, all such agreements will be honored. The schedule for discontinuance and teach-out plan will be developed by the program chair (in consultation with the ROC Dean and Director, as appropriate) and approved by the college Dean and the Provost. The Provost will monitor implementation.

  Student Governance: As members of the University community, students are free individually and collectively to express their interests. As vehicles for this purpose, provisions are made for student self-government as well as for student representation on the Board of Trustees; University, college, and departmental committees; and other decision-making bodies.

  Responsibilities

  Academic Honesty: Each student is responsible for performing academic tasks in such a way that honesty is not in question. Unless an exception is specifically defined by an instructor, students are expected to maintain the following standards of integrity:

  a. All tests, term papers, oral and written assignments, recitations, and all other academic efforts are to be the work of the student presenting the material.
  b. Any use of wording, ideas, or findings of other persons, writers, or researchers requires the explicit citation of the source; use of the exact wording requires a “quotation” format.
  c. Deliberately supplying material to a student for purposes of plagiarism is also culpable.

  When academic honesty is in question, the following may occur:

  A faculty member who has clear evidence that academic honesty has been violated may take appropriate disciplinary action. Appropriate disciplinary action may include, but is not limited to:

  • Requiring the student to rewrite a paper or retake a test, or
• Giving the student an F on the assignment and/or in the course, or
• Recommending expulsion for academic dishonesty.

If the action includes giving a course grade of NCR or F and/or a recommendation for expulsion because of academic dishonesty, the faculty member must report the action to the Department Chair and Academic Dean (or to the Campus/Program Director for off-campus students). The course grade will be given immediately to the University Registrar to record on the student’s academic transcript. Students may not drop or withdraw from the course after they have been sanctioned for academic dishonesty.

2. If a faculty member has reason to suspect academic dishonesty (even after having seen requested additional or revised work when appropriate) and the student denies the allegation, the faculty member may refer the matter to the Associate Vice President of Academic Support and Retention Services or designee (through the Campus/Program Director for off-campus students). Following due process an Academic Judicial Board may be formed to investigate the matter and make a recommendation to the Provost about whether academic honesty has been violated. The Provost will then take appropriate action which may include, but is not limited to, academic probation, suspension, or expulsion. In this process, students may be asked to produce earlier drafts of their work and/or original notes and resources, other samples of writing, or documents deemed appropriate or necessary by the Board.

3. Grades of F or NCR received in courses due to academic dishonesty will be filed with appropriate documentation for future reference in the Office of the Provost, by the Department Chair, Academic Dean, or Campus/Program Director. Students receiving an F or NCR as a result of academic dishonesty will be sent a letter from the Associate Vice President of Academic Support and Retention Services noting that a second offense may result in expulsion.

4. Expulsion for academic dishonesty will be noted on the student’s transcript by the words “Expelled for Academic Dishonesty.”

College of Law students are covered by the academic dishonesty policies contained in the College of Law Manual of Academic Policies and Procedures.

**Appeals Procedures on Academic Matters:** Students may appeal final grades, academic honesty decisions, most policy decisions, and they may submit academic grievances. All must be made in a timely manner, within four weeks of the action or decision in question. **All appeals must be submitted in writing only.** Administrative fees may be assessed. Please contact Academic Support and Retention Services for more information.

**Final Grades:** Procedures for appealing final grades are contained in the Final Grades section of this catalog. Appeals begin with the instructor of the course and then goes successively to the program chair or department chair, the college Dean, and the Provost. The decision of the Provost is final.

**Academic Honesty:** Procedures for appealing academic honesty violations are contained in the Academic Honesty section of this catalog. Appeals begin with the instructor and then may be taken successively to the program chair or department chair, college Dean, and Provost. The decision of the Provost is final.
Academic Disqualification (Undergraduate): Students who have been disqualified may not register for subsequent terms. A disqualified student may appeal for reinstatement to the Associate Vice President of Academic Support and Retention Services. An ROC student may appeal for re-instatement to the Dean of ROC. A plan to improve academic performance must be submitted and a contract signed. Appeals must be made immediately upon notification of disqualification.

Academic Disqualification (Graduate): Students who have been disqualified from a graduate program may not register for subsequent terms. A disqualified graduate student may appeal for reinstatement to the Academic Dean of his or her college. Should the dean reinstate the student and the student not meet the conditions specified at the time of reinstatement, academic disqualification will result.

Academic Policy Exceptions: Appeals for exceptions to academic policy must be submitted to the Undergraduate Appeals Committee or the Graduate Appeals Committee. Appeals must be made in writing within one year, on the appropriate appeals form, with the signatures of the academic or program advisor and appropriate course instructors. Students are advised to write a detailed statement indicating the reasons they are requesting the exception to university policy and provide supporting documentation to substantiate their reasons. Each appeal is carefully reviewed by the committee and a decision is sent to the student’s La Verne email address. Students can obtain this form from the Office of the Registrar. Graduate students may obtain this form from Graduate Academic Services or their Regional Campus Office. Appeals Committee decisions may be challenged with a written appeal to the Provost. The decision of the Provost is final.

Appeals by Students with Disabilities: La Verne has established a set of procedures that address policy implementation for students with disabilities. Should any student desire to initiate action related to a diagnosed disability or to initiate testing for a disability, the student should refer to the Information and Accommodations Packet which can be accessed through the university website under Disabled Student Services.

Statute of Limitations for Academic Appeals: All appeals must be submitted in a timely manner to be considered. Appeals requesting an action affecting registration, grades for a previous term, or extension of time for degree completion will be accepted as follows:

Retroactive Registration, Add, or Drop for a previous Semester/Term:

- All requests in reference to a Registration, Add, or Drop for a previous semester/term must be submitted with all supporting documentation within one (1) calendar year from the end of the semester/term being appealed.

- Exceptions may include appeals for retroactive Continuous Enrollments. Continuous Enrollment appeals will be considered on a case by case basis.

Retroactive Withdrawals for a previous Semester/Term

- All requests in reference to a retroactive withdrawal for a course in a previous semester/term must be submitted with all supporting documentation within one (1) calendar year of the ending date of the semester/term being appealed.

Appeals for Extension of Time to Complete expired Grades:
• Appeals to request an extension of time to complete an expired INC/IP must be submitted one (1) calendar year from the end of the semester/term the grade expired.

Appeals for an extension of time to complete degrees submitted by undergraduate students will be considered if the following conditions have been met:

• The student applied for graduation prior to the time they last attended the University.
• The student has the support of their faculty advisor/academic program chair.
• The student must be able to complete all degree requirements within one (1) calendar year of the appeal being approved by the Undergraduate Appeals Committee.

Students whose appeals are approved for an extension of time to complete the degree requirements may be required to take additional GE/Major course requirements. Note: additional courses in the major may be required as prescribed by the academic program chair.

Academic Grievances: In rare instances, a student may have a grievance that cannot be addressed by any of the established appeal procedures described above. In such cases, no matter where the student studies, the grievance must be submitted to the Associate Vice President of Academic Support and Retention Services who will appoint an appeals panel, consisting of representatives from appropriate academic and/or administrative units, to review the grievance. The panel will review all documented information, including any written statement and/or phone statements that the student wishes to provide. Upon completion of the review, the appeals panel will submit its findings and recommendations to the Provost. The decision of the Provost is final.

Class Attendance: The University of La Verne Faculty believes class attendance is equally important as classroom conduct to foster successful learning and academic success. University Faculty support efforts to ensure students who are enrolled in courses are attending scheduled online or face to face sessions and are fully participating in required course activities and assignments.

The University of La Verne Faculty requires regular and prompt attendance in all courses. Students who do not attend courses without prior consent of the faculty member will not be guaranteed a space in the course if the student: 1) does not attend the first week of the session/semester for a course or 2) does not comply with the online instructor’s attendance requirements (e.g., logging into the online course) the first week of the term. **Students who do not attend courses or participate online as described above may be administratively dropped, at the discretion of the instructor and/or Regional Campus Director. Students who do not attend the first-class session (in class or online) may be administratively dropped, however, registration adds, drops and withdrawals are a student responsibility.**

Students who add a course during open registration period or by instructor approval after the open registration period must attend consecutive class meetings equivalent to one week to secure their spot in the course. For example, if a course meets three times a week, students are expected to attend three consecutive class sessions; students who enroll in online courses are expected to have logged in and completed all assignments up to the current week of attendance.

**Attendance Policy:** Students have the responsibility to drop the course from their schedule during the open registration period to be eligible for refunds per the University’s refund policy.
schedule. This needs to be done within the open registration period to avoid a failing grade, financial obligations, or late fees. Students should refer to the class syllabus for the instructor attendance policy for every course they are registered. The instructor may assign extra work, require special examinations, or refuse to grant credit for a course based on the number of class sessions missed.

**Administrative Withdrawal:** The University of La Verne supports the faculty’s right to administratively withdraw enrolled students who miss more than 50% of scheduled course meetings and/or the equivalent of required assignment or activities within the first 50% of the course duration. Instructors may on a case-by-case basis make exceptions for students who demonstrate extenuating circumstances such as illness or other documented circumstances. All refund policies and financial aid policies apply.

Administrative withdrawal is also subject to the following provisions:

- It is recommended that faculty reference this catalog policy in their syllabi if they intend to exercise rights granted by this attendance policy. Students may not plead ignorance of this attendance policy as published in the catalog in the absence of language in course syllabi.
- Instructors may initiate administrative withdrawal on the first day after the fee refund period.
- The University Registrar will notify students who have been administratively withdrawn from a course at the Instructors’ request.
- Students who are administratively withdrawn for limited or non-attendance or limited participation as noted above will earn a grade of W on their transcript for each course that the students has been withdrawn.
- Students who are administratively withdrawn for limited or non-attendance or limited participation as noted above will not be eligible for a tuition refund and may be subject to further sanctions associated with financial aid eligibility policies found in this catalog. Example: a drop in unit value could compromise full-time or half-time standing tied to financial aid eligibility.
- Faculty who choose to not administratively withdraw students reserve the right to assign the appropriate grade at the end of the semester that is consistent with University grading policies.

**Classroom Conduct:** Instructors are responsible for presenting appropriate material in courses, and students are responsible for learning this material. Although it is a student’s academic performance that is evaluated in determining grades, student conduct is important in the academic setting. Enrollment in a class may be terminated by an administrative withdrawal due to unsatisfactory conduct in the class; disrespect of an instructor, faculty member, administrator, or staff member; academic dishonesty; judicial misconduct; or sanctions. A faculty member who wishes to request that a student(s) be administratively withdrawn should inform the department chairperson, support the request with evidence that the student(s) was warned either in writing or verbally and notify the Office of Academic Advising. The Office of Academic Advising will process the Administrative Withdrawal and notify the student in writing. All refund and financial aid policies apply.

Each student is responsible for maintaining standards of academic performance established for each course in which he or she is enrolled. Only students registered in the course, University staff, and guest invited by the instructor may attend class sessions. All others, including children of registered students, will be asked to leave. If a minor child is present, both the parent and the child will be asked to leave.
Freedom of Expression Policy: The University of La Verne is absolute in the belief that expressive conduct, including assembly for the purpose of protest or demonstration is an essential component of the intellectual development and self-definition of students, faculty, and staff. The University of La Verne Freedom of Expression Policy sets out the rights and responsibilities of all members of the University of La Verne community and of external groups and persons related to such expressive conduct. The policy protects the right to assemble subject to the requirements summarized here and detailed in the Freedom of Expression Policy found at https://laverne.edu/ogc/policies/.

Members of the University of La Verne community, including student, faculty, and staff are free to support causes and gather to the extent that such assembly (1) is peaceful and does not advocate or incite violence; (2) does not result in the damage to or destruction of property, or incite the damage or destruction of property; (3) does not constitute a violation of the law or other applicable legal requirement; (4) does not substantially disrupt the operations of the University; (5) does not result in the bullying or harassment of individuals or infringe on the rights of other members of the University of La Verne community; and (6) conforms with any required safety procedures. During any such assembly, University of La Verne community members must conduct themselves in accordance with conduct requirements as set out in the Student Code of Conduct, Employee Handbook, and any other University policies as applicable.

2021-2022 CODE OF STUDENT CONDUCT

The University of La Verne community is committed to fostering a campus environment that is conducive to academic inquiry, a productive campus life and thoughtful study and discourse. The Student Conduct program within the Division of Student Affairs is committed to an educational and developmental process that balances the interests of individual students with the interests of the University of La Verne community. The student conduct process is not intended to punish students; rather, it exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies, standards, and expectations. Sanctions are intended to challenge students’ moral and ethical decision-making and to help them bring their behavior into accord with our community standards and expectations. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in the University of La Verne community.

The Code of Student Conduct process is different from criminal and civil court proceedings. Procedures and rights in student conduct are conducted with “fundamental fairness” in mind. However, they do not include the same protections of due process afforded by the courts. "Fundamental fairness", as defined within these procedures, assures a student alleged to have engaged in Student Prohibited Conduct will:

- Receive written notice of allegation of Student Prohibited Conduct;
- Have an opportunity to participate in an investigation (Administrative Review) into allegations of Student Prohibited Conduct conducted by an objective decision-maker (Administrative Review Officer);
- Have an opportunity to present witnesses and evidence;
Have an opportunity to review information that will be used in determining whether a violation of Student Prohibited Conduct under this policy has occurred;
Not to be found in violation of Student Prohibited Conduct without information showing that it is more likely than not (i.e., preponderance of evidence) that a policy violation occurred;
Receive a written notice regarding findings of the investigation; and
Have the opportunity to appeal findings, as outlined by this policy.

Questions or concerns about the Code of Student Conduct may be directed to the Chief Student Affairs Officer.

NOTE - The University reserves the right to make changes to this document as necessary. The Chief Student Affairs Officer may make minor modifications to procedure that do not materially jeopardize the fairness owed to any party, such as to accommodate summer schedules, etc. The Chief Student Affairs Affairs may also vary procedures materially with notice (on the institutional web site, with appropriate date of effect identified) upon determining that changes to law or regulation require policy or procedural alterations not reflected in this policy and procedure. If government regulations change in a way that impacts this document, this document will be construed to comply with government regulations in their most recent form. The most current version and the version considered in effect is available at: https://laverne.edu/student-affairs/student-conduct/.

These postings can subject a Student to allegations of Student Prohibited Conduct under this policy if evidence of Student Prohibited Conduct is posted online. Non-Traditional-Age and Graduate Programs

Directors of Regional & On-Line Campuses (ROC) and Director of Student Affairs at the College of Law may serve in the role of Administrative Review Officers.

Classroom Conduct

Professors, Program Chair/Directors, and Academic Deans have oversight for classroom conduct. According to the University Catalog (https://laverne.edu/catalog/), "Enrollment in a class may be terminated by an administrative withdrawal due to unsatisfactory conduct in the class; disrespect of an instructor, faculty member, administrator, or staff member; academic dishonesty; judicial misconduct; or sanctions. A faculty member who wishes to request that a student(s) be administratively withdrawn should inform the department chairperson, support the request with evidence that the student(s) was warned either in writing or verbally and notify the Office of Academic Advising. The Office of Academic Advising will process the Administrative Withdrawal and notify the student in writing. All refund and financial aid policies apply.”
Classroom conduct may be referred, investigated and addressed under the Code of Student when the alleged behavior is significantly pervasive and/or severe such that it limits an individual's ability to participate in educational programs at the University and constitutes a violation of the Code of Student Conduct. Classroom conduct may be referred to the Title IX Coordinator when the alleged behavior may constitute a violation of the University's “Policy on Sexual and Gender-Based Harassment, Discrimination, Retaliation and Other Forms of Interpersonal Violence” (i.e., Sexual Assault, Stalking, Sexual Exploitation, Relationship Violence, Sexual or Gender-Based Harassment and Discrimination).

Respondent is No Longer a Student
If the Respondent is no longer a Student, the University will minimally engage in reasonably appropriate remedial measures to impacted parties, assist the Complainant in identifying external reporting options, and take reasonable steps to eliminate the behavior, prevent its recurrence, and remedy its effects. The University may choose to conduct an Administrative Review into allegations of Student Prohibited Conduct in absentia of the Respondent.

Violations of the Law
Alleged violations of federal, state and local laws may be investigated and addressed under the Code of Student Conduct. When an offense occurs, over which the University of La Verne has jurisdiction, the University of La Verne conduct process will usually go forward notwithstanding any criminal complaint that may arise from the same incident.

The University of La Verne reserves the right to exercise its authority of interim suspension upon notification that a student is facing criminal investigation and/or complaint. Interim suspensions will be in effect until an investigation into the Student Prohibited Conduct can be concluded. An interim suspension may be continued if it is reasonable to believe that a danger is posed to the community and the University of La Verne may be delayed or prevented from conducting its own investigation and resolving the allegation by the pendency of the criminal process.

Consistent with the Clery Act, the University withholds the names and other personally identifying information of Complainants when issuing timely warnings to the University community.

Campus Security Authorities
Certain campus personnel – those deemed Campus Security Authorities – have a duty to report sexual assault, domestic violence, dating violence and stalking for federal statistical reporting purposes (Clery Act). While personally identifiable information may not be included in the report unless the CSA has a separate duty to report such information, the statistical information must be passed along to Campus Safety regarding the type of incident and its general location (on or off-campus, in the surrounding area) for publication in the Annual Security Report. The Annual Security Report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety.

Designated CSAs include individuals with responsibilities such as student affairs/student conduct, Campus Safety, coaches, athletic directors, residence life staff, student activities staff, human resources staff, advisors to student organizations and any other official with significant responsibility for student and campus activities. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. When possible, this reporting protects the identity of the victim and may be done anonymously. In all cases, matters reported to CSAs are used as the basis for determining whether the matter represents a serious or continued threat to students and employees so as to trigger a timely warning to the university community.

Parental Notification
In accordance with Family Educational Rights and Privacy Act (FERPA), the University reserves the right to notify parents/guardians of dependent students of alcohol and/or drug violations as well as when there is a significant and articulable health and/or safety risk.

The university may also notify parents/guardians of non-dependent students who are under age 21 of alcohol and/or drug policy violations. Where a student is non-dependent, the University will contact parents/guardians to inform them of situations in which there is a significant and articulable health and/or safety risk.

F. Privacy and Confidentiality
The University is committed to protecting the privacy of all individuals involved in the administrative review (investigation) and resolution of a report under this policy consistent with its duties under federal and state laws. The University also is committed to providing assistance to help Students make informed choices. With respect to any report under this policy, the University will make reasonable efforts to protect the privacy of participants while balancing the need to gather information to assess the report and to take steps to eliminate Student Prohibited Conduct, prevent its recurrence, and remedy its effects.

A Complainant may make a request for confidentiality. This type of request means that the Complainant does not want his/her identity known to the Respondent or Witnesses, or that the Complainant wishes to withdraw a report. In these situations, the University will make all reasonable attempts to comply with this request; however, the University’s ability to investigate and respond may be limited. Complainant and Respondents have the right to choose whether to participate in the administrative process surrounding allegations of Student Prohibited Conduct.

If the University cannot maintain a Complainant’s request for confidentiality, the Dean of Student Affairs or their designee will notify them. In situations where a member of the University community becomes aware of a pattern of behavior by a single respondent, the University will take appropriate action in an attempt to
protect the University community. The University will protect the confidentiality of Impacted Parties and other necessary parties, and will complete publicly available recordkeeping, including Clery Act reporting and disclosures, without inclusion of personally identifying information about the Impacted Parties.

Personally identifying information is defined as individually identifying information for or about an individual, including information likely to disclose the location of a person including: a first and last name; a home or other physical address; contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); a social security number, driver’s license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

The University will maintain as confidential any accommodations, supportive or protective measures provided to the Impacted Parties, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations, supportive or protective measures.

Privacy
Privacy means that information related to a report of Student Prohibited Conduct will be shared with a limited circle of University Employees who “need to know” in order to assist in the assessment, investigation, and resolution of the report. All employees who are involved in the University’s response to reports of Student Prohibited Conduct receive specific training and guidance about sharing and safeguarding private information in accordance with state and federal law.

The privacy of a Student’s education records will be protected in accordance with the Family Educational Rights and Privacy Act (“FERPA”), as outlined in the University’s FERPA policy. The privacy of an individual’s medical and related records generally is protected by the Health Insurance Portability and Accountability Act (“HIPAA”).

Confidentiality
Confidentiality exists in the context of laws that protect certain information and/or relationships, including with medical and clinical care providers (and those who provide administrative services related to the provision of medical and clinical care), mental health providers, counselors, and ordained clergy, all of whom may engage in confidential communications under California law.

G. INTERIM MEASURES

Upon receipt of a report of Student Prohibited Conduct, the University may implement interim measures when a Preliminary Inquiry indicates that:

- There is a threat of harm (i.e., evidence of violence, threat pattern, predation, and/or weapon use);
- A student is facing a criminal investigation and/or complaint of serious criminal activity;
- There is a need to prevent disruption of, or interference with, the normal operations of the University of La Verne;
- The behavior in question is so severe or pervasive that it may significantly impact a University community member’s ability to normally participate in University life;
- There is a need to preserve University of La Verne property;
- There is a need to preserve the integrity of an investigation or Administrative Review; and/or
- To prevent further acts of Student Prohibited Conduct.

The University will determine the necessity and scope of any interim measures.

These interim measures may be both supportive or protective. All interim measures will be in place pending the resolution of the allegation, unless otherwise notified.
When an interim measure is supportive in nature, the directly impacted parties will be notified in writing. When an interim measure is protective in nature, involved parties whom action is taken against and/or for, will be notified in writing. Notification of protective interim measures will include an “analysis” and rationale for the measure. Involved parties whom action is taken against and/or for, will have the opportunity to challenge/appeal the implementation of protective interim measures at any point while the protective interim measure is in place. A challenge or appeal of the interim measure made be made by submitting writing request to the assigned Administrative Review Officer(s), the Chief Student Affairs Officer or their designee. The request should address or provide a rationale for why the interim measure(s) is not necessary.

The University will inform students about options for, available assistance in, and how to request changes to academic, living, transportation and working situations or protective measures. The University will inform Students regarding existing counseling health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services available.

**Protective Measures**

The range of protective measures which may be applied to the Respondent and Complainant include, but are not limited to:

**Interim Suspension**

Interim suspension actions can include separation from the institution, removal from on-campus housing, housing relocation, or restrictions on participation in the community pending the resolution of a campus administrative review on the Student Prohibited Conduct. During an interim suspension, a Student may be denied access to University of La Verne housing, and/or the University of La Verne campus/facilities/events. As determined by the Dean of Student Affairs (or designee), this restriction may include classes and/or all other University of La Verne activities or privileges for which the student might otherwise be eligible.

Interim suspensions may only be applied when an analysis finds that:

- There is a threat of harm (i.e., evidence of violence, threat pattern, predation, and/or weapon use);
- A student is facing a criminal investigation and/or complaint of serious criminal activity;
- There is a need to prevent disruption of, or interference with, the normal operations of the University of La Verne;
- The behavior in question is so severe or pervasive that it may significantly impact a University community member’s ability to normally participate in University life;
- There is a need to preserve University of La Verne property;

**“No-Contact” Order**

The University may impose a “no-contact” order between a Student and other community members (i.e., Student, Faculty, Staff), where it is determined that:

- It is in the best interest of the individuals identified to minimize contact with each other;
- There is a health and safety concern; and/or
- Contact may result in an escalation of an incident, concern or behavior.

“No-Contact” orders establish that any communication, or form of contact, whether in person, through an intermediary, phone, cell, text, email, written correspondence, or through a social media (like Facebook) is not permitted.
“No-contact” orders may remain in place after a resolution and without the need to have found an involved party responsible as long as the “no-contact” order is intended to a) minimize health and safety concerns or b) reduce the escalation of incidents.

Persona Non-Grata Order
Persona Non-Grata (PNG) orders establish that a student is not allowed in or within 10 feet of specified University campus or other property owned or controlled by the University and/or University programs or activities, as specified.

In some cases, a Persona Non-Grata from the University may be issued. In such cases, an individual is not allowed in or within 25 feet of all University campus or other property owned or controlled by the University and/or all University programs or activities. In such cases, should an individual need to be on University property or participate in a University sponsored program or activity, approval must be obtained from the Chief Student Affairs Officer prior to attendance or participation.

“Social Probation” Order
This order informs the Student that they are no longer allowed to be an active member or officer in student organizations; hold a student leadership position (i.e., RAs, Welcome Week Leader, etc.); and/or participate/attend University of La Verne sponsored programs/events as specified.

Interim Hold on Student Record
The University may impose a "hold" on a student record that does not meet with an administrative review officer where it is determined that:

- there is a substantial benefit to the student’s health and wellness as a result of meeting with the administrative review officer;
- there is a substantial risk to the health and safety of the student or other members of the University community that could be mitigated by having the respondent meet with the administrative review officer;
- there is a concern to the University community that could be mitigated by having the student meet with the administrative review officer.

H. OBLIGATION TO PROVIDE TRUTHFUL INFORMATION

All University community members are required to provide truthful information in any report or proceeding under this policy. Submitting or providing false or misleading information in bad faith or with a view to personal gain or intentional harm to another in connection with an incident of Student Prohibited Conduct is prohibited and subject to disciplinary sanctions under the Code of Student Conduct. This provision does not apply to reports made or information provided in good faith, even if the facts alleged in the report are not later substantiated.

I. RETALIATION

A materially adverse action performed directly or through others, aimed to dissuade a reasonable person from engaging in, or done in retribution for engaging in, exercising rights under this policy, reporting in good faith a possible violation of this policy, or participating in an investigation or proceeding in good faith pursuant to this policy. Retaliation may arise whether or not the underlying allegation was found to be substantiated. Retaliation does not include good faith actions pursued in response to a report of Prohibited Conduct.

Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging in any process provided for and/or activity protected under this policy.
J. AMNESTY

An individual who participates as a Complainant, Respondent or Witness in an Administrative Review for Sexual Misconduct or allegations where violence, threat pattern, predation, and/or weapon use is indicated, may not be subject to disciplinary sanctions for a minor violation of Student Prohibited Conduct (i.e. alcohol, controlled substances, etc.) at or near the time of the incident and in connection with the investigation, unless it is determined that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty. Determination of the applicability of Amnesty will be made by the Administrative Review Officer.

K. ADMINISTRATIVE REVIEW

The procedures referenced below provide for prompt, thorough, equitable response to reports of Student Prohibited Conduct that afford all parties notice, an opportunity to present witnesses and evidence, as well as to review the information that will be used in determining whether a policy violation has occurred.

The procedures described below apply to all allegations of Student Prohibited Conduct under this policy, except for allegations of Sexual Misconduct. Allegations of Sexual Misconduct (i.e., Sexual Assault, Stalking, Sexual Exploitation, Relationship Violence, Sexual or Gender-Based Harassment and Discrimination) will be addressed using the definitions, procedures, and guidelines under the University’s “Policy on Sexual and Gender-Based Harassment, Discrimination, Retaliation and Other Forms of Interpersonal Violence.” More information on this policy is available on the University’s Title IX Webpage.

Administrative Reviews work from a presumption that the Respondent is not responsible for alleged conduct until a determination regarding responsibility is made at the conclusion of the Administrative Review.

Timeframe

Every effort will be made to complete an Administrative Review within sixty (60) calendar days from the date of notice to the University, though some Administrative Reviews may take weeks or even months, depending on the nature, extent and complexity of the allegations, availability of witnesses, police involvement, etc.

The University may undertake a short delay in its Administrative Review to allow evidence collection when a criminal investigation is occurring at the same time as the University’s Administrative Review. The University will promptly resume its Administrative Review and resolution processes once notified by law enforcement that the initial evidence collection process is complete.

Evidentiary Standard

The University applies the Preponderance of the Evidence standard when determining whether a policy has been violated. “Preponderance of the Evidence” means that it is more likely than not that the alleged policy violation occurred.

Use of Evidence

Any evidence that the Administrative Review Officer (Investigator) believes is relevant and credible may be considered, including history and pattern evidence. The Administrative Review Officer (Investigator) may exclude irrelevant or immaterial evidence and may choose to disregard evidence lacking in credibility or that is improperly prejudicial.

While previous conduct violations by the Respondent or Complainant are not generally admissible, the Administrative Review Officer (Investigator) will reference information about previous good faith allegations and/or findings to consider as evidence of pattern and/or predatory conduct.
Unless the Administrative Review Officer (Investigator) determines it is appropriate, the Administrative Review and the finding will not consider:

- Incidents not directly related to the possible violation, unless they show a pattern.
- The character of the Complainant and Respondent. This includes character witnesses or taking information they offer into consideration when making a final determination.

Investigator(s) may consider “hear-say” evidence to the extent that the individual providing it is deemed credible and provides information directly relevant to the investigation.

During the Administrative Review, all relevant evidence and information will be reviewed with the Complainant and Respondent ONLY after they have had the opportunity to provide their perspective on the alleged Student Prohibited Conduct. Physical or electronic copies of all relevant evidence will only be made available upon the conclusion of the Administrative Review.

Relevant evidence will be objectively evaluated by Administrative Review Officers – including both inculpatory and exculpatory evidence. Credibility of the evidence will not be based on a person’s status as a Complainant, Respondent, or Witness.

**Complainant/Respondent Participation**

If either the Complainant or Respondent choose to not participate in an Administrative Review, a determination will be made using the information and evidence available. Parties who elect not to participate in the Administrative Review or to withhold information from the Administrative Review do not have the ability to offer evidence later during the appeal if it could have been offered during the Administrative Review. Failure to offer evidence prior to an appeal does not constitute grounds for appeal based on new evidence.

**Witness Participation**

Under the Code of Student Conduct, Student witnesses are expected to cooperate with, and participate in, any Administrative Review conducted in conjunction with this policy honestly and in good faith. Failure of a witness to cooperate with and/or participate in the Administrative Review constitutes a violation of policy and may subject the witness to Student Conduct Action for failure to comply.

Witness/Parties who elect not to participate in the Administrative Review or to withhold information from the Administrative Review do not have the ability to offer evidence later during the appeal if it could have been offered during the Administrative Review. Failure to offer evidence prior to an appeal does not constitute grounds for appeal based on new evidence.

Witness information and the evidence collected during the course of an Administrative Review will be kept confidential and will only be shared with those directly involved with the Administrative Review (i.e., Complainant and Respondent), or with University officials with a legitimate need to know.

Witnesses who participate in an Administrative Review are protected from retaliation, and may be afforded amnesty, as defined under the Code of Student Conduct.

Information provided by witnesses will be evaluated for credibility and relevance. Investigator(s) may choose to disregard evidence and/or information provided by witnesses when it focuses on the character of the Respondent or Complainant or does not pertain to the investigation of alleged Student Prohibited Conduct.

**Communication with Complainant, Respondent and Witnesses**

The University considers the assigned University of La Verne e-mail account as an official means of communication. Investigators will primarily communicate with the Complainant, Respondent and Witnesses through e-mail using their University of La Verne email account.
Advisor Participation
Each party (i.e., Complainant & Respondent) is allowed to have an advisor of their choice present with them for all Administrative Review meetings and proceedings, from intake through final determination. The parties may select whomever they wish to serve as their advisor as long as the advisor is eligible and available, and otherwise not involved in the investigation, such as serving as a witness. The advisor may be a friend, mentor, family member, attorney or any other supporter a party chooses to advise them who is available and eligible. The parties may choose advisors from inside or outside the campus community. Advisors may help their advisees prepare for each meeting, and are expected to advise ethically, with integrity and in good faith.

The University cannot guarantee equal advisory rights, meaning that if one party selects an advisor who is an attorney, but the other party does not, or cannot afford an attorney, the University is not obligated to provide one.

All advisors are subject to this policy, whether they are attorneys or not. Advisors may not address campus officials in a meeting or interview unless invited to. The advisor may not make a presentation or represent the Complainant or Respondent during any meeting, proceeding, or communication (electronic or otherwise), and may not speak on behalf of the advisee to the investigators or appeals officer. The parties are expected to ask and respond to questions on their own behalf, without representation by their advisor. Advisors may confer quietly with their advisees or in writing as necessary, as long as they do not disrupt the process. For longer or more involved discussions, the parties and their advisors should ask for breaks or step out of meetings to allow for private conversation.

Advisors are expected to refrain from interference with the Administrative Review and resolution. Any advisor who steps out of their role will be warned once and reminded of their role. If the advisor continues to disrupt or otherwise fails to respect the limits of the advisor role, the advisor will be asked to leave the meeting, and that meeting will typically continue without the advisor present. Subsequently, the Chief Student Affairs Officer will determine whether the advisor may be reinstated, may be replaced by a different advisor, or whether the party will forfeit the right to an advisor for the remainder of the process.

The Investigator will provide a consent form to parties who wish to share information with their advisor. The parties must complete this form before the University is able to share information with an advisor, though parties may share the information directly with their advisor if they wish. Even with a consent form, the investigator will continue to communicate primarily with the Complainant or Respondent.

Advisors are expected to maintain the privacy of the records shared with them. These records may not be shared with Third Parties, disclosed publicly, or used for purposes not explicitly authorized by the University. The University may seek to restrict the role of any advisor who does not respect the sensitive nature of the process or who fails to abide by the University’s privacy expectations.

The University does not typically change scheduled meetings to accommodate an advisor’s inability to attend. Therefore, an advisor is expected to adjust their schedule to attend University meetings when scheduled.

A party may elect to change advisors during the process and is not locked into using the same advisor throughout.

Audio/Video Recording during Investigation Process
Unauthorized audio or video recording of any kind is NOT permitted during investigation meetings.

Recusal of Administrative Review Officer or Appeal Officer
Respondent and Complainants have the right to request that an Administrative Review officer or Appeal Officers be recused on the basis of demonstrated bias or conflict-of-interest within two business days of being notified of the identity of the Administrative Review Officer or Appeal Officer. Request must be provided in writing and provide a rationale or reason for demonstrated bias. Requests will be evaluated
for merit and responded to by the Chief Student Affairs Officer as appropriate. If the request is found to have merit, a new Administrative Review Officer or Appeal Officer will be assigned. If the request is not found to have merit, the assigned Administrative Review Officer or Appeal Officer will remain.

**Preliminary Inquiry**
Following receipt of notice or a report of Student Prohibited Conduct, an assigned Administrative Review Officer will engage in a Preliminary Inquiry to determine if there is reasonable cause to believe a violation of Student Prohibited Conduct under this policy has occurred.

If, during the Preliminary Inquiry or at any point during the Administrative Review, the Investigator determines that there is no reasonable cause to believe that Student Prohibited Conduct under this policy has been violated, the process will end. In cases where the Preliminary Inquiry shows that reasonable cause exists, the Administrative Review Officer will prepare and issue a “Notice of Investigation” to the Respondent and Complainant, as appropriate.

The Preliminary Inquiry will also be used to evaluate if the allegation(s) involves or indicates violence, threat, pattern, predation and/or weapon use.

Administrative Review Officers may provide a Complainant resources, accommodations, and/or applicable supportive or protective measures, where the Preliminary Inquiry indicates or involves threat of harm.

**Notice of Investigation**
Once an Investigation begins, the assigned Administrative Review Officer will provide formal notification through email using the party’s University of La Verne email account. Once emailed, notice will be presumptively delivered. The notification will:

- Provide a brief description of the alleged behavior that constitute a violation Student Prohibited Conduct;
- Identify the specific Student Prohibited Conduct policy(s) that has been allegedly violated;
- Provide the date and location of the alleged Student Prohibited Conduct, to the extent that is known;
- Provide information on the source of complaint, and if appropriate, identity of Complainant, if any;
- Inform parties of any supportive or protective interim measures being taken. Information on protective measures will include an "analysis" and rationale for the measure;
- Provide a description of applicable interim measures, investigation process procedures and next steps, if any;
- Provide access to a copy of applicable policies and guidelines, including Respondent and Complainant rights;
- Name the Administrative Review Officer(s) (Investigator) assigned to the case and of involved party’s right to request recusal of Administrative Review Officer(s) based on demonstrated bias or conflict of interest.
- Inform involved parties of their rights to participate in process and to review information as outlined in the Code of Student Conduct;
- Inform involved parties on retaliation, amnesty, and obligation to provide truthful information under the Code of Student Conduct;
- Inform involved parties on Respondent being presumed not responsible for alleged conduct until a determination is made as an outcome of administrative review.

If during course of investigation/administrative review, additional allegations are discovered, the Administrative Review Officer will provide notice to the involved parties of the additionally discovered allegations.

Involved Parties will be afforded 3-5 from date of notice to respond to allegations in writing or in person. An involved Party may choose to waive the 3-5 days respond period.
Investigation
Administrative Review Officers will conduct a thorough, reliable and impartial investigation. The investigation will be a process that may necessitate more than one meeting/interview with the Respondent, Complainant and Witnesses. The investigation process may include, but is not limited to:

- Administrative Review Officer(s) meeting with the parties (i.e., Respondent and Complainant) for the purposes of:
  1. Reviewing the investigation process under this policy;
  2. Allowing parties to present their perspective on the allegation and respond to the allegations. The response may be in writing should the parties prefer;
  3. Allowing parties to present related evidence and identify possible witnesses;
  4. Reviewing the information and statement provided/available, only after the parties the opportunity to provide their perspective on the alleged Student Prohibited Conduct.

- Administrative Review Officer(s) interviewing all relevant witnesses and collecting all relevant evidence.

- Administrative Review Officer(s) reviewing all relevant statements and evidence with Respondent and Complainant.

- Administrative Review Officer(s) allowing each party the opportunity to suggest applicable questions they wish the Administrative Review Officer(s) to ask the other party and/or witnesses. Administrative Review Officer may choose to edit questions or not ask them based upon their relevance or purpose.

For allegations where the possible outcome is suspension or expulsion, the Administrative Review Officer(s) will provide Respondent and Complainant an opportunity to review a “summary of all relevant evidence” to be used in rendering a determination and provide Respondent and Complainant with a full and fair opportunity to address the “summary of all relevant evidence” prior to a finding being rendered.

Administrative Review Officer(s) will complete the Investigation promptly, and without unreasonable deviation from the intended timeline. If the Administrative Review Officer(s) determines additional time is needed to complete an investigation, both parties will be notified of the delay. Administrative Review Officer(s) will provide regular updates to the Complainant and Respondent throughout the investigation as appropriate.

For cases of Sexual Misconduct, the processes outlined under the Title IX policy will be followed.

Findings
If the Preponderance of Evidence standard is met for a Student Prohibited Conduct violation, the allegation(s) brought against a Respondent will be “substantiated” and the Administrative Review will proceed to the sanctioning phase.

If the standard is not met, the allegation(s) brought against a Respondent will be “unsubstantiated” and the case will be closed. The Administrative Review Officer may impose preventative measures when the finding is “unsubstantiated” for the purposes of:

- Protecting the health and safety of all parties involved;
- Preventing the occurrence of Student Prohibited Conduct;
- Preventing escalation of an incident, concern or behavior.

In rare cases when it is determined the allegation(s) brought against the Respondent was not in good faith, the allegation(s) will be “unfounded”, and the case will be closed.

For investigations related to Sexual Misconduct, the processed outline in the Title IX policy will be used to make all determinations. For all other investigations of Student Prohibited Conduct, the Administrative Review Officer(s) will make the determination.
Respondent Admits to Policy Violation
The Respondent may choose to admit responsibility for all or part of the alleged Student Prohibited Conduct at any point during the investigation. If the Respondent admits responsibility, the Administrative Review Officer will find that the allegation(s) is “substantiated”, and the investigation will proceed to the sanctioning phase.

Notification of Findings
The Administrative Review Officer(s) will inform the parties of the final determination. Notification will be made using the parties’ University of La Verne email account. Once emailed, notice will be presumptively delivered.

The outcome notification for investigations related to Sexual Misconduct, will be made to all parties, without significant time delay between notifications using process outlined in the Title IX Policy.

Notification for all other investigations (not related Sexual Misconduct), will be made to the Respondent and will specify:

- The finding on each alleged policy violation and the rationale supporting the essential findings.
- The relevant/appropriate sanctions and/or preventative measures and the rationale supporting the sanctions and/or preventative measures.
- Information on when the results (finding, sanctions and preventative measures) are considered by the University to be in effect.
- Information on appeals options that are available to the Respondent.

Notifications to the Complainant for non-sexual misconduct investigations will specify:

- The finding on alleged policy violation that impact the Complainant.
- The relevant/appropriate sanctions and/or preventative measures that impact the Complainant.
- Information on when the results that impacted or impact the Complainant (finding, sanctions and preventative measures) are considered by the University to be in effect.

Federal Education Rights and Privacy Act
The outcome of an investigation is part of the education record of the Respondent and is protected from release under the Federal Education Rights and Privacy Act, except under certain conditions. As allowed by FERPA, when a student is accused of a policy violation that would constitute a “crime of violence” or forcible or non-forcible sex offense, the University of La Verne will inform the Complainant of the outcome as described previously.

In cases where the University of La Verne determines through the investigation that a Respondent violated policy that would constitute a “crime of violence” or non-forcible sex offense, the University of La Verne may also release the above information publicly and/or to any Third Party. FERPA defines “crimes of violence” to include: arson; assault offenses (includes stalking); burglary; criminal homicide—manslaughter by negligence; criminal homicide—murder and non-negligent manslaughter; destruction/damage/vandalism of property; kidnapping/abduction; robbery; forcible sex offences; and non-forcible sex offences.

L. SANCTIONS AND REMEDIES
When the allegations brought against a Respondent are “substantiated,” sanctions will be assigned. Factors considered when determining a sanction/responsive action may include:

- The nature, severity of, and circumstances surrounding the violation.
- An individual’s Code of Student Conduct history.
- Previous allegations involving similar conduct.
- Any other information deemed relevant by the Investigator.
The need for sanctions/responsive actions to bring an end to the Prohibited Conduct.

The need for sanctions/responsive actions to prevent the future recurrence of Prohibited Conduct.

The need to remedy the effects of the discrimination, harassment and/or retaliation on the Complainant and the community.

Identifying opportunities to have the Respondent re-dress the Complainant, when appropriate, as deemed by the Administrative Review Officer.

Having the Respondent engage in an educational experience, when possible and appropriate, as deemed by the Administrative Review Officer.

The need to hold the Respondent accountable for his/her behavior.

The respondent’s willingness to take responsibility for behavior.

The following are non-exhaustive examples of sanctions that may be imposed upon Respondents singularly or in combination:

- **Academic Program Re-Assignment**: Informs an individual that their behavior in an academic program or main/regional “campus” has been significantly disruptive such that their continued participation in that program will not be allowed. As such, a student may be re-assigned to a different academic program (i.e., on-line) or main/regional “campus.” Academic Program Re-Assignment sanctions are usually accompanied by the following sanctions: University Probation, Person Non-Grata.

This sanction can range from a semester/term to up to 4 years. Specific duration will be specified in Notification of Findings.

Being in University facilities, parking lots, spaces, other property owned or controlled by the University, as well as participating/being present in University sponsored programs or events will be considered trespassing. Individuals trespassing will be asked to leave and will be referred to local police agencies.

Specific duration will be specified in Notification of Findings.
- **Termination**: Informs individuals that they are permanently terminated from University employment, leadership and volunteer opportunities.
- **University Warning**: A warning serves as notice that the student's behavior is not within the standards established by the Code of Student. A warning also serves as notice that should the student continue to engage in Prohibited Student Conduct, they may be subject to additional administrative actions.
- **University Probation**: Informs the student that they have engaged in behavior that has created a significant disruption to the University community. It serves as notice that should the student continue to engage in Prohibited Student Conduct, they may be subject to university suspension or expulsion. This sanction also denotes that the student is not in good judicial standing with the University during the effective dates. This sanction can range from a semester/term to up to 4 years. Specific duration will be specified in Notification of Findings.
- **University Suspension**: This sanction informs the individual that during the specified period, they are not eligible to be a student at the University of La Verne. This sanction can range between a semester/term to up to 4 years. Specific duration will be specified in Notification of Findings. University Suspension carries with it the following conditions:
  - During the suspension period, the individual is **“Persona Non-Grata”** from the University of La Verne. Meaning they are not allowed in or within 25 feet of all University facilities, parking lots, spaces and/or other property owned or controlled by the University as well not allowed to participate/be present at University sponsored programs or events. Should the individual need to be on University property or University sponsored program or event
to conduct official University business, they must request and receive approval from the Dean of Students prior to being on University property.

- During the suspension period, a **hold** will be placed on the individual's student record.
- After completion of the suspension, the individual will need to a) meet with a representative of the Dean of Students Office to discuss behavioral expectations, and b) work with respective offices (academic advising, registrars, financial aid, student accounts) to complete all administrative processes required for their return.
- After completion of the suspension, the individual will be on **University Probation** for a one-year period starting on the first day of the individual's official return to the University of La Verne.

### University Expulsion

Informs the Student that they have engaged in behavior that has created a significant disruption to the University such that they can no longer be a Student at the University of La Verne and their student status is permanently terminated. As such, the individual is not eligible for re-admission or re-enrollment in any University program or campus as well as participation as an Alumni or Alumni services, programs and events. University Expulsion carries with it the following conditions:

- The individual is **"Persona Non-Grata"** from the University of La Verne. Meaning they are not allowed in or within 25 feet of all University facilities, parking lots, spaces and/or other property owned or controlled by the University as well not allowed to participate/be present at University sponsored programs or events.
- A "Student Conduct Action Taken" notation will be made on the individual's University of La Verne transcript.

### Withholding Diploma

The University may withhold a Student's diploma for a specified period and/or deny Student participation in commencement activities if the Student has an allegation pending or as a sanction if the Student is found responsible for an alleged violation.

### Other Actions

In addition to or in place of the above sanctions, the University may assign any other sanctions as deemed appropriate.

### Abiding by Sanction or Preventative Measures

Students are expected to comply with assigned sanctions or preventative measures within the timeframe(s) identified in the "Notification of Findings." Failure to abide with sanctions or preventative measures, whether by refusal, neglect or any other reason, is considered a violation of Student Prohibited Conduct and may result in additional administrative action, including, but not limited to hold on Student records, suspension from the University, and/or notation on the Student's official transcript at the end of the semester.

### M. Preventative Measures

The Administrative Review Officer may impose preventative measures when the finding is "unsubstantiated" for the purposes of restoring and preserving involved party's education access. Specifically:

- Protecting the health and safety of all parties involved;
- Preventing the occurrence of Student Prohibited Conduct;
- Preventing escalation of an incident, concern or behavior.

The following are non-exhaustive examples of preventative measures that may be imposed singularly or in combination:

- **“No-Contact” Order:** Establishes identified individuals may not have any contact with one another.
- **Behavioral Expectation Requirement:** Requires individuals to engage or follow outlined behavioral expectations.
• **Loss of Privileges (Visitations):** Limits an individual from having guests on-campus or being able to visit specific residence halls, when that guest does not reside in the specific building, is not a resident of on-campus housing, and/or is not a student at the University.

• **Persona Non-Grata from Specified Facilities:** Instructs an individual that they are not allowed in or within 10 feet of the specified University facility(s), parking lot, space, other property owned or controlled by the University, as well as a specified University program or event. Should the individual need to access the specified location/program for conducting official University business, they must request and receive approval from the Dean of Students prior to accessing the specified location/program. Specific duration will be specified in Notification of Findings.

• **“Persona Non-Grata” from the University:** Instructs an individual they are not allowed in or within 25 feet of all University facilities, parking lots, spaces and/or other property owned or controlled by the University as well not allowed to participate/be present at University sponsored programs or events. Should the individual need to be on University property or University sponsored program or events to conduct official University business, they must request and receive approval from the Dean of Students prior to being on University property. Being in University facilities, parking lots, spaces, other property owned or controlled by the University, as well as participating/being present in University sponsored programs or events will be considered trespassing. Individuals trespassing will be asked to leave and will be referred to local police agencies.

• **Housing Reassignment:** Requires an individual to relocate or move to a different room in on-campus housing. Failing to relocate by the specified date may result in administrative action including charges and holds on student records.

• **On Notice:** Informs individual that their behavior is of concern and while the current behavior may be a violation of prohibited conduct, continuing to engage in that behavior may result in allegations and/or findings of engaging in prohibited conduct.

• **Other Actions:** In addition to or in place of the above preventative measures, the University may assign any other preventative measures as deemed appropriate.

**N. APPEALS**

All requests for appeal consideration must be submitted in writing to the appeals officer within five (5) business days of the delivery of the written investigation findings. A Respondent or Complainant may appeal the findings and/or sanctions only under the following grounds:

• A procedural error or omission occurred that significantly impacted the outcome of the administrative review (e.g., substantiated bias, material deviation from established procedures, etc.).

• The sanctions imposed fall outside the range of sanctions the University has designated for this offense and the cumulative record of the responding party.

• To consider new evidence, unknown or unavailable during the original administrative review or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.

**NOTE** – Involved parties who elected not to participate in the Administrative Review or to withhold information from the Administrative Review do not have the ability to offer evidence as part of the appeal if it could have been offered during the Administrative Review. Failure to offer evidence prior to an appeal does not constitute grounds for appeal based on new evidence.

The Appeals Officer will review the appeal request(s). The original finding and sanction and/or responsive actions will stand if the appeal is not timely or is not based on the grounds listed above, and such a decision is final. The party requesting an appeal must show that the grounds for an appeal request have been met. When any party requests an appeal, the Appeals Officer will share the appeal request with the other party. If new grounds are raised, the other party will be permitted to submit a written response to
these new grounds within two days of notification. These responses or appeal requests will be shared with each party.

Where the Appeals Officer finds that at least one of the grounds is met by at least one party, the following apply:

- Appeals are not intended to be full re-investigations/administrative reviews of the allegation(s). In most cases, appeals are confined to a review of the written documentation or record of the investigation/administrative review, and pertinent documentation regarding the grounds for appeal.
- Appeals granted based on new evidence should normally be remanded to the administrative review officer(s) for reconsideration. Other appeals may be remanded at the discretion of Appeals Officer or, in limited circumstances, heard by the Appeals Officer.
- Sanctions/preventative measures imposed as the result of an investigation/administrative review are implemented as noted on the individual’s decision letter.
- The Appeals Officer will render a written decision on the appeal to all parties within ten (10) business days without significant time delay between notifications for all parties.
- Once an appeal is decided, the outcome is final. Further appeals are not permitted, even if a decision or sanction is changed on remand.
- In rare cases where a procedural or substantive error cannot be cured by the original administrative review officer(s) (as in cases of bias), the Appeals Officer may recommend a new administrative review with a new administrative review officer. The results of a remand cannot be appealed. The results of a new administrative review can be appealed, once, on any of the three applicable grounds for appeals.
- In cases where the appeal results in reinstatement to the University or resumption of privileges, all reasonable attempts will be made to restore the Respondent to their prior status, recognizing that some opportunities lost may be irreparable in the short term.

For cases of Sexual Misconduct, if the appeal party(s) request to meet, the Appeal Officer will offer to meet separately with each of the parties to review the appeal.

Q. REVISIONS & UPDATES

The University reserves the right to make changes to this document as necessary and once those changes are posted online, they are in effect. The Chief Student Affairs Officer may make minor modifications to procedure that do not materially jeopardize the fairness owed to any party, such as to accommodate summer schedules, etc. The Chief Student Affairs Officer may also vary procedures materially with notice (on the institutional web site, with appropriate date of effect identified) upon determining that changes to law or regulation require policy or procedural alterations not reflected in this policy and procedure. If government regulations change in a way that impacts this document, this document will be construed to comply with government regulations in their most recent form.

Procedures in effect at the time of the investigation will apply to all incidents, regardless of when the incident occurred. Policy in effect at the time of the offense will apply even if the policy is changed subsequently but prior to resolution, unless the parties consent to be bound by the current policy.

Students are provided a copy of this policy annually in the form of an email with a link to the University of La Verne website where this information is available. Students are responsible for having read and abiding by this policy.

Students pursuing an art history major prepare themselves for careers in professional education in the arts, gallery and museum curatorship, law, urban planning, historic preservation, and other professions demanding good writing skills and critical thinking. Students who intend to pursue graduate study in art history should be proficient in a foreign language and should include these courses in their study. Students who intend to pursue graduate study and/or a career in museums and arts administration should take MGMT 300. Students may do both the internship and study abroad, but only one is required.

Latinx/Latin American Studies Minor (LLAS)

No matter what career you pursue, a basic understanding of the diverse heritage and broad living experiences of Latinx and Latin Americans is a tremendous asset, especially in California. People of Latin American and Caribbean descent now make up the second-largest ethnic group in the United States, and the largest group in California. Here in the Los Angeles Basin, they represent almost fifty percent of the population.

For this reason, the University of La Verne is proud to offer a Latinx and Latin American Studies Minor. As a Hispanic Serving Institution (HSI), the university has developed extensive expertise in this area. The minor is helpful for students in any field of study and is designed to integrate the arts and sciences with disciplines intended to serve the public, specifically in the areas of health, education, administration, business, and law.

The minor includes theoretical perspectives and practical approaches to the historical and contemporary concerns of subjectivity at the crossroads of race, ethnicity, class, gender, sexuality, religion, and culture. It addresses the
complexities of the concept of “latinidad.” It combines community action with an understanding of the daily living and concerns of specific Latinx and Latin American populations. Students are encouraged to engage in research that promotes self-agency, ecological resilience, social justice, and solidarity across diverse communities for the positive transformation of culture and society.

The Latinx and Latin American Studies Minor will give you competencies that open doors and enrich your life after graduation — not just in your career, but also in your communities, and your civic interactions as a citizen of the world.

Learning objectives:
Upon completion of the minor, the students will be able to:

**Black Studies Minor**

**Chairperson:** Thomas D. Allison, Esq., MPA

Black studies at the University of La Verne is an interdisciplinary and transnational pedagogical exploration of the Black and African diaspora with an emphasis on contemporary action, advocacy, activism, performance and excellence in the new economy. The minor integrates intercultural communication and community action as a way to develop opportunities for praxis, research and exploration of the multiple identities of the Black Diaspora. This program is not just an academic program, but a cultural community that solidifies and presents the Black community’s cultural, socio-political, and economic contribution to the identity of the global community. In partnership with the University of La Verne’s Black Alumni Affinity Group and the regional Black community, our students will enjoy direct access to internships, community participation, and professional mentorship.

The program connects ethnic and area studies to provide an interdisciplinary focus. The minor will seek to engage students in a learning community to collaboratively develop a broader application of activism, advocacy, and organizing for cultural sustainability and empowerment. In addition to analyzing the impact of slavery and freedom on Black life in the Americas, the minor will also examine the issues that continue to shape and define Black communities in the post-Civil Rights Era United States and the contemporary Africa diaspora, including: Black intra-racial dynamics, gender relations, marriage and family patterns, sexuality, expressive forms, and hip-hop culture. Students will examine the formation and position of group and
individual identities through systematic study, active learning, and research which includes:

**Understanding Historical and Cultural Knowledge**
- a. Examine the origins of the African slave trade, and explore political, economic, demographic and cultural factors shaping Black and African American life and culture prior to 1865 to present day.
- c. Arts, literature, and representation as mechanisms for establishing identity and promoting social change. A study of the genesis, development, and scope of Black and African American culture, approached through an examination of selected art forms, historical themes, and intellectual currents.
- d. The processes and implications of the diverse Black experience as an umbrella term that both connects and obscures group and individual identities and differences.

**Sustainability Minor**

**Chairperson:** Jay Jones

This minor is designed for students interested in the environment and sustainability. It is a valuable complement to any major. The minor allows students to view sustainability from many different perspectives. The course requirements are assembled into major groups that provide exposure to areas, which are particularly important for understanding the complexity of sustainability issues. The natural sciences provide the basic knowledge of the physical world in which we live. The social sciences and business sector contains course options that provide an understanding of the social, political, economic and ethical dimensions of sustainability. A community service component is built in to provide hands on experience with sustainability issues at the community level. A capstone course is provided at the 400 level to consolidate and integrate knowledge gained in other courses in order to find more effective solutions to environmental problems.

There is considerable flexibility in the course options from which students can choose to meet the requirements. Those interested should speak with their academic advisor and the sustainability minor coordinator for advice regarding specific course options. This minor will empower students to use the knowledge gained in their major to more effectively enhance their own lives and contribute to the common good.

The Kinesiology Department offers three undergraduate concentrations of study within one major and one graduate program. The Physical Education Teacher Education (PETE) concentration prepares students to teach Physical Education in the State of California public school system. The Health and Human Performance (HHP) concentration prepares students for careers and graduate education in health and sport science professions. The Athletic Training (AT) concentration is designed for students who are interested in a pathway towards becoming a certified athletic trainer. LEGAL STUDIES DEPARTMENT

Chairperson: Carolyn Bekhor
Regular Faculty: Carolyn Bekhor, Thomas Allison

The American Bar Association has approved this program for the education of paralegals. Legal Studies prepares individuals for careers as paralegals or for positions where organizational and analytical skills as well as knowledge of the law and legal procedures are necessary. Paralegals work under the supervision of an attorney or perform work for which an attorney is responsible. Paralegals do not practice law nor give legal advice. The goal of the department is to educate students of diverse backgrounds to become effective, ethical, and professional paralegals who are employable in a variety of legal settings. The five cornerstones to achieving this goal are knowledge of law, practical application, analytical ability, effective communication, and technology literacy.

The minor in American Law is not approved by the American Bar Association and does not prepare a student for a career as a paralegal nor provide a paralegal certificate.

LS 301 and LS 304 are prerequisites to all other courses, and a grade of C or better in each is required for the student to continue.

Legal Studies — B.S.

Students should complete RCS 110 and six additional semester hours of general education prior to taking LS courses. At least 18 semester hours of general education must meet the Legal Studies Program’s approval. Transfer courses are accepted into this program if approved by the Legal Studies Department. We do not transfer civil procedure, litigation, advanced research and writing or internship courses, or courses over seven years old. Courses transferred must be legal
specialty courses as defined by the American Bar Association. Majors must take a minimum of 24 semester hours of upper division LS courses from La Verne. The major requires a minimum of 46 semester hours.

MODERN LANGUAGES DEPARTMENT

Chairperson: Ann Hills

Regular Faculty: Sean Bernard, Gabriela Capraroiu, Ann Hills, Gerard Lavatori, Alexander Lev-Da-Silva

La Verne’s world language programs with majors in French and Spanish, a minor in Japanese, and courses in German aim to familiarize students with the cultural richness and diversity of the world through the intensive study of the linguistic, literary, and cultural expressions of other global communities. Since cultural values are best understood experientially, study abroad is strongly encouraged for Spanish and French majors.

La Verne’s foreign language majors acquire the linguistic competence and cultural sensitivity necessary to function effectively as informed world citizens in a growing number of professional fields, including international affairs, law, business, education, social activism and advocacy, communications and the arts. The La Verne foreign language majors also prepare students for graduate studies in the humanities and social sciences.

**Adjunct Faculty:** Steve Alaniz, Michael Boos, Pebber Brown, Homero Chavez, Moh Wei Chen-Hribar, Zachary DeChance, Robert Dominguez, Andrew Ford, Yalil Guerra, Anita Hanawalt, Rachel Vetter Huang, Hedy Lee, Rafael Liebich, Ariel Pisturino, Ellen Rondina, Todd Strange (Artist-in-Residence), Courtney Taylor, Joshua Williams, Jackie Yu.

**Department/Morgan Auditorium Manager:**  
F. Dalton Lamberth

The mission of the Music Department is to provide students opportunities to experience a broad spectrum of music from the Western art tradition, American music, and the musics of diverse cultures. Through the courses and performances offered by the department, students will develop critical
understanding of artistic expression as an essential part of life and learn skills essential to musicians today.

Students may choose a major or minor with a concentration in performance, history, or theory/composition.

While we dedicate ourselves to preparing students to pursue music as a profession, we also believe that all students regardless of major, will be effective leaders in their communities and professions when enriched with the opportunity to explore and develop their personal musical talents and creative imagination. As part of the University’s mission, the Music Department invites and encourages students majoring in other areas to participate in all classes, ensembles, and applied lessons.

The Biology Department offers a major that provides breadth within the natural sciences but also depth within the many sub-disciplines of biology. This is accomplished with core areas that include introductory, foundational, and mastery courses, an environmental, applied/translational, and integrative/interdisciplinary themed course, and prerequisite courses from the Natural Science Division. The range of courses prepare students for the health professions, cellular and molecular biology, environmental biology, and teaching.

Biology Minor

Biology Minor Coordinator: Jerome V. Garcia

Students may pursue the Biology minor by first meeting with a Biology professor to
discuss their interests/goals with respect to earning the minor. The foundational
requirements provide the fundamental physical and biological principles of the
natural sciences, while the elective courses taken will focus the student into a
concentration of Biology (health sciences, organismal, environmental, and cellular
or molecular biology).

Total program: 24-26 semester hours

BIOL 204   Plant Biology       (4)*
BIOL 205   Animal Biology     (4)*

**Electives:** A minimum of **16 semester hours** of upper division BIOL courses are required. One upper division chemistry course may be substituted for one of the upper division Biology courses but is contingent on the completion of BIOL 314-Biochemistry.

*Biol 201, 202, 204 or 205 may be substituted with an approved upper division course if its counterpart has been taken; therefore taking BIOL 101 disqualifies the individual from this choice.*

**Natural History — B.A.**

The Natural History Major is similar to the Biology Major but is less technical and more descriptive. Interested students should contact the program chairperson.

4-1 Physics Teaching Track

The Physics teaching track offers rigorous and personalized training in physics and educational pedagogy for students wishing to pursue a career in teaching. The degree is comprised of a subject matter competency courses in physics that include the fundamentals of Classical Mechanics, Electricity and Magnetism, Modern Physics, and Quantum Mechanics. Upper division courses include 16 semester hours of Single Subject Teacher Credential courses, of which 4 semester hours in the final semester of the senior year (EDUC 443) will be applied to both undergraduate and graduate level requirements. The other 12 upper division semester hours will be applied towards the undergraduate degree only. This program is a direct educational pathway to completing a Teaching Credential Candidacy program and a specialized Master of Arts in Teaching, MAT at the University of La Verne. This 4+1 program is intended for completion in 5 years according to a detailed and specific plan. Any deviation from the outlined education plan, including extensions, may have financial aid implications, and should be considered with the support of an advisor.

The Physics teaching track requires a 2.75 GPA for admission with a minimum 3.0 required for credential courses, a face-to-face interview with the program chair or designee. Students must be fully matriculated into the program by the end of the fall semester of their sophomore year. Semester advising appointments are required throughout the four years to monitor progress according to the requirements of the accelerated GPA and portfolio requirements. Students who do not progress according to the requirements of the accelerated (4+1) program may be counseled into the traditional B.A./B.S. in Physics program. Upon successful completion of the B.A/B.S. in the Physics teaching track program, students will interview with the Director.
of the MAT program or designee for authorization to advance to the graduate program in LaFetra College of Education. Advancement will be determined by an interview, credential course completion, GPA (minimum 3.0 required) and recommendation from the B.A/B.S. program chair. All Physics teaching track students must obtain cleared fingerprints (Dept. of Justice, Federal Bureau of Investigation, and the California Child Abuse Index) in accordance with the requirements for the Commission on Teacher Credentialing for credential coursework. Applicable fees apply. A record of current immunizations must be on file.

PHOTOGRAPHY DEPARTMENT

Chairperson: Shannon Benine
Adjunct Faculty: Rachel Bank, Anne Battle, David Bess, D. Hill, Andrew Thompson

Photography is a primary means for personal expression and technical revelation within all facets of human experience. In practical applications of the craft, students and teachers work together to create, process, publish pictures and assess the effects of the images that make the stories of our adventures. This work enables an examination of the social consequences of photography and offers a stream of opportunities to recognize graduate and career paths afforded by the dynamic and disruptive technology that is photography in our culture.

Honors Program

Program Chairperson: Allyson P. Brantley

The Honors Program offers a challenging intellectual experience that complements any major at the University. Open to students with proven academic success, the rigorous curriculum is taught by passionate and knowledgeable professors, and it allows students an opportunity to concurrently complete many general education requirements.

The Honors Center, available to Honors Program students, offers a study lounge, computer laboratory, and a seminar room.

All Honors classes reinforce the essential skills acquired during college education: to write effectively, communicate clearly, and think critically. The program also provides opportunities for creative expression through innovative pedagogical contexts in small classes, study-travel experiences, interdisciplinary group projects, and career preparation.

Students who complete the program curriculum with a 3.3 or better overall GPA at ULV receive the designation “Honors Program Graduate” on their diplomas and transcripts.

Eligibility Requirements: For entering first-year students, there are two pathways to enter the Honors Program. The first pathway requires a high school GPA of 3.5 or above and one of the following: SAT of 1240, ACT of 26, TOFEL of 97, IELTS of 7.0, or a high school rank in the top 15%. The second pathway requires a high school GPA of 3.0 or above and one of the following: SAT of 1300, ACT of 29, TOFEL of 97, IELTS of 8.0, or a high school rank in the top 10%. For currently enrolled students, an application essay and a 3.5 GPA or above is required in order to apply to join the Honors Program. All applications will be considered on an individual basis, and final acceptance will be determined by the Honors Program director. Transfer students who have completed 28 or more semester hours of transferable academic credit with a GPA of 3.5 or above will be invited to apply to Honors at Entrance and may be admitted pending program approval. Transfer students who have completed an HTCC Honors Transfer Program with an overall transfer GPA of 3.5 will be admitted to Honors and will also have the 30 required University of La Verne Honors semester hours reduced to 14 (see information on the Certificate for Honors Program Participation for more, p. 215).

Note: There are a limited number of openings in the Honors Program and students that submit their intent to participate are given priority entry.

Prelaw Program

Prelaw Advisor: Richard Gelm

A broad academic, cultural, and intellectual background in the various disciplines of the liberal arts is highly beneficial to students who are considering the legal profession. While leading law schools prescribe no one set of courses for students preparing to enter law school, all encourage prelaw students to develop skills in analytic research, communication (both written and oral), and reading comprehension. Prelaw students may select any undergraduate major offered at the University of La Verne.

The prelaw advisor has been designated to give prelaw students assistance in designing their courses of study at La Verne to best prepare them for law school. Through careful counseling the advisor will identify the student’s strengths and weaknesses for future legal study. This individualized counseling program and the help given to students in locating suitable law schools has been successful in placing prelaw students in the La Verne College of Law as well as other law schools in California and other parts of the United States. Students are urged to contact the prelaw advisor as soon as they decide to pursue a legal career.

**RELIGION & PHILOSOPHY DEPARTMENT**

**Chairperson:** Richard Rose  
**Regular Faculty:** Dan Campana, Richard Rose, Elaine Padilla, Jonathan Reed  
**Adjunct Faculty:** Marshall Osman, Dane Sawyer, Zandra Wagoner, Shannon Hensley

Consistent with La Verne’s history and values orientation, the Religion/Philosophy Department offers Bachelor of Arts degrees in Religion,
Philosophy, and Religion/Philosophy. A minor is available in Religion, Philosophy or Interfaith Studies. Religion courses offer the opportunity to explore religion and religious values in a critical, academic context. Philosophy courses challenge students to look seriously at the philosophical traditions which have helped to shape our world views. The Interfaith Studies minor offers students opportunities to think critically about their own evolving worldview within a pluralistic context. In all courses emphasis is upon critical thinking and evaluation of a broad range of views with the goal of refining one’s own perspectives. Off-campus religion programs are also offered to enable students in African American and Latino communities of Los Angeles to pursue degrees in Religion and Philosophy. In order to best serve the needs of this diverse group of adult learners, the departmental foreign language requirement is waived. Courses are offered in Pasadena and central Los Angeles in the evenings and on Saturdays.

While the criteria for admission is listed above, financial aid eligibility has its own criteria. Please refer to the Financial Aid sections on Eligibility and Ability to Benefit in this catalog for financial aid eligibility criteria.

**RHETORIC AND COMMUNICATION STUDIES DEPARTMENT**

**Chair:** Judy Holiday  
**Regular Faculty:** Claire Angelici, Kristine Butterly, Judy Holiday, Jennifer Jared, Joshua Jensen, Ian Lising, Rob Ruiz

The Department of Rhetoric and Communication Studies (RCS) fosters the study and practice of rhetoric, which for more than two thousand years has been defined as the study and art of persuasion. Rhetoric describes how people use language and symbols to make meaning and thus explains why individuals and groups hold the perspectives and values they do. As such, the study of rhetoric and communication is grounded in the everyday practices and understandings of people as social actors. Rhetoric and
communication studies provides students with invaluable tools to better understand themselves, others, and the world around them.

Offering a major, minor, and numerous electives, the department promotes engagement with a variety of theoretical and applied approaches to human communication, including intercultural, interpersonal, organizational, professional, and nonverbal forms of communication. RCS departmental courses encourage students to become effective, ethical, and reflective communicators in their academic, professional, personal, and civic lives. Because of its broad applicability across industries and professions, and its integral role in virtually every human endeavor, rhetoric and communication studies remains a foundational course of study.

The department sponsors the La Verne Debate Team, which competes nationally and internationally and is open to students of all majors and colleges.

**Rhetoric and Communication Studies — B.A.**

The Rhetoric and Communication Studies major prepares students for careers that demand good communication skills including social and human services, business, and law. The major emphasizes communication theory, the study and practice of rhetoric, and basic research methods (as well as context-specific training).

The Child Development Program is designed for students planning careers in early childhood education in public or private schools, and/or social service agencies. It focuses on studies of the growth and development of children in relation to the family, school, and community (see concentrations embedded in the major). The Child Development Major is designed as a complete four-year program at La Verne, but it also complements community college programs in Early Education. ECE Curriculum Alignment Project (CAP) core courses are transferable to the Child Development program (24 units) and in specific instances, are accepted as equivalencies to courses in the major. Progression through the program requires assessment. Advisors review assessment requirements with students when they enter the program. Child Development students must obtain cleared fingerprints (Dept. of Justice, Federal Bureau of Investigation, and the California Child Abuse Index) through the Fairplex Child Development Center. A record of current immunizations must be submitted to the program advisor. Students interested in the Child Development BS/MS 4+1 program should refer to the requirements specific to that program.

Child Development Statute of Limitations

Due to continuous changes in the field of education, admissible transfer courses must be taken within the last ten years at an accredited university or college. Additionally, courses previously taken at the University of La Verne must be no more than ten years old to be accepted into the current degree. Exceptions subject to departmental appeal.

Applicants who earned degrees or completed coursework at non U.S. universities should review the International Transcript Guidelines page at laverne.edu/admission/graduate to ensure that proper transcript documentation is submitted to the university. Applicants who earned degrees from institutions using a marks-grading or testing-only system must obtain a course-by-course credential evaluation by an approved National Association of Credential Evaluation Service (NACES) institution (www.naces.org; fees will apply for these services). All other applicants who have completed their studies outside of the United States may be required to have their degrees evaluated by a La Verne approved evaluation service to determine bachelor's degree equivalency. Applicants will be notified if their degrees need to be evaluated.

4. Letters of Recommendation: Required letters of recommendation attesting to academic/professional competency vary based upon program. Please refer to the program section of this catalog or consult with your admission representative for the required number of letters of recommendation. Upon admission to the University, all letters of recommendation will be destroyed and are not a part of the student's permanent record. For accreditation purposes some programs may retain copies in the student file.

5. Applicants who have not earned their prior degree in the USA, Australia, Canada (English-language provinces), United Kingdom, New Zealand, or South Africa must provide proof of English proficiency in one of the following ways:

   a. A minimum score on the Test of English as a Foreign Language (TOEFL) of 79 (iBT), 213 (CBT), or 550 (PBT) or above. Some programs require a higher score.

   b. A minimum score on the International English Language Testing System (IELTS) of 6.5.

   c. A minimum score of 105 on the Duolingo English Test.

   Note: These scores are minimum admission requirements only for assured admissions with no stipulations. Some programs require higher scores.

   The above mentioned test scores must be provided to the University directly by the testing agency.

6. Other documents as required. Please refer to the program’s specific admissions requirements as listed in this Catalog.

International Students: The University of La Verne is authorized to issue an I-20 Form only after international applicants have been accepted for admission and have submitted the $200 non-refundable tuition deposit. International students with F-1 or J-1 visas may apply to and attend only the La Verne Main Campus. The following documentation is not required at the time of the application, but must be submitted to the Office of International Student Engagement (OISE) after an offer of
admission has been made in order to have immigration documents issued to the University of La Verne:

1. Copy of valid passport

2. A signed, current Financial Statement form found at laverne.edu/oise/immigration-resources/

3. Financial documentation, no more than six months prior to the students start date verifying the statements made on the Financial Statement.

Possible Departmental Action: Each applicant’s documents are carefully reviewed by the appropriate program chair or director. Admission decisions are made within the guidelines of the graduate admissions policy based upon the applicant's qualifications and potential for success in a graduate program. Program Chairs or Directors may take any of the actions listed below:

1. Grant admission to applicants who satisfy all requirements.

2. Grant admission to applicants who demonstrate academic and professional promise. These students must meet the stipulations required by the department, including prerequisites. Students who do not meet these stipulations may be withdrawn from the University by the Program Chair/Director.

3. Deny admission because documents appear to indicate applicant would be unsuccessful in this graduate program or the applicant does not satisfy all requirements.

During the admission review, the Program Chair/Director reserves the right to request additional requirements needed to strengthen the application file (e.g., a GRE or GMAT score). Applicants will be notified by Graduate Admissions of any additional requirements.

Change of Degree: A student who desires to change degree programs must apply to the new degree program through Admissions.

Admission Time Limits: Admissions decisions are valid for one year, beginning with the semester/term to which the applicant has been admitted, unless otherwise stated in the program section of the catalog, after which the admission is withdrawn.

Terms of Admission Offers: All offers of admission are contingent upon receipt of final transcripts showing work comparable in quality to that upon which the offer was based. The university reserves the right to select its students and deny admission at its sole discretion based on applicant’s qualifications and the best interest of the university.

The University reserves the right to deny admission to any applicant who fails to completely and accurately disclose all colleges and universities previously attended. Failure to do so, may be interpreted as falsification of documentation. Any applicant who is found to submit altered, forged, or falsified documentation to the University may be denied admission or have any offer of admission already made
revoked, and no further applications will be considered. Findings of falsified admission information may also be used to justify disqualification or termination of enrollment for a current student, including revocation of course credit, grades, and degree.

Additionally, inappropriate behavior by applicants, including those that pose a threat or present a danger to the college community or other behaviors where it is considered to be in the best interest of the college to refuse admission, may be used as a basis to deny the student admission or revoke any offer of admission. Such behaviors may also be used to justify disqualification or termination of enrollment for a current student, including revocation of course credit, grades, and degree.

**Matriculation Policies**

Graduate students who possess a bachelor’s degree and who wish to enroll in graduate courses may enroll in no more than six semester hours per term and a maximum of 12 units in total by completing a non-degree application. However, if students wish to enter a graduate degree program or seek institutional recommendation for a credential from the University, they must submit a formal degree-seeking application and complete the admission process. The University cannot be held responsible for the degree applicability of courses which may be selected by a student who has not been officially admitted and assigned a program counselor.

Undergraduate students at the University of La Verne who have completed all their General Education and Major requirements can enroll in up to 15 units in a master’s program and utilize these graduate units toward their Bachelor and Master degrees. Enrollment in the Master degree courses are subject to the written approval of the Program Director/Chair of the Master program. Students need to contact the program director/chair to see if a specific program is participating.

**Second La Verne Master’s Degree:** Students who have completed a master’s degree at La Verne and wish to earn a second master’s degree at the University must apply for the second degree by submitting an application with a statement of purpose; additional application materials may be required. Students may contact an admission representative for further details. Official transcripts submitted for the first-degree program may not be required for admission into the second-degree program unless the entry term of the first degree exceeds five years. For courses to count toward both degrees, they must be common to both approved programs. A maximum of 21 semester hours approved by the program chair/director may be used from the first degree to meet requirements for the second degree. A new “culminating activity” must be a part of a second-degree program.

**Adding a Concentration after a Master’s Degree Has Been Granted:** A concentration may be added after a La Verne master’s degree has been granted, subject to the program chairperson’s approval. If approved, the concentration will be added to the transcript only; a new diploma will not be issued. The concentration that is to be added must be listed in the current University of La Verne catalog as being an approved concentration for the degree previously granted to the student.
Students who wish to add a concentration, must submit the formal Application for the Addition of a Concentration to a Completed La Verne Master's Degree to Graduate Academic Services or the student's regional campus. La Verne coursework completed within five years preceding the date of application may be applied to the concentration. A student has three years from the date of application to complete all concentration requirements. A grade of B (3.0) or better is required for each course applied to the concentration with a minimum cumulative concentration GPA of 3.0. Financial aid funds are not available to students pursuing a concentration after a degree has been posted.

ACADEMIC INFORMATION

Academic Communication
The University student portal is called MyLaVerne. MyLaVerne provides student access to the University’s official Course Catalog, course schedules for every term, and student information. MyLaVerne can be accessed from the University’s homepage at laverne.edu or the La Verne Portal at myportal.laverne.edu. Registration, grade reporting, online request for transcripts, and course evaluation are all accomplished through MyLaVerne. Students can also access and accept their financial aid award information, check account balance and make payments to their account through MyLaVerne. For information on MyLaVerne see https://laverne.edu/registrar/faq/mylaverne/.

All enrolled students are provided a University of La Verne email address and network username. This provides students access to their MyLaVerne secured account and campus portal. Students should not share their La Verne network, MyLaVerne, or email information/password with anyone at any time.

All official communication between the University and students is conducted electronically and sent to the students’ La Verne e-mail address (@laverne.edu). Students are expected to open and check their campus email on a regular basis. We expect students to read, respond and archive all official correspondence from
the University. Students are responsible for all information communicated via their (@laverne.edu) e-mail address. Students using other e-mail addresses should have mail forwarded from the La Verne e-mail address so that official messages are not missed.

Students should also use their La Verne email address to communicate with university officials. Communication with University employees and faculty in regards to any academic or financial information will not normally be replied to if the student does not use their La Verne email address. This is to protect the privacy of student information.

Matriculation Policy
In order to be governed by this catalog, students who apply for admission must enroll in courses within one year of their term of admission.

Graduate students who possess a bachelor’s degree and who wish to enroll in graduate courses may enroll in no more than six semester hours without filing a formal application. However, if students wish to enter a graduate degree program or seek institutional recommendation for a credential from the University, they must submit a formal application and complete the admission process. The University cannot be held responsible for the degree applicability of courses which may be selected by a student who has not been officially admitted and assigned a program counselor. A student is eligible to enroll in no more than 12 semester hours prior to being admitted to a program. Several programs restrict this limit to 6 semester hours. Psy.D. students must be fully admitted before beginning their program. Assessment fees up to $50 for each unit accepted beyond the program minimum requirement may be charged for violations of this policy.

Two-Year Plus Leave of Absence Policy
- Graduate students are required to complete all requirements for the master’s degree within five years from the first course completed at their time of admission.
- Matriculated students who have not been enrolled at La Verne for two years will be classified as inactive and will not be eligible to register for additional courses and must reapply to the program.

Master’s students who do not complete their degree requirements within this time limit have the option to appeal for an extension of time to their Program Chair/Director and the Graduate Appeals Committee. If the appeal is not granted, the student may reapply to the program.

Students who have been dismissed from La Verne for ethical or behavioral reasons will not be readmitted.

Transfer Credit: All students must request transfer credit for courses previously completed at La Verne or another college or university at the time of application or during the semester/term of their admission. Students receiving Veterans Administration (VA) funding are eligible to receive transfer credit for previously
completed courses only if they make their request during the semester/term of their admission. The following conditions must exist for transfer credit to be approved:

1. The course must have been taken within the last five years at a regionally accredited university or college and after the student had received a bachelor’s degree.

2. The course must be acceptable into an appropriate graduate degree program at the institution where it was taken.

3. A grade of B (3.0) or better must have been earned in the course. (A grade of B- is not acceptable).

4. The course must be sufficiently related to the student’s degree program at the University of La Verne as determined by the Program Chair/Director.

5. There is a limit of six semester hours which may be transferred into 30-35 semester hour degree programs. A limit of 12 semester hours may be transferred into a master’s program requiring 36 to 59 semester hours. Master’s degree programs which require 60+ units may transfer in a maximum of 25% of the program total. Doctoral programs may transfer in a maximum of 12 units. (A quarter hour counts as two thirds of a semester hour).

Graduate students matriculated into a certificate program may transfer up to six semester hours of elective credit toward completion of the certificate. Requests to have transfer credit applied to the certificate must be submitted to the Department/Program Chair through the student’s advisor. The Department/Program Chair will evaluate the transfer credit using the same criteria for accepting transfer credits into a degree program and notify the Graduate Office or the Regional and Online Campuses Office to post the approved transfer credit to the student’s transcript.

6. Courses taken through the military may be transferred into a University of La Verne graduate program, consistent with the guidelines above. The number of graduate transfer credits allowed is subject to the guidelines established by the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services.

7. Only courses which are accepted for transfer into a degree program are added to the student’s University of La Verne transcript.

8. The University of La Verne reserves the right to refuse transfer credit or limit the credits accepted toward any of its degree programs from accredited institutions, including those accredited by regional accreditation associations, if these credits are attributed to courses that do not meet the University of La Verne’s academic standards.

**Academic Advising**
The University of La Verne values academic advising as an important part of the unique La Verne Experience.

La Verne campus graduate students are advised by the faculty program chair/director or professional advisors for their respective programs. Graduate students seeking academic advising should contact the appropriate academic department.

Registration for special courses such as independent studies and directed studies are permitted for graduate students through 60% of the session or semester. A late fee will be assessed beginning the 8th workday of a session or semester. All special courses need to be processed in person.

**Late Registration/Adds:** Students must have permission of the instructor of the class to appeal for late entry into a class. Students cannot assume an instructor will allow entry to a class if they do not attend the first class meeting. Students may obtain an ADD/DROP FORM with the faculty member’s signature authorizing late registration and submit it to Graduate Academic Services (on-campus) or Regional Campus (off-campus) up through 60% of the session or semester. After 60% of the session or semester all late registrations/adds must be processed by appeal with fee.

**Cross-Enrollment Policy:** Master’s degree students are admitted into programs either with semester (16 weeks) schedules or with term (10 week) schedules. They may not cross-enroll concurrently in term and semester courses. Students who wish to switch between a term and semester program need approval from the Program Chair, Registrar and Financial Aid, if applicable. Doctoral students may cross enroll in term and semester courses as long as they maintain full-time enrollment as designated for their primary degree program. College of Law students may only cross enroll during the summer or with special approval of the College of Law Dean. Psy.D. students may only enroll in semester based courses.

**Academic Success Center:** The ASC provides support programs for graduate students in the areas of advanced writing and statistical consultation, academic success workshops, a virtual learning community, and mentoring.

**Graduate Course Load:** To be considered full-time, a graduate student in the 16-week semester plan must enroll in a minimum of nine semester hours each semester. To be considered half-time, a student must enroll in a minimum of five semester hours each semester. Some programs may limit the maximum number of hours per semester. Please refer to a specific degree page in this catalog for program requirements.

For graduate students enrolled in accelerated 10-week terms, six semester hours constitute full-time status; three semester hours constitute half-time status.

To be considered a full time student when enrolled in less than the required number of semester hours, a student must be “currently enrolled” in all courses necessary to complete his/her/their degree, and be making normal academic progress. However, this may not qualify the student for financial aid eligibility or loan deferments.
For graduate students enrolled in the Master of Science Physician Assistant Program, all students are full-time. Physician Assistant Program students must complete seven terms. Each term is a 15-week trimester, with a two-week break between each term. Students must be currently enrolled in all courses required each term to complete their degree, and be making satisfactory academic progress.*

**Graduate Course Overloads:**
Graduate students requesting to enroll in more than the number of semester hours specified for full-time enrollment must have approval by the Director of their Regional Campus or Program Chair/Director two weeks prior to registration week. Approvals are based on extenuating circumstances.

*Units required for the MSPA vary per term (ranging from 10 units to 22 units). Please refer to the Physician Assistant Program page in this catalog for program requirements.

**Leave of Absence (LOA):**
A graduate student in good academic standing may request a leave of absence (LOA) from their program for military service, personal, medical, or financial reasons. If a semester or term is in session, there is no need to file an LOA if a student intends to resume his or her studies the following semester or term.

Documentation for the request should be attached to the Leave of Absence form. Graduate students should initiate the process with their respective Program Director. If the LOA is approved, the student should then obtain signatures from their academic advisor or designated academic dean, Offices of the Registrar, Student Accounts, and Financial Aid.

The time limitation for graduate students to complete their degree shall be extended by the duration of the approved leave of absence. A LOA does not defer a student’s loan obligations. Graduate students who have been granted a LOA may be absent for up to four semesters or eight terms (depending on whether program is semester
or term based) without reapplying for admission. Some programs have more restrictive policies regarding the duration of a LOA and students in those programs should consult with the Program Director prior to taking a leave. Leaves of Absence for military deployment have no time limit and students may return at any time.

A LOA becomes effective prior to the start of a semester or term. Students on a leave of absence may not receive any services from the university including, but not limited to, library access or dissertation/thesis mentoring.

Students are required to keep the University informed about plans to return. Otherwise, they will be considered withdrawn after the approved time has expired, except in cases related to military training or deployment.

**Normal Academic Progress:** Graduate students are considered to be making normal academic progress when a cumulative GPA of 3.0 or higher is maintained. Full and part-time graduate students making normal academic progress must complete their degrees within the limits specified under Time Limitation in the Graduation Requirements—Graduate Programs section of this catalog. To maintain financial aid eligibility, students may have to meet additional requirements as described in the Financial Aid section of this catalog. Students receiving veterans benefits who fail to maintain the 3.0 cumulative GPA required for graduation in three consecutive semesters will have their benefits interrupted, and the VA office will be notified.

**Academic Probation:** Academic probation is a serious warning to the student that his/her scholastic record is unsatisfactory. Continued failure to improve this record will result in academic disqualification. Students on probation may also have restrictions imposed by the Dean or program chair/director regarding their programs of study. A graduate student whose cumulative institutional GPA falls below 3.0 will be placed on academic probation with an appropriate notation made on the transcript.

For term students, academic standing is determined after every term. For semester students, academic standing is calculated after the fall, spring, and summer semesters. Grades submitted at a later date will not result in an academic standing adjustment of previous academic standing, but may impact future academic standing.

Graduate students on academic probation must obtain a GPA of 3.0 or above for each semester until their cumulative institutional GPA reaches 3.0. Graduate students will remain on academic probation until their cumulative institutional GPA rises to 3.0 or better. Graduate students will not be eligible for Advanced Standing or enrollment in the culminating activity until academic probation is removed. After reaching the cumulative institutional 3.0 GPA, graduate students must maintain that average as a minimum until they complete their degree program.

Academic probation is distinct from financial aid probation, which is covered in the Financial Aid section of this catalog.

**Academic Disqualification:** Graduate students on academic probation who fail to earn a 3.0 GPA in any semester will be academically disqualified. Disqualified
students are not allowed to return as an enrolled student. La Verne Main Campus and ROC graduate students may appeal to their Academic Dean for reinstatement. Extenuating circumstances will be reviewed on a case by case basis.

**Alternative Instructional Modes**

**Directed Study:** A directed study is an approved catalog course taught independently. Courses may be taken by directed study only if the course is not scheduled during the session/semester and only with the instructor's and the department chair or program director's prior approval. Directed study courses may only be taken by matriculated students in good standing. Directed study forms are available from the Registrar and [laverne.edu/registrar/](http://laverne.edu/registrar/). The forms must be signed by the instructor and the department/program chairperson before they are submitted with the registration form to the Registrar. Graduate students may register for them through the end of the “special course” registration period; ROC students may register until the last day to withdraw from a course.

**Independent Study:** An independent study course is a course initiated and written by a student that deals with material available only to matriculated students in good standing at the University of La Verne. Graduate students may register for them through the end of the “special course” registration period; ROC graduate students may register until the last day to withdraw from a course. Independent studies can be approved as 599 (master's level) or 699 (doctoral level) courses for a maximum of four semester hours each. The forms must be signed by the instructor and the department/program chairperson before they are submitted with the registration form to the Registrar.

**Course Challenge:** In some instances, matriculated students, who believe they can successfully demonstrate the competencies of a course without attendance, may request to challenge some courses for credit. However, some graduate programs do not accept course challenges. Students can view the MyLaVerne course catalog to determine if a course is challengeable.

The student may see a list of course goals and objectives prior to challenging the course. A complete list of steps to challenge a course can be found on the Office of the Registrar website. If the student demonstrates the competencies required for successful completion of the course, the number and title of the course will be placed on the transcript with a grade of credit. If the student does not demonstrate the competencies, nothing is recorded on the transcript. A student may only challenge a course once. If a student fails a course challenge, he or she may receive credit for the course only by enrolling in the course for credit. A student may not challenge any course in which he/she has received tutoring from a La Verne instructor, was formerly enrolled, or has audited formally or informally.

**Auditing:** Some courses may be audited with the permission of the instructor as long as seats are available. Some graduate programs do not permit auditing. Students pay one-half the regular tuition. Students do not receive semester hours nor meet any University requirements. Audited courses will appear on a student’s transcript with a grade of Audit. The normal registration deadlines apply, and changes from audit to grade status (or grade to audit status) follows the same
policy for the last day to register/add a class for a semester or term class. Registration must be finalized before the end of the seventh workday of in any semester/term or the end of the third day of classes during January Interterm.

General Information on Courses

Course Catalog: University of La Verne courses are presented with course descriptions and full details at MyLaVerne online accessible from laverne.edu. A complete course catalog is available at laverne.edu/catalog/.

Course Numbering System:
- **Alpha Code**
  - **Precollege** - not applicable to bachelor’s degree program
  - **001-099** Activity and survey courses — lower division applicable to bachelor’s degree programs
  - **100-199** Elementary and survey courses — lower division applicable to bachelor’s degree programs
  - **200-299** Intermediate courses and courses — introductory to a discipline applicable to bachelor’s degree programs
  - **300-399** Advanced level, upper division courses — applicable to bachelor’s degree programs
  - **400-499** Advanced level, upper division courses — applicable to bachelor’s degree programs or introductory graduate level courses applicable to advanced degree programs and credential programs
  - **500-699** Graduate level courses — applicable to advanced degree programs and credential programs
  - **700-799** Graduate level, non-degree, professional development courses — not to be used for degree credit

University of La Verne courses can be designated by three digits or by three digits and a letter. The common letters used in course designations are A, B, C, and D with sequences, F with field work, G with selected graduate courses, L with laboratories, P with practicums, S with seminars, and W with workshops. Other letters have been used as needed to provide course numbers and do not have significance in defining the courses.

Course Value: All University of La Verne courses are offered on a semester hour basis. The semester hour value of each course is listed in parenthesis after the course title in the Programs section of this catalog. The standard value for graduate courses is 3 semester hours.

Final Examinations: The University Registrar publishes final exam schedules each semester. Students have a right to sit for no more than two final exams in one day. In cases where a student has more than two final exams scheduled on the same day, faculty will accommodate students.

  a. Students are individually responsible to work directly with their instructor(s) to request alternative exam arrangements as soon as possible. Unreasonable requests for accommodations such as, but not limited to, last minute requests except in illness or emergencies, may be denied by the instructor(s).
b. When three final exams are scheduled back-to-back on a single day, or students experience documented and verified illness or emergency, students may wish to speak with their instructors. Instructors may collaborate with individual students to reschedule final exams on a date that is mutually agreeable. The rescheduled exam must be made with enough time to allow the instructor to meet the deadline for grade submission.

c. Students and/or instructors who are unable to reach agreement for reasonable requests for accommodations may appeal to the department chair or academic dean of the school or college by the end of the withdrawal period. Appeals will be handled on a case-by-case basis.

d. The instructor must make arrangements with the Academic Success Center (ASC) and notify the student if proctored testing is necessary. Students are expected to follow-up with the ASC to make arrangements for testing and to inquire about specific policies or procedures associated with proctored exams.

e. Final exams for “term” students are given on the last class session.

**Grading Policy:** The grading policy for graduate students is based on the assumption that the grade for acceptable and satisfactory performance in graduate study is B (3.0). This implies that graduate students must perform at an above-average level, compared to undergraduate standards, in order to progress satisfactorily in graduate programs. It also means that anything below a C is a failing grade (NCR/F). Psy.D. students may not earn a grade below B-.

Designates an unofficial withdrawal from a course. Last date of attendance is required.

- **CRD:** Excluded from GPA (see below)
  - Equivalent to B (3.0) work or better
- **NCR:** Excluded from GPA (see below)
  - Equivalent to B- work or poorer
- **WNC:** Excluded from GPA (see below)
  - Designates an unofficial withdrawal from a course registered as a CRD/NCR grade option.

Faculty are prohibited from withholding grades for non-completion of course evaluations. Further, faculty shall not attempt to influence students’ course evaluations through any means. Faculty may engage in motivational strategies such as expressing to students the importance of the student voice in course
change and/or allowing class time to complete course evaluations. Student evaluations of courses are anonymous.

**Credit/No Credit (CRD/NCR) Grade Option:** Courses taken for CRD/NCR do not affect a student’s GPA. Certain courses, designated “CRD/NCR only” in the MyLaVerne course descriptions, may only be taken CRD/NCR. Graduate students must take challenge exams and competency exams as CRD/NCR, but they must register for a letter grade in every other course if they are in a credential or degree program unless the course is offered “CRD/NCR only” in the MyLaVerne course descriptions.

**Incomplete Grades (INC):** Incomplete grades are authorized only when a) it is impossible for the student to complete the course because of illness or other justifiable extenuating cause and b) the student has successfully completed all coursework up to the last day to withdraw in the semester or term.

Students must initiate a request for an Incomplete, and if able complete the Incomplete Contract available on MyLaVerne. The contract can be found on the Student Record menu. The contract must be submitted prior to the last day of the term. The contract will be reviewed by the instructor at the time of grade submission. The instructor can amend the contract, list outstanding course requirements, and approve or deny the request for an Incomplete.

By requesting an INC, the student agrees to complete the coursework specified on the contract. It is the student’s responsibility to check their MyLaVerne account to view the status of the incomplete contract. The student works independently under the guidance of an instructor who must approve the student’s comprehensive written plan and timeline before the student can begin.

Students who receive an INC must submit all final coursework by the dates as specified below. (Note: Faculty can designate an earlier date to require all coursework to be submitted. This date is specified on the Incomplete Contract.)

**Term students** (Terms are defined as 10 weeks in length) must submit all final coursework/assignments as follows:

**Semester students** (Semesters are defined as 16 weeks or greater and the 4 week inter-term) must submit all final coursework/assignments as follows:

**In Progress Grades (IP):** In Progress grades are reserved for directed studies, independent studies, field work courses, and graduate culminating activities wherein the contract at the time of registration specifies a date of completion that is beyond the end of the term of registration. The intent of the IP policy is to provide for individualized study which, in its inception, requires more than the normal session or semester to complete. Students who receive IP grades are considered to be maintaining satisfactory academic progress for financial aid purposes. An IP grade will automatically be converted to a failing grade of NCR or F, if not cleared within one year following the term of registration. Students who receive a grade of (IP) must submit all final coursework/assignments by the dates as specified below.
(Note: Faculty can designate an earlier date to require all coursework to be submitted. This date is specified on the Directed Study Contract or Independent Study Contract.)

Term students (Terms are defined as 10 weeks in length) must submit all final coursework/assignments as follows:

Semester students (Semesters are defined as 16 weeks or greater and the 4 week interterm) must submit all final coursework/assignments as follows:

**Final Grades:** Grades submitted to the Registrar by the instructor of record are final and official. By policy a final grade is based on the instructor’s evaluation of course work completed as of the contractual end of the course. Final grades may not be changed as the result of the submission of additional work or the repeating of examinations after the contractual conclusion of the course for the purpose of improving the final grade. The Registrar is authorized to accept an adjusted grade only when all of the following conditions are met:

1. The student applies to the instructor for a reevaluation within four weeks after the student grade is available through MyLaVerne;
2. The instructor concludes by reevaluation that the original grade issued was in error based on the work completed at the time that the original grade was issued; and
3. The revised grade is officially reported by the instructor to the Registrar as a result of reevaluation within a reasonable time after the grade report was made available on MyLaVerne.

A student may elect to repeat a La Verne course for the purpose of improving a grade if repeated at La Verne. The student must enroll in the same La Verne course and is expected to repeat it in its entirety. When a course is repeated, the original course, grade, and semester hours remain on the transcript, but are appropriately marked and are no longer part of the student’s GPA or applicable toward credit for graduation. Only the grade and semester hours of the repeated course are counted. Notification of final grades for each course is made through each student’s MyLaVerne account. A student who has a hold on his or her account must clear the hold to view final grades.

**Appeals of Final Grades.** A student who feels that an incorrect grade has been given must consult with the instructor first and must make this appeal within four weeks after grades are issued. A student dissatisfied with the instructor’s response may appeal to the program chair and department chair. Subsequently, an appeal may be made to the appropriate college Dean and finally to the Provost. Questions of subject matter will usually be handled by the department. Charges of injustice due to prejudice or capricious action may require the attention of the Dean.

**Official Cumulative Record/Transcript:** The Registrar maintains each student’s official record which includes a complete academic history. All courses attempted at
La Verne are listed on the official transcript. In addition to the official transcript, official records are maintained which establish the last day of attendance for courses in which a withdrawal occurred. The official transcript will only be released upon the written consent of the student in compliance with federal and state policies. Students can view their official cumulative record on their MyLaVerne account. Students should periodically review their record to track their progress towards degree completion. Official printed/electronic copies of transcripts can be requested through the National Student Clearinghouse. The link to request copies is located in the student portal. There is a fee for this service. Questions regarding your official transcript should be directed to the Office of the Registrar or to your Regional Campus Director.

Submission of Coursework from other Colleges:
All active students enrolled in coursework at another college or university while in attendance at the University of La Verne, are required to submit “official” transcripts from the transferring institution within 45 calendar days after the ending date of each semester/term. Transferring coursework must be articulated on a term by term basis in order to accurately update the student’s academic record and degree completion plan.

Application for Graduation

All master’s students must submit an Application for Graduation along with the published fee. Graduate students must file their Application for Graduation when they apply for Advanced Standing. This application provides the Registrar with the information needed to prepare the diploma and to include the student’s name in the list of graduates. Doctoral students submit their application for graduation and must accompany paperwork for oral defense.

A graduation fee is required of all students. This fee covers the costs associated with the completion of a degree program. Upon submission of the Application for Graduation and associated fees, the Office of the Registrar or Graduate Academic Services will complete an official degree audit to assess the student’s progress toward degree completion. Students who have not submitted an application for graduation are not eligible for degree posting and will not be reviewed for degree completion or commencement.

Diplomas: The actual completion date of a student’s degree will be noted on the official transcript. The diploma, however, will carry one of the following dates, whichever comes first after degree completion—May 31, August 31, or January 31. For graduate students, the specific title of the degree with the concentration will appear on the diploma.
REQUIREMENTS

GRADUATE PROGRAMS

Specific requirements for each graduate degree and credential program offered by the University of La Verne are contained in the Graduate Programs section of this catalog; policies for second master’s degrees are described in the Graduate Admissions section. To qualify for a degree or credential or certificate, a student must have a cumulative GPA of 3.0 or above for all University La Verne course work required for the degree or credential or certificate. Athletic Training – M. S.

Program Director: Megan Granquist

The Masters of Science in Athletic Training (MSAT) prepares students to become certified athletic trainers who are compassionate global citizens and leaders from diverse backgrounds and who possess the skills necessary to be competent, ethical, collaborative, and accomplished healthcare providers. This degree program was designed in response to the decision by the Commission on Accreditation of Athletic Training Education (CAATE), the Board of Certification (BOC), and the National Athletic Trainers’ Association (NATA) to transition all undergraduate athletic training degrees to entry-level master’s degree as a requirement for certification eligibility. The MSAT prepares students for the BOC examination by addressing the required educational standards through a challenging curriculum that integrates didactic knowledge and clinical application.

Grounded in evidence-based practice, the first year focuses on critical knowledge and skills grouped by body areas (e.g., fall semester is lower extremity, spring semester is upper extremity and head/spine) and the second year focuses on patient care. Students’ final semester includes the new CAATE mandated ‘immersive’ experience where students have a minimum of 4 weeks full-time (i.e., no in-class meetings) at a clinical site. The curriculum also intentionally reflects our University’s and Program’s values of diversity and inclusivity.

The MSAT is a cohort-model program beginning in the fall of each year. The program is delivered over two academic years (Fall-January-Spring-Summer-Fall-Spring). The MSAT is a rigorous and intense program. The Technical Standards establish the essential qualities considered necessary for admitted students to achieve the knowledge, skills, and competencies of an entry-level athletic trainer and meet the expectations of the CAATE. All students must meet the Technical Standards to be admitted to and continue within the MSAT. In the event a student is unable to fulfill the Technical Standards, with or without reasonable accommodation, they will not be admitted to or retained in the MSAT.

Marriage and Family Therapy – M. S.
Program Length Part-Time: 4.5 Years
Program Length Full-Time: 3 Years

Program Chair: Leticia Arellano-Morales
Fieldwork Coordinator: Yesim Keskin

Program Overview
The MS in Marriage and Family Therapy (MFT) specialization prepares students for careers as licensed marriage and family therapists. The primary mission of the program is to prepare masters students to become multiculturally competent professionals in the specialty of marriage and family therapy. Principles of diversity and multiculturalism are infused throughout the curriculum to meet the psychological needs of families, couples, and children in a changing society. The MFT curriculum combines theoretical training with practical experiences to prepare students for professional counseling careers, emphasizing the best practices of the Recovery Model. General systems theory provides the theoretical foundation
for the MFT program, and students are exposed to a range of theoretical orientations that reflect a systems perspective. In California, completion of this program fulfills all of the academic requirements of the Board of Behavioral Science (BBS) for licensure in California as a Marriage and Family Therapist, as well as the academic requirements for California Community College counseling and instructor positions. The program also meets statutory requirements for the Licensed Professional Clinical Counselors (LPCC) license. Those planning to apply for the LPCC, in addition to the degree plan of classes, must complete a three-unit course in Career Counseling.

**Statement on Diversity and Nondiscrimination**
The MFT program embraces diversity within its various forms. The program welcomes students, faculty, and staff from diverse ethnic, cultural, religious, sexual orientation, age, and ability backgrounds. The program is committed to creating and maintaining a positive educational experience and affirmation of all aspects of human diversity.

The MFT program is committed to providing equal access and opportunity for all members of the University community in a safe and non-discriminatory learning, living, and working environment. In accordance with the requirements and prohibitions of Title IX of the Education Amendments of 1972 (“Title IX”), Titles VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and other federal and California laws, the program (and University) does not discriminate on the basis of race, color, religion, national origin, ethnic origin, ancestry, citizenship, sex (including pregnancy, childbirth, or related medical conditions), sexual orientation, gender (including gender identity and expression), marital status, age, physical or mental disability, medical condition, genetic characteristics, military and veteran status, or any other characteristic or status protected by applicable law as to the admission or enrollment of any student, or its educational programs and activities; the employment of any member of the faculty or staff; the selection and treatment of volunteers or unpaid interns; or to the election of any officer or trustee of the University.

**Admission Requirements:**
The graduate psychology programs participate in a Centralized Application Service (PSYCAS). Applications are accepted beginning in September each year. All MFT applicants must have their applications completed by March 1st to be considered for admission in the fall.

1) Completed PSYCAS application.

2) A bachelor’s degree with the following three courses: general psychology, abnormal psychology, and psychological research methods/experimental psychology. The undergraduate course work will
be evaluated on an individual basis for its currency and appropriateness for the graduate program. In exceptional circumstances, applicants missing select courses may be admitted with stipulations, at the program’s discretion.

3) An overall undergraduate GPA of 3.0. Applicants with a GPA below 3.0 may be considered with additional requirements.

4) Completion of a 3-page statement of purpose and a 3-page autobiography.

5) A current résumé.

6) Three letters of recommendation from professors and colleagues who are familiar with the applicant’s academic and professional abilities, potential, and appropriateness for the counseling profession. At least one letter should be from a professor.

7) Applicants are strongly encouraged to have at least one year of volunteer or paid experience working with families, children, couples, or individuals.

8) An on-campus interview.

9) Completion of an academic assessment exam. With the program chair’s permission, a student may be eligible to enroll in up to six semester hours of graduate coursework prior to being admitted into the MFT program.

Professionalism
MFT students’ professional conduct and attitude should reflect an understanding of professional ethics codes, such as those set forth by the American Association for Marriage and Family Therapy (AAMFT) and the California Association of Marriage and Family Therapists (CAMFT). The MFT program is a professional training program. Therefore, students are expected to consistently demonstrate professional behavior; this is counted toward participation grades in each course.

This includes but is not limited to:
- Timeliness: Timely completion of assignments and arriving to class before it begins.
- Respectful interactions with students and faculty
- Proactive engagement in the learning process and assignments
- Being organized and well-prepared
- Managing paperwork and technology effectively
- Managing personal crises effectively
- Managing personal information (own and others’) appropriately

Participation and Attendance. This program requires regular and prompt attendance to each class meeting. Students are also required to participate in classroom exercises and discussions. Students with more than one excused absence or any non-excused absence will receive a reduction in their course grade; the percent deduction will be determined by the reason
for absence and the student’s manifested responsibility regarding the absence.

*Classroom Conduct, Behavior Standards, and Ethics.* Professionals in the field of counseling are governed by a number of ethical principles. Students in the MFT program are expected to follow such principles. Students are continuously evaluated for consideration of their personal suitability for the field and professional development. Classroom conduct, behavioral standards, and ethical behavior will be considered in this evaluation. Failure to display appropriate behaviors in each of these areas may result in dismissal from the program.

*Note:* Serious problems with professional conduct will increase the weight of the participation grade in any required course up to 100%; students in this situation may be withheld or removed from the program due to serious conduct concerns.

**Dismissal from Program**
Students may be dismissed from the program under several circumstances including, but not limited to: academic dishonesty, academic disqualification, failure of program activities measuring student competencies, unethical or unprofessional conduct, circumstances interfering with training, well-being of others, or felony conviction. Students dismissed from the program may not apply for readmission.

**Academic Progress**
The program adheres to the grading policies stated in the current University of La Verne catalog. It should be noted that grades of B- or better are required for successful completion of the MFT program. Students earning grades lower than B- will be required to retake these classes if they are required for the MFT degree. In addition, students must maintain a cumulative GPA of 3.0 in order to maintain normal academic progress and good standing in the program. Students who fail to maintain a 3.0 GPA will be placed on academic probation for the following semester. Failure to maintain a 3.0 GPA for two consecutive semesters will result in dismissal from the program.

**Time Limitation**
All requirements for the master's degree are to be completed within five years from the time of first course registration post admission for the MFT program at the University of La Verne. Appeals for extension of time limitations must be made in writing to the Graduate Appeals Committee.

**Program Candidacy**
All students are admitted into the program under a pre-candidacy status. After the completion of PSY 512, 516, 517, and 527, all students become eligible for candidacy status and are evaluated by the following criteria: GPA of 3.0 or above, a passing score on the Competency Examination (PSY
595), and demonstrated personal suitability for the counseling profession. Occasionally, students may receive provisional candidacy status in which certain conditions must be completed before qualifying for candidacy status. In some instances, students may be denied candidacy and also discontinued from the program. All students must receive candidacy status in order to complete the program.

During their coursework in the program, students are continuously evaluated for demonstrated suitability to the program and the counseling profession. Occasionally, discontinuation of a student from the program may occur, even after the conferring of candidacy status. If a student’s personal or professional behavior does not continue to meet minimum professional and/or academic standards, the student will be dismissed from the program.

**Personal Psychotherapy**
The program believes that students entering the counseling profession benefit professionally, personally, and academically from experiencing personal psychotherapy, and believes that psychotherapy is a necessary training experience for counseling professionals. Therefore, all students enrolled in the MFT program are required to complete a minimum of 10 hours of personal psychotherapy during their year of fieldwork placement (PSY 580 & 581). Students should design a treatment plan for program approval with their fieldwork instructor. Students must complete 5 (five) hours of personal therapy by the end of PSY 580 to earn academic credit for that class and must complete all 10 (ten) required hours by the end of PSY 581 in order to receive credit for that course. The therapy may include individual, couple, family, or group therapy, depending on the individual student’s issues and preferences.

**Competency Exam**
The Competency Exam (PSY 595) is a program requirement that must be completed in order to be eligible to begin the fieldwork experience. For students in the MFT program, the exam is based upon specific course content, and occurs after successful completion of PSY 512, 516, 517, and 527. The exam is scheduled in June each year. All conditions of admission must be completed, and students must make satisfactory progress in the program, in order to sit for the exam. Students should complete the competency exam after all graduate level pre-requisites are completed but prior to the start of the 30th semester hour. Exceptions to this policy must be approved by the Program Chair in writing.

**Advanced Standing**
Students must receive Advanced Standing in order to enroll in Graduate Seminar (PSY 596), the culminating activity for students in the MFT program. Students are eligible to apply for Advanced Standing upon completion of 43 semester hours. In order to apply for Advance Standing, students must complete all stipulations of admission, successfully pass the
competency exam, be in Good Standing, and attain a minimum GPA of 3.0 for all work applicable in the degree program. To apply for Advanced Standing, students must submit an application for Advanced Standing with the approval of their academic advisor/program chair along with an Application for Graduation (with graduation fee) to the Office of Graduate Academic Services. Approval for Advanced Standing can take 2-3 weeks to complete.

**Leave of Absence**
Students are expected to participate in coursework each semester until degree completion. Students who find it necessary to interrupt their studies and desire to return should contact the Program Chair to request a leave of absence. With a Leave of Absence, a student may be absent from the University of La Verne for no more than two semesters without reapplying for admission. Students absent during a Fall or Spring semester without an approved Leave of Absence will be considered withdrawn.

**Total Program: 61 semester hours**

The **Psy.D. Program Policies and Procedures Handbook** is designed to orient and guide students admitted to the Psy.D. Program in Clinical Psychology through their educational journey at the University of La Verne. It contains information regarding the policies and procedures that govern both administrative and academic matters. Where appropriate, students may be referred to additional documents for further information on program policies and procedures. The **Psy.D. Program Policies and Procedures Handbook** applies to all students active in the program (i.e. to all students whose Psy.D. degree has not posted). Clarification of matters contained in this handbook may be obtained from the Program Chair/Director of Clinical Training (PC/DCT). Psy.D. students should note that the policies outlined in the **Program Policies and Procedures Handbook** may be more stringent than the policies contained in the university catalog. Psy.D. students are expected to abide by the policies outlined in the **Psy.D. Program Policies and Procedures Handbook** and will be held accountable to them.

**Statement on Diversity and Nondiscrimination**

The program welcomes students, faculty, and staff from diverse ethnic, cultural, religious, sexual orientation, age, and ability backgrounds. The program is committed to creating and maintaining a positive training climate that (a) allows for open inquiry, free expression, and effective conflict resolution, and (b) promotes the understanding and affirmation of all aspects of human diversity.

The Psy.D. program is committed to providing equal access and opportunity for all members of the University community in a safe and non-discriminatory learning, living, and working environment. In accordance with the requirements and prohibitions of Title IX of the Education Amendments of 1972 ("Title IX"), Titles VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and other federal and California laws, the program (and University) does not discriminate on the basis of race, color, religion, national origin, ethnic origin, ancestry, citizenship, sex (including pregnancy, childbirth, or related medical conditions), sexual orientation, gender (including gender identity and expression), marital status, age, physical or mental disability, medical condition, genetic characteristics, military and veteran status, or any other characteristic or status protected by applicable law as to the admission or enrollment of any student, or its educational programs and activities; the employment of any member of the faculty or staff; the selection and treatment of volunteers or unpaid interns; or to the election of any officer or trustee of the University.

**Mission, Philosophy, Principles, and Aims**

The University of La Verne’s APA accredited Psy.D. program prepares students for careers as licensed psychologists. The primary mission of the program is to prepare doctoral students to become multiculturally competent professionals in the specialty of clinical psychology.

The program’s philosophy is that clinical practice is based on the scientific foundations of psychology and that the science of psychology is informed by effective clinical practice. Consistent with this view, our program emphasizes systematic training in research and practice and students develop competencies in clinical and research domains. The curriculum is designed to prepare clinicians who can critically evaluate empirical research pertinent to the practice of clinical psychology and who can incorporate this information into their professional practice.

The program is guided by an overarching set of principles designed to: (a) integrate theory, research, and practice; (b) infuse multicultural issues throughout; (c) provide a sequential, cumulative, and graded in complexity experience that enhances coherency and depth; (d) encourage active collaboration among students and foster cooperative classroom and program environments; and (e) meet NCSPP core professional competencies.

The Psy.D. program has established the following aims:

**Aim 1: Knowledge and Integration.** Produce graduates who are knowledgeable of, skilled in applying, and able to integrate among: the theoretical and scientific foundations of the discipline of psychology; the core foundations of professional psychology; and multicultural clinical psychology.
Aim 2: Practice Application. Produce graduates who are skilled in the foundational and functional competencies associated with the practice of clinical psychology.

Aim 3: Research Application. Produce graduates who are knowledgeable about and skilled in the principles of psychological research and can utilize and integrate such knowledge with clinical practice.

**Discipline-Specific Knowledge and Profession-Wide Competencies**

Consistent with standard II B1 of the American Psychological Association’s *Standards of Accreditation*, the Psy.D. program is designed to ensure that students have attained the necessary **discipline-specific knowledge** that provides a foundation for the practice of health service psychology, including the following graduate-level competencies:

**Competency 1:** Students will demonstrate comprehensive understanding of the history and systems of psychology including the origins and development of major ideas in the discipline of psychology.

**Admissions requirements and procedures**
The graduate psychology programs participate in a Centralized Application Service (PSYCAS). The program welcomes applicants from diverse ethnic, cultural, religious, sexual orientation, age, and ability backgrounds.

Applications are accepted beginning in September each year. All Psy.D. applicants must have their applications completed by December 15th to be considered for admission to the following fall.
1. Completed PSYCAS application.

2. Official undergraduate transcripts from a regionally-accredited institution. An undergraduate major in psychology or closely related major is required. Coursework must include: introductory/general psychology, statistics, experimental psychology/research methods, and abnormal psychology; and two of the following courses: history and systems of psychology, social psychology, theories of personality, human development/developmental psychology, clinical psychology, physiological psychology/biopsychology, multicultural psychology, psychological testing/psychometrics, cognitive psychology, learning/memory, or sensation and perception.

A minimum overall undergraduate GPA of 3.10 is required. A Master’s degree is not required for admission and a Master’s GPA may not be substituted for a deficient undergraduate GPA.

3. International students must submit proof of proficiency in the English language via a satisfactory total TOEFL score. The minimum required TOEFL total score for the 3 versions of the TOEFL are: 600 (paper-based version), 250 (computer-based version), and 100 (internet-based version). International students must also provide proof of financial sponsorship and financial statements.

4. Official test scores for the Graduate Record Examination (GRE) General test (Verbal, Quantitative, and Analytical Writing). The minimum required GRE scores are 295 (Verbal and Quantitative combined) and 3.5 (Analytical Writing). Scores must be recent (no older than 5 years).

5. Three letters of recommendation from individuals familiar with the applicant’s academic preparation, fieldwork, employment, or volunteer experience. All three letters must be from individuals who are qualified to objectively assess the applicant’s ability to succeed in doctoral-level study and potential to function competently as a professional clinical psychologist.

6. A current curriculum vita.

7. A statement of professional goals and aspirations (double spaced, 1000 words maximum) is also required. The statement should address the applicant’s interest in our program; their compatibility with the research interests of the Psy.D. faculty; their goals for training; and their future aspirations.

Following receipt and review of application materials, an on-campus interview is required for those being considered for admission. Interviews are held in February. Students are notified of their admission status by the middle of March, and are given until April 15th to respond. Prior to enrolling in the fall, admitted students must provide an official transcript indicating their undergraduate degree has been completed. Admission may not be deferred. Only admitted students may take courses in the program.

**Students with disabilities**
Students with disabilities, who need reasonable modifications, special assistance, or accommodations in the program, should direct their request to the PC/DCT at the time of the program orientation. Students must register with the Services for Students with Disabilities office and provide documentation of their disability to receive services. If a student with a disability feels that modifications, special assistance, or accommodations offered by the program are insufficient, that student should seek the assistance of the Services for Students with Disabilities office.

**Student self-disclosure while in program**

The American Psychological Association (APA) Code of Ethics states:

*7.04 Student Disclosure of Personal Information*

Psychologists do not require students or supervisees to disclose personal information in course- or program-related activities, either orally or in writing, regarding sexual history, history of abuse and neglect, psychological treatment, and relationships with parents, peers, and spouses or significant others except if, (1) the program or training facility has clearly identified this requirement in its admissions and program materials or (2) the information is necessary to evaluate or obtain assistance for students whose personal problems could reasonably be judged to be preventing them from performing their training- or professionally-related activities in a competent manner or posing a threat to the students or others.

Several courses in the program (such as but not limited to: practicum courses, the multicultural competency sequence, group therapy, and supervision) require students to explore their world view as it affects their work with clients. Because of the effect that students’ personal experiences and perspectives might have on their work with clients, these courses often include experiential activities such as self-disclosure, group process, role plays, and exploration of personal issues as they affect the therapeutic relationship.

**Program requirements and progression through program**

Students are continuously evaluated on their professional, ethical, and legal conduct while in the program. Several activities measure students’ competency while in the program including: course grades, practicum performance, completion of peer supervision requirement, completion of the personal psychotherapy requirement, performance on the clinical competency exam, progression and performance on the dissertation, and performance during the pre-doctoral internship. In addition, students are evaluated on their professional development including participation in extracurricular activities, and on their ability to engage in self-reflection and evaluation.

**Transfer credit for previous graduate work**

Students who have completed previous graduate work at another university may request transfer credit for this work. Request for transfer of academic credit and coursework will be reviewed by the PC/DCT on a case-by-case basis for currency and academic applicability. Only courses completed within 5 years from date of admission into the Psy.D. program, at a regionally accredited university, with a grade of B (3.0) or better may be considered for transfer. The maximum number of transfer credits is 12 semester hours. Transfer credit may reduce course load during various semesters of the program but does not shorten residency requirements nor the number of years required to complete the program. Practicum, internship, statistics, research methods, and dissertation units are non-transferable.
and are not accepted for transfer credit. Students requesting transfer credit for previous graduate work must submit official transcripts and copies of relevant syllabi to the PC/DCT for formal review by November 1st of their first semester in the program. Requests for transfer credit past that date will not be honored. The PC/DCT, in consultation with relevant course instructors, decides whether or not to award transfer credit.

Grading policies
The Psy.D. program uses the following grades in evaluation of students’ performance (A, A-, B+, B, B-, and F) or (Credit, No Credit). The minimal passing grade for all letter grade courses is B-. The minimal passing grade for all Credit/No Credit courses is “Credit.” A final grade lower than a B- in a letter grade course or “No Credit” in a CR/NCR course is evaluated as failing the course and the course must be re-taken for course credit to be obtained. Psy.D. students may retake a course for course credit only once. Any student failing any course in the program twice will be dismissed from the program.

Masters of Psychology
Students may apply for a M.S. in Psychology at the completion of their second year of the Psy.D. program. This degree is intended only as an en route degree toward completion of the Psy.D. and is not a terminal master’s degree. Students must be in good academic standing at time of application and have successfully completed their first two years of required coursework. Courses required during the first two years of the program are identified below. Completion of PSY 660: Competency Exam is not required for advancement to the master’s degree. Those students awarded the degree may participate in the Winter Commencement during their third year. For more information on applying for the Masters of Psychology, please see the Psy.D. Program Policies and Procedures Handbook.

Advancement to Doctoral Candidacy
Students are admitted into the Psy.D. program as pre-candidates. To be advanced for doctoral candidacy, pre-candidates must, at a minimum (a) complete their first 3 years of coursework, (b) complete a minimum of 1,500 clinical practicum hours, (c) pass PSY 660: Competency Exam, and (d) complete PSY 662: Dissertation Proposal Defense. Evaluation for doctoral candidacy occurs after completion of both PSY 660 and PSY 662. All students must earn candidacy status in order to complete the program. Students must be advanced to candidacy before they can apply for internship. Once candidacy is granted, students are permitted to use the title “Doctoral Candidate” or “Psy.D. Candidate.” Students are prohibited from using these titles before then and should instead refer to themselves as a “Doctoral Student,” or “Psy.D. Student.” Dismissal of a student may occur even after the conferring of candidacy and passing the Competency Exam if the student does not meet the dissertation competency and/or internship competency, or if the student’s personal or professional behavior does not continue to meet required standards for the profession.

Continuous enrollment
Students must be continuously enrolled in the program until their degree is completed. The program distinguishes between two types of continuous enrollment: Dissertation Continuance and Program Continuance. Details concerning continuous
enrollment are presented in the *Psy.D. Program Policies and Procedures Handbook*.

**Degree completion time limit**
While students are expected to complete their Psy.D. requirements and graduate in five years from the date of matriculation, all requirements for the doctoral degree must be completed within 8 years from the start of the student's first course in the Psy.D. program.

**Dismissal from program**
Students may be dismissed from the program under several circumstances including, but not limited to: academic dishonesty, academic disqualification, failure to maintain minimum academic standards, failure of program activities measuring student competencies, failure to maintain satisfactory academic progress, unethical or unprofessional conduct, circumstances interfering with training, well-being of others, or felony conviction. Students dismissed from the program may not apply for readmission.

**Licensure**
Courses in the Psy.D. curriculum are consistent with educational requirements for licensure in California. Because licensure requirements vary among states, students interested in practicing outside of California are encouraged to consult the licensing boards in the states where they intend to practice.

**Degree Length and Residency Requirements**
The Psy.D. program is designed to be completed in five years. The program consists of a total of 120 semester hours (SH). The program requires all students to be enrolled on a full-time basis for four years of coursework. Students complete a one-year, full-time predoctoral internship in their fifth year. The internship must be completed before the doctoral degree is granted.

Physician Assistant Program – M.S.

Program Director: Ann Schultz
Medical Director: James Lally
Regular Faculty: Monique Williams, Brianna Cardenas, Wayne Dewri, Dan Williams

The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation-Provisional status to the University of La Verne Physician Assistant Program sponsored by the University of La Verne.

Accreditation-Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program’s ability to meet the ARC-PA Standards or when a program holding Accreditation-Provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students.

Accreditation-Provisional does not ensure any subsequent accreditation status. It is limited to no more than five years from matriculation of the first class.

A physician assistant (PA) is a medical professional who is a collaborative member of a health care team. All PAs practice medicine with delegated physician autonomy and supervision.

The Physician Assistant Program requires 27 consecutive months of full time academic and clinical coursework. The program trains and educates students to become health care providers who perform physical examinations, diagnose and treat illness, order and interpret laboratory and radiological tests, perform clinical procedures, assist in surgical cases, provide patient education and counseling and “round” in hospital and nursing home settings. All states and the District of Columbia allow PAs to practice, prescribe, transmit and administer prescription medications. Graduates from the program will be eligible to sit for the Physician Assistant National Certifying Exam (PANCE) and apply for state licensure to practice medicine.
upon passing the board examination as physician assistant. Students must apply to the program and be admitted prior to registering for all courses. No audits and observation of program courses in any portion of the curriculum will be permitted without written consent of the program director or designee.

**Admission requirements:**

Admission to the PA Program is competitive and multifaceted. The screening of applicants consists of prerequisite coursework, minimal overall and science GPA, and a graduate application, references, a personal statement, shadowing hours, and an in-person panel interview. There is a minimum TOEFL (if English is your second language) criteria.

The Physician Assistant Program will begin accepting applications every April. All applicants must submit their applications through Centralized Application Service for Physician Assistants (CASPA) and must have their applications completed and verified by October 1 to be considered for the Fall cohort.

Accreditation standards require that admission criteria into a PA program are established by the PA Program faculty; they also include the Technical Standards for Admission developed by the PA accrediting agency, the Accreditation Review Commission on Education for the Physician Assistant. Listed below are the admission criteria required for entry into the program.

- Completion of a bachelor’s degree from a regionally accredited university must be completed at time of application.
- Cumulative science pre-requisite GPA minimum 3.0 on a 4.0 scale.
- Overall Cumulative GPA minimum 3.0 on a 4.0 scale.

Technical Standards

The candidate for the PA program must possess ability, aptitude and skills in the following areas as established by the PA profession: observation, communication, motor, intellectual, behavioral and social.

1. **Observation:** The candidate must be able to observe demonstrations and experiments in the basic sciences, visual presentations in lectures and laboratories, laboratory evidence and microbiologic cultures, microscopic studies of microorganisms, and tissues in normal and pathologic states. A candidate should be able to observe a patient accurately and completely at a distance and close at hand. Observation necessitates the functional use of the sense of vision and somatic sensation and is enhanced by a sense of smell.
2. **Communication:** A candidate should be able to speak, to hear, and to observe patients in order to elicit information, perceive non-verbal communication, describe changes in mood, activity and posture. A candidate should be able to communicate effectively and sensitively with patients. Communication includes not only speech but reading and writing. Communication in oral and written form with the health care team must be effective and efficient.

3. **Motor:** Candidates should have sufficient motor function to elicit information from patients through palpation, auscultation, percussion and other diagnostic maneuvers. A candidate should be able to carry out basic laboratory tests (urinalysis, CBC, wet mount, gram stain, etc.) carry out diagnostic and therapeutic procedures (phlebotomy, venipuncture, placement of catheters and tubes), and read ECG’s and X-rays. A candidate should have the motor functions sufficient to execute motor movements reasonably required to provide general care and emergency treatment for patients. Examples of emergency treatment reasonably required of a physician assistant are cardiopulmonary resuscitation, the administration of intravenous medications, the application of pressure to arrest bleeding, the opening of obstructed airways, the suturing of simple wounds and the performance of simple obstetrical maneuvers. Such skills require coordination of both gross and fine muscular movements, equilibrium, and functional use of the senses of touch and vision.

4. **Intellectual:** Conceptual, Integrative and Quantitative Abilities: These abilities include measurement, calculation, reasoning, analysis and synthesis. Problem solving, the critical skill demanded of PA’s requires all these abilities. The candidate must also be able to comprehend three dimensional relationships and to understand the spatial relationships of structures.

5. **Behavioral and Social Attributes:** A candidate should possess the emotional health required for full utilization of his/her intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities attendant to the diagnosis and care of patients, and the development of mature, sensitive and effective relationships with patients. Candidates should be able to tolerate physically taxing workloads, and to function effectively under stress. They should be able to adapt to changing environments, to display flexibility and to learn to function in the face of uncertainty inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest and motivation are all personal qualities that are assessed during the Admission and education processes.
• Three letters of recommendation assessing the applicant’s ability to be a physician assistant. One must be from a practicing PA or physician (MD or DO). Letter must not be older than 1 year prior to the application year.
• Minimum 20 observational/shadowing experience hours completed and documented on the program shadowing verification form by a licensed and practicing physician assistant. Observational experiences must be arranged by the student. The PA program will not arrange nor recommend clinical sites or facilities for observation. Any updates to this policy due to COVID-19 will be published online.
• Personal statement: 5000 characters or less, with a minimum 10 font describing your personal goals on becoming a physician assistant.
• Interview: A portion of qualified selected applicants will be invited to a panel interview on the Main Campus.
• Successful completion of Background Check.

Academic Progress
Standards of acceptable performance (cognitive and psychomotor) for courses are communicated to students in writing via the syllabus and orally reviewed at the introduction of the course. A student must achieve and maintain the required 3.00 semester Grade Point Average (GPA) to remain in good academic standing and graduate from the Physician Assistant Program. The required GPA is intended to promote academic excellence and clinical competence. Performance in didactic (pre-clinical) courses is commonly assessed by written exams, oral presentations and/or research papers, direct observation, and final written exams. In designated courses, psychomotor performance may be assessed by skill competency exams and small group exercises. Grades “A or B” represent passing and satisfactory. Any grade of “C” or below is not meeting program academic standards.

Student Conduct
The PA student is required to abide by academic, clinical and professional behavior policies as described in the PA Student Handbook and the University of La Verne academic policies found in the catalog. In some instances, the PA Student Handbook delineates and defines policy used in the PA program. Should a student (pre-clinical or clinical year) be arrested or convicted of a crime prior to the time he/she is prepared to enter the profession, that criminal record may have further implications for the student’s eligibility to practice. Students should immediately notify the program director if arrested or convicted of a crime. Students should be aware of state and federal or professional restrictions barring the practice of individuals with criminal records.

Advanced Standing
The University of La Verne PA Program does not give advanced standing to any applicant admitted to the PA program. No advanced placement or
transfer credit may be applied toward fulfilling the physician assistant program curriculum regardless of previous foreign, domestic, graduate or undergraduate coursework. No pre-clinical or clinical phase courses will be waived and no transfer credit for any previous coursework will be permitted even though it may be similar or identical to coursework in the PA Program. All courses in the curriculum are designated as required and must be completed by every student enrolled in the program.

**Leave of Absence Policy**
A Leave of Absence (LOA) is a student-initiated withdrawal from all Program activities for a specific and defined period of time. Students must be in satisfactory academic standing to request a leave of absence. Students may find it necessary to interrupt their studies due to multiple variables. It is expected that all students participate in coursework as sequenced in the program. Under extraordinary circumstance, the Program may mandate that a student suspend all student activities for a specific period of time such as an infectious disease or illness, or allegations of academic or professional misconduct. Should a student require taking a temporary leave of absence, the request must be presented in writing to the Program Director or designee. Only one leave of absence will be granted during the student’s tenure in the program. Leave may not be more than 2 trimesters. Students missing any coursework during a leave of absence will be required to fulfill all course work requirements with a minimum grade of “B” and with an overall GPA of 3.0 on a 4.0 scale or better before advancing in the program.

**Graduates of the University of La Verne**
The PA Program will guarantee an interview to graduates with a degree from the University of La Verne who meet the admission criteria and have applied to the program.

An interview does not imply nor guarantee admission to the program.

**Leadership and Management — M.S.**

Program Length: 3 Years

**Program Director:** Kathy Duncan

This program emphasizes the human dimensions of management. It is applicable where skills in change management, leadership, and group dynamics are demanded for professional effectiveness. Following entry into the program, students must successfully complete teaching methodology courses and fieldwork. Candidates then must be accepted for student teaching, which includes 15 weeks of in-classroom training. Finally, candidates complete core coursework for the master’s degree in an area of specialty of their choice, followed by a culminating project or paper structured to help improve their instructional and leadership abilities.

The multiple and single subject credential coursework addresses teaching strategies for all students in California schools. Integrated throughout the program are methodologies to deliver comprehensive instruction to English learners and to work with special populations in the general education classroom. This replaces the program formerly known as the CLAD credential.

TEACHER EDUCATION PROGRAMS

Program Length: 2 Years

Program Chair: Betina Hsieh

Earning a multiple or single subject credential takes several steps. Following entry into La Verne’s teacher education program, students must successfully complete teaching methodology courses and fieldwork. Candidates then must be accepted for student teaching, which includes courses as well as 15 weeks of in-classroom training, completed in two segments.

The multiple and single subject credential teacher preparation programs address teaching strategies for all students in California schools. Integrated throughout the programs are methodologies to deliver comprehensive instruction to English learners and to work with special populations in the general education classroom. This replaces the program formerly known as the CLAD credential.

Early Childhood Special Education: Added Authorization
Program Length: 1 semester – 1 year

The Early Childhood Special Education Added Authorization is a 12 unit, 3 course program. Students seeking a California Early Childhood Special Education Added Authorization must have a current Special Education credential, preliminary or clear. This authorization is added to the current special education credential and allows the education specialist to teach children with special needs birth through 5 years of age, including early intervention and special education preschool settings.

The courses are online, and project/competency based. Once students are admitted to the program, students register for the courses in either the Fall or Spring semesters, and complete the courses asynchronously and independently. There is fieldwork assigned with each course. Students may register for all three courses in one semester, or take the three courses in two semesters. Once all the competencies for a course have been successfully completed, the student may begin the next course, if the student has registered for the course. Grades are awarded at the end of each semester. If registering for the program over two or more semesters, the first course is SPED 555.

The Early Childhood Special Education courses are also available for those interested in taking the course sequence for professional development or as electives in a Special Education Master degree program. These students are not eligible for the Added Authorization until after earning a Preliminary Education Specialist credential. Out-of-state students will not be eligible for the California Added Authorization.

Total Program: 54 semester hours
The Ed.D. program is delivered through a blended delivery of on-site in person practicums and virtual coursework. Students attend, in person, on-site practicums twice per semester. The annual calendar of practicums is available from the program office. The balance of the credit hours and assignments are delivered virtually (e.g., webinars, asynchronous work, etc). In addition, students participate in a learning group in their geographical area. The program requires a time commitment of three years with 3 courses each semester (9 units), two organizational leadership courses and one research course per semester.

The organizational leadership sequence is 12 courses over three years that may be taken for credit/no credit or for a grade. Each course integrates leadership theory, skill development, and practice in the field. Examples of content include leadership theory, change, coaching, communication, diversity, innovation, systems thinking, and teamwork. The research sequence is 6 courses over three years. Four courses provide students with a foundation in qualitative and quantitative research. Students complete these four research courses sequentially during the first two years. The remaining 2 research courses are completed during the dissertation process in the third year. There is an eight-year time limit to complete all aspects of the dissertation from proposal to final reviews.

The clinic provides pro bono representation to immigrants seeking asylum or alternative forms of humanitarian relief in the United States due to political, religious, and other human rights persecution. Asylum can lead to permanent residency and U.S. citizenship. The Justice and Immigration Clinic has represented refugees from a variety of countries. The clinic provides students with many opportunities to build lawyering skills by giving personal feedback, as well as having students engage in peer review and self-evaluation.

For more information about the Justice and Immigration Clinic, please contact Associate Dean Gomez at (909) 460-2033 or pgomez@laverne.edu. You may also visit: https://law.laverne.edu/academics/.

The goals of the La Verne Law externship program are to enhance the student’s understanding of the practice of law, inspire dedication to the needs of individual clients, and to value the promotion of justice carried out with integrity and civility. Student experiences may include research, conducting factual investigations and discovery, interviewing clients, counseling clients, drafting pleadings, assisting clients in preparing their pleadings, mediating a dispute, preparing an order or a memo of law for the judge or negotiating a resolution to a dispute. For more information, go to: https://law.laverne.edu/academics/

**Career Services.** The Career Development Office offers career counseling, resume/cover letter review, job/externship search assistance, mock interviews, and workshops. In addition, career guidebooks are available in the Career Resource Center.

**LICENSING AND BAR PREPARATION**

**Bar Registration.** Statutory requirements for Admission to the Practice of Law in the State of California are set forth in California Business and Professions Code Section 6060. The Committee of Bar Examiners of the State Bar of California examines all applicants for admission to the practice of law in this state and administers the requirements for admission to practice. The Committee certifies to
the California Supreme Court admission to practice only those persons who fulfill
the requirements for admission set forth in the Business and Professions Code and
the Rules published by the Committee.

Those persons who, upon graduation from law school, seek admission to practice
in California must register with the Committee of Bar Examiners within three months
after beginning their law studies. Registration forms are available at:
https://www.calbar.ca.gov/Admissions/Requirements.

Students are responsible for insuring that these forms are properly completed and
filed in a timely manner. Students who wish to practice in states other than
California are cautioned to make their own investigations into the rules for
admission to practice in those states. Registration at the commencement of law
school studies often is required.

Students starting their legal education at the La Verne College of Law in the fall
2020 or subsequently will be admitted and enrolled in a program of study
independently accredited and approved by the Committee of Bar Examiners for the
State Bar of California. Such students will not be enrolled nor graduate from a
program approved and accredited by the American Bar Association. Such students
are hereby informed that graduation from the La Verne College of Law may not
qualify them to take the bar examination or be admitted to practice law in
jurisdictions other than California. A student who intends to seek admission to
practice outside of California should contact the admitting authority in that
jurisdiction for information regarding its education and admissions requirements.

**Center for Academic & Bar Readiness**
La Verne Law’s Center for Academic and Bar Readiness provides general
counseling for students who want to maximize their educational experience and
learning outcomes for law school and the bar exam. The Center’s staff maintains
flexible weekly office hours and will schedule appointments upon request outside of
office hours. The Center has an open-door policy and students are encouraged to
take advantage of the resources available to them as early and as often as
possible.

**Multistate Professional Responsibility Exam (MPRE) Preparation Course**
The National Conference of Bar Examiners conducts the Multistate Professional
Responsibility Exam (MPRE) annually in March, August and November. The CABR
administers a free MPRE preparation program that begins approximately three
weeks before each MPRE exam to help students prepare for the exam.

**Bar Exam Review.** In order to be licensed to practice law, each student must pass
a state bar exam. The Bar Exam Strategic Training (BEST) Program is a
complimentary program for COL graduates that provides comprehensive and
targeted assistance after graduation, during the bar exam review period. This
customized program is not a stand-alone bar review course but works in tandem
with BARBRI to provide our graduates with the best opportunity to perform well on
the California Bar Exam. For more information, go to: https://law.laverne.edu/
COURSE OF STUDY

Full-Time Division
The course of study in the full-time division requires three academic years of study in residence. In the full-time program, students should expect to devote most of their time to the study of law. The curriculum usually includes five days of class time per week, 14-15 units per semester for a total of 88 units.

A typical three-year course of study would be as follows:

1L - Foundational Year
The Foundational (First) Year curriculum consists of the following four two-semester core courses: Contracts, Property, Civil Procedure, and Torts. In the first semester, students are also required to take a one-semester Writing course; and in the second semester, students are required to take a one-semester Criminal law course.

Additionally, in the spring semester, students participate in a Court Observation Week in a small group facilitated by a faculty adviser. During that week, all first year students observe various stages of courtroom litigation. Students have an opportunity to discuss the litigation with attorneys and judges, and engage in reflective activities regarding the experience.

2L - Experiential Learning Year
During the second year students are exposed to experiential learning opportunities with a focus on both litigation and transactional skills. Each semester consists of multiple courses with designated hours for credit which are graded independently. Adjunct professors who are judges and practicing attorneys teach coordinated components of the semester experience. They also review the students’ participation in mock trial and mock negotiation sessions. Additionally, the Experiential Learning year incorporates academic success skills and legal writing.

3L - Enhancement Year
The Enhancement Year allows students to enhance their learning and expand their horizons by taking courses covering areas of personal interest as well as gaining valuable experience from clinics, externships, and other possibilities. It also incorporates a rigorous writing, academic success, and bar preparation curriculum. Collectively, the Enhancement Year serves to transition students from academic readiness to bar readiness, allowing them to build on what they have learned, become ready to pass the bar exam and enter the legal profession.

Part-Time Division
To accommodate the needs of working adults or others who cannot devote themselves to the full-time study of law, La Verne Law offers part-time day and evening programs. The part-time programs require four academic years of study. To complete the part-time programs within four years requires part-time students to enroll and study during the summer. In the part-time programs (Day or Evening), students complete 8-11 units per semester, typically attending class 3 times a week. Students may be required to attend class 4 times a week in some
semesters, as well as may be required to attend Saturday classes). While the part-time program substantively mirrors the full-time program in terms of its required courses, experiential learning opportunities, and available electives, students should expect curricular adjustments with regard to timing and scheduling of the part-time programs.

FACULTY AND ADMINISTRATION

Basic directory information on all University faculty and staff is available in the Staff and Faculty Directory at: laverne.edu/directory/

ACADEMIC DEFINITIONS

**Academic Standing:** The academic standing of the student is based on their scholastic achievement each semester. The student’s semester GPA and cumulative GPA determines their Academic Standing. Good Standing, Academic Warning, Academic Probation, and Disqualification are the academic standing designations that are printed on the student’s academic record at the end of each semester/term. See catalog.

**Accreditation:** The process whereby a nationally recognized agency or organization grants public recognition to a unit of an educational organization indicating that it meets established standards of quality.

**Admissions:** The formal process by which a student is given acceptance to enroll in a specified degree/program/credential. Decision to admit a student is based on criteria listed in the university catalog.

**Advanced Standing:** A required process for all graduate students to declare their intent for degree completion. To declare their intent, a student must submit a completed Application for Advanced Standing Form and the Application for Graduation to the Office of Graduate Academic Services or Regional Campus. The forms, along with the students’ academic records are reviewed. Students will be notified of their advanced standing status. Students who obtain advanced standing status qualify to enroll for their culminating degree requirements. See catalog for Advanced Standing specific requirements.

**Approved Catalog Course:** Course approved by the sponsoring College Curriculum Committee and/or College Dean.

**Articulation:** The process of reviewing coursework from other institutions for the sole purpose of transferring the coursework to the University of La Verne. The
articulation of transfer credit is based on policies and procedures approved by the University of La Verne Faculty.

**Audit:** Enrollment in a course for information only. Student does not earn credit for the course. Can only receive a grade of “AUD”. Regular attendance in the class is customary without other participation required.

**Campus of the Course:** The designation on the Schedule of Courses where a course is being taught. The university is a multi-campus institution with locations throughout California and on-line.

**Campus of the Student:** The campus of the student is the location to which the student is admitted. The university is a multi-campus institution with locations throughout California and on-line. The campus where the student is admitted maintains the student academic file and has responsibility for academic advising.

**Certificate:** Formal acknowledgement that a student has completed a prescribed curriculum of courses leading to a certificate or similar non-degree award. Certificates can be created for all student levels (Undergraduate, Graduate, Doctoral, Law, Professional Development). Students are not required to be admitted to a certificate. Students admitted to a degree program can complete a certificate concurrently.

**Certificates Issued by the University of La Verne:** A prescribed curriculum of courses developed by the faculty of the university to recognize successful completion or authenticate a student has obtained a body of knowledge in a particular area.

**Certificates issued outside of the University of La Verne:** A prescribed curriculum of courses following mandates by an outside agency to recognize successful completion or authenticate a student has obtained a body of knowledge in a particular area.

**Challenge Exam:** An exam taken by the student to demonstrate competency in a course for semester hour credit.

**Class Standing:** A standard systematic approach to identify undergraduate student’s progress into one of the 4 class standing levels:
- Freshman – 0 to 27
- Sophomore – 28 to 59
- Junior – 60 to 91
- Senior – 92 to 128 and above

**Concentration in a Major:** Courses approved by the major department within the major with a particular area of interest or focus. A concentration in the major requires 12 - 20 upper division semester hours. The concentration is printed on the transcript and on the diploma. Included in the 40 SH minimum required for the major.

**Core Requirements for a Major:** Courses required by the major department to be completed by all students who have declared this major. Core requirements cannot
be waived. Major advisor can approve a substitution. Included in the 40 SH minimum required for the major.

**Course Level:** A course is assigned to a level relative to the intended complexity of the course outcomes or the expected level of student competencies. The course content is the primary determining factor in assigning a course level. Within course level there are discipline categories: Pre-College, Lower Division, Upper Division, Graduate/Doctoral Division, Professional Development Division.

**Course Numbering:** A systematic approach to assigning the appropriate number and degree level of a course. The course number reflects the expected outcomes and the degree of difficulty. Once a subject prefix and number have been assigned to a course it cannot be re-used.

**Course Substitutions:** The substitution of a required course with an alternative course(s) that meets the same outcomes. Note: substitution of a required course that has fewer semester hours or is not at the same course level does not reduce the number of semester hours required to meet degree requirements, including upper division requirements. Reductions in the catalog stated minimum must have departmental approval. University minimum requirement as stated in the catalog must always be upheld.

**Course Waivers:** Course outcomes can be met through a nontraditional course mode. For example, students can test out of a subject (CLEP/DANTES) or demonstrate competency through certification. Note: Waiving a required course does not reduce the credits required for degree requirements; rather it will increase the number of electives required. Reductions in the catalog stated minimum must have departmental approval. University minimum requirement as stated in the catalog must always be upheld.

**Credential:** Recognition by an outside agency that an individual can practice or engage in a specified field/service. The outside agency recognizes the individual has completed or attained a pre-determined qualification which results in permission to practice or engage in an approved service. **Emphasis in a Major:** Courses approved by the major department with a particular area of interest or focus. An emphasis can be completed with 11 Semester hours or less. These courses can be included in the electives for the major. Courses must be completed with a grade of C- or better. Not printed on the transcript or diploma.
